About The College

Tabor College, a four-year Christian liberal arts institution, is interested in men and women who are academically prepared and qualified to do college work, and are willing to become involved in the type of community life offered at Tabor College.

Tabor College is committed to helping students develop a decidedly Christian world view and lifestyle by providing a high-quality liberal arts and professional/career education in a Christian context. The core of Tabor's Christ-centered education is Jesus' command to love God and neighbor.

Tabor College educates students by integrating faith, learning, and living in a decidedly Christian environment. Students are expected to attend classes regularly and become involved in campus life. Tabor encourages students to seek knowledge, to develop leadership skills, and to strive for academic success. Our goal is to graduate students who are professionally competent and who will provide leadership in the Church and world.

Tabor College desires to create an atmosphere of personal concern and respect for others' needs. Tabor has established certain lifestyle guidelines of behavior which reflect our moral and Christian commitment, consistent with what the Mennonite Brethren Church understands to be biblical. These guidelines include abstention from immoral behavior and use of harmful substances, including alcohol, tobacco, and drugs. These are detailed in the "Student Life" section of the academic catalog and are part of the "Lifestyle Commitment" signed by all students prior to coming to campus. Students are encouraged to govern their own conduct and must accept responsibility for their behavior. Tabor's intent is to provide the framework for students to live within a community of learners and followers of Christ.

I have read the above statements and believe I can contribute to the academic and Christian community Tabor offers.
