ABOUT THE COLLEGE

MISSION

Preparing people for a life of learning, work, and service for Christ and his kingdom.

VISION STATEMENT

Tabor College's vision is to be the college of choice for students who seek a life-transforming, academically excellent, globally relevant, and decidedly Christian education.

CORE VALUES

The core values that influence the mission and vision of Tabor College include a commitment to being Christ-centered in all aspects of life, a passion for learning, the promotion of service to others, and meaningful involvement in college and community activities.

Christ-centered: The primary value of Tabor College is its desire to be a Christ-centered institution. All activities and programs flow out of this value and are evaluated in reference to it. The Mennonite Brethren Confession of Faith provides the biblical and theological foundation for the institution.

Learning: The purpose of Tabor is to promote learning. Tabor recognizes that learning occurs in informal settings as well as in the classroom and organized field experiences. Our goal is to develop broadly educated students who are competent and who embrace the joy of learning, which will last a lifetime.

Service: Service is at the heart of Christ-centered education. We emphasize the value of caring for others in all that we do.

Involvement: We believe that being engaged increases learning. Participation, both in the formal classroom and outside of it, is an effective way to prepare students for a life of work and service.

Community: Tabor values community. It desires to be a place where individuals feel like they belong, where there is a sense of mutual support, and where members hold each other accountable.

COMMITMENTS

Tabor is...a Christian College

Tabor is more than just a "church-related" college. Its goal of providing a Christ-centered higher education is taken very seriously. Tabor requires that its faculty and staff be able to articulate and practice a strong faith in Jesus Christ as Savior and Lord. Tabor also integrates Christian convictions and values into its learning experiences throughout the College.

Tabor is...a Liberal Arts College

Tabor provides a Christian worldview, infusing the entire curriculum with important dimensions of meaning and purpose. A Christian perspective redeems the educational process from the moral crisis, despair, and the lack of purpose in a secular worldview.

In the liberal arts tradition, students, faculty, and staff demonstrate:

1. An understanding of the main fields of knowledge.
2. An understanding of the relationships between the fields of knowledge.
3. An understanding of value systems in order to develop the mind and character for free and mature decision making.
4. Methods of inquiry unique to the various disciplines of knowledge.
5. An understanding of the creative arts in a wide range of human experience and knowledge.
6. Independent scholarship.
7. Competency in reading, writing, speaking, and the functional use of numbers.
8. An understanding of how to care for the human body, use the environment, and use leisure time in order to maintain and improve physical and mental well-being.

Tabor is...a Community of Learners

Aided by divine grace, love, and power, a community of learners may achieve high moral standards and experience the deepest meaning and potential of human nature.

In such a community, students, faculty, and staff practice Christian virtues by demonstrating:

1. Healthy interpersonal relationships in order to be free to learn. Disengagement from people is an evasion of the educative task.
2. The ability to converse with people. Faculty serve as models for students as they think and talk through their own positions on various issues. Teachers share their own views and are willing to take a positive stance, but do not force students to subscribe to those views. The integrity of the student's perspective is respected.
3. Self-acceptance. Only persons who have come to terms with themselves are free to learn.
4. A loving and supportive attitude toward others. Because new knowledge and insights threaten a person's identity and world views, loving acceptance allows a person to learn, change, and make new and meaningful commitments that give identity and perspective.
5. Self-discipline, integrity, and responsibility. These are key ingredients of the learning process.
6. Respect for others, regardless of socioeconomic background, gender, ethnic/cultural background, racial differences, and maturity of their personal faith.

Tabor is...a Church/Career Training Center

The first calling of all Christians is to follow Christ and bear witness to their faith. Skills should be acquired to do this as effectively as possible. One's vocation or profession becomes the arena in which one lives out his or her faith.

As a part of a church/career training center, students, faculty, and staff demonstrate:

1. Skill in churchmanship, meeting the Church's need for qualified workers. This is an important reason for Tabor's existence.

2. Career skills consistent with liberal arts and Christian objectives. Tabor offers a select number of majors and professional programs to help develop technical skills and competencies required for effective service.
3. Personal compassion, dedication to honesty and integrity, sensitivity to socio-political realities, and understanding of technological developments, adaptivity to change, and ecological sanity and harmony, as evidenced through a chosen career or profession.

Tabor is...a Center for Life-long Learning

The College is a center for continuing education in central Kansas, among its alumni, in the Mennonite Brethren Church, and in the larger evangelical community.

As part of a center for continuing education, students, faculty, and staff demonstrate an understanding that:

1. Learning is a life-long process
2. Education is an enrichment of life rather than merely a prerequisite for employment

TABOR'S HISTORY AND THE MENNONITE BRETHREN CHURCH

The Mennonite Brethren denomination is part of the broader Mennonite family of Christian believers who trace their origins to Menno Simons and others in Europe during the sixteenth century. These believers were often called “Anabaptists” because they felt strongly that believers should be baptized “again,” giving witness as adults to their mature and determined commitment to Christ as Savior and Lord. They were also convinced that the new birth is into an accountable community in which believers read the Bible together to grow as disciples of Christ.

Along with these emphases, Mennonite Brethren have drawn on the mainstream of what is today called “evangelical Christianity,” characterized by personal commitment to Christ, a high view of the Bible’s authority, and the importance of proclaiming the good news of the gospel.

Among the numerous Mennonites who migrated from Russia to the Great Plains of the United States and Canada, it was the Mennonite Brethren and a similar group, the Krimmer Mennonite Brethren, who saw the need for an institution of higher education and chose Hillsboro, Kansas, for its location. On September 5, 1908, the first classes (including 39 students and three instructors) were held at Tabor College. Before that school year ended, enrollment grew to 104, with a faculty of five. On April 30, 1918, a fire tragically destroyed the building that had housed the College for its first ten years. Supporters of the College quickly joined to construct two new buildings, a dormitory-dining hall and an administration-classroom building, at a cost of more than \$130,000. The two buildings are still in use.

While Tabor College has continued to be affiliated with the Mennonite Brethren Church since the College’s inception, changes have been made in the organizational structure from time to time. The Tabor College Corporation owned and operated the College until 1934, when ownership was transferred to the Board of Trustees of the Conference of the Mennonite Brethren Church of North America. The College now operates under its own charter. Its Board of Directors is responsible to the Mennonite Brethren churches of the Central, Southern, Latin America, and North Carolina districts.

Tabor College began to offer academic programs in Wichita in 1994. The undergraduate programs include Business Administration, Christian Ministry, and Nursing. A master's degree in Business Administration was added in 2008.

DOCTRINE

Tabor College, as a ministry of the Mennonite Brethren Church, accepts the “Confession of Faith of the Mennonite Brethren Churches of the United States,” adopted in 1999. Mennonite Brethren follow evangelical Anabaptist theology, which emphasizes new birth into Christ and faithful discipleship, a mission of personal evangelism and social justice, and obedience to the Bible as interpreted within the community of faith. A full copy of the MB Confession of Faith is available online at the conference website <http://www.usmb.org/confession-of-faith---detailed-version>.
