

**Academic Catalog
2012-2013**

INVITATION TO TABOR COLLEGE

Catalogs, dreams, and plans seem to go together. As a kid, when a catalog came, I would page through it and dream about what I saw and make plans to acquire whatever captured my attention. The Tabor College Catalog is similar in nature.

On these pages you will find information that will inspire you to make plans to fulfill your vocational dreams. Degree programs, major fields of study, and course descriptions give you the content that will prepare you for your chosen vocation. Questions that you have about financial aid, degree requirements, and student life are answered. Procedures and steps that you will need to take to enroll in Tabor College are listed. All of this is to assist you as you work to make your vocational dream become a reality.

Tabor College is committed to preparing you for a life of learning, work, and service for Christ and His Kingdom. These pages are designed to help you get started on a path for your vocational goals to become a reality in your life. Enjoy the dreaming. Begin making your plans. Do not hesitate to contact us directly either by phone, email, or going to our website to find out more about how Tabor can help your vocational dreams become a reality.

With Joy,

Jules Glanzer

Tabor College President

READER'S GUIDE TO THE COLLEGE CATALOG

The catalog is one of the most important documents you will receive from Tabor. Almost everything you need to know about the College can be found within its pages. At first glance, some of the information may seem complicated, but if you spend time familiarizing yourself with the way it is organized, you should soon feel comfortable with it.

Chapters. The catalog is divided into clearly labeled chapters. The table of contents on page iii lists the beginning page of each chapter. For example, the chapter entitled “Admissions” explains how you go about applying to Tabor. Information about the lifestyle code for Tabor students is found in the chapter labeled “Student Life.”

The Index. If you are not sure in which chapter to look for specific information, refer to the index in the back of the catalog. Subjects of importance are listed in alphabetical order.

Major Requirements. The chapter entitled “Programs of Study” includes a listing of the required courses for every major or concentration offered at Tabor. The majors are arranged alphabetically, with numerous cross-references.

Course Descriptions. The chapter entitled “Program/Course Descriptions” contains the title, number, and description of all courses, arranged alphabetically by prefix.

Course Schedule. The Registrar’s Office prepares detailed course schedules before each semester, with course times, instructors, and class locations.

If you are interested, please investigate further. Ask an admissions counselor to contact you, or visit the campus. Learning to know the people – faculty and students – will help you decide if Tabor College is the place for you.

Tabor College is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools at 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604-1413, 1-800-621-7440.

Tabor College does not discriminate on the basis of race, color, gender, religion, disability, or national or ethnic origin in its administration of its educational policies, federal, state, and institutional financial aid policies, scholarship programs, loan programs, athletic programs, admissions criteria, or any other College-administered programs.

Tabor College Undergraduate Studies

ABOUT THE COLLEGE

MISSION

Preparing people for a life of learning, work and service for Christ and his kingdom.

VISION STATEMENT

Tabor College's vision is to be the college of choice for students who seek a life-transforming, academically excellent, globally relevant, and decidedly Christian education.

CORE VALUES

The core values that influence the mission and vision of Tabor College include a commitment to being Christ-centered in all aspects of life, a passion for learning, the promotion of service to others, and meaningful involvement in college and community activities.

Christ-centered: The primary value of Tabor College is its desire to be a Christ-centered institution. All activities and programs flow out of this value and are evaluated in reference to it. The Mennonite Brethren Confession of Faith provides the biblical and theological foundation for the institution.

Learning: The purpose of Tabor is to promote learning. Tabor recognizes that learning occurs in informal settings as well as in the classroom and organized field experiences. Our goal is to develop students who are broadly educated, competent, and embrace the joy of learning which will last a lifetime.

Service: Service is at the heart of Christ-centered education. We emphasize the value of caring for others in all that we do.

Involvement: We believe that being engaged increases learning. Participation, both in the formal classroom and outside of it, is an effective way to prepare students for a life of work and service.

Community: Tabor values community. It desires to be a place where individuals feel like they belong, where there is a sense of mutual support, and members hold each other accountable.

OBJECTIVES

Tabor is...A Christian College

Tabor seeks to be more than just a "church-related" college. Its goal of providing a Christ-centered higher education is taken very seriously. Tabor requires that its faculty and staff be able to articulate and practice a strong faith in Jesus Christ as Savior and Lord. Tabor also seeks to integrate Christian convictions and values into its learning experiences throughout the College.

Tabor is...A Liberal Arts College

Tabor seeks to provide a Christian worldview, infusing the entire curriculum with important dimensions of meaning and purpose. The Christian perspective redeems the educational process from the moral crisis, despair, and the lack of purpose in a secular worldview.

In the liberal arts tradition, students, faculty, and staff should demonstrate:

1. An understanding of the main fields of knowledge
2. An understanding of the relationships between the fields of knowledge
3. An understanding of value systems in order to develop the mind and character for free and mature decision making
4. Methods of inquiry unique to the various disciplines of knowledge
5. An understanding of the creative arts in a wide range of human experience and knowledge
6. Independent scholarship
7. Competency in reading, writing, speaking, and the functional use of numbers
8. An understanding of how to care for the human body, use the environment, and use leisure time in order to maintain and improve physical and mental well-being

Tabor is...A Community of Learners

Aided by divine grace, love, and power, a community of learners may achieve high moral standards and experience the deepest meaning and potential of human nature.

In such a community, students, faculty, and staff should practice Christian virtues by demonstrating:

1. Healthy interpersonal relationships in order to be free to learn. Disengagement from people is an evasion of the educative task.
2. The ability to converse with people. Faculty serve as models for students as they think and talk through their own positions on various issues. Teachers share their own views and are willing to take a positive stance, but do not force students to subscribe to those views. The integrity of the student's perspective is respected.
3. Self-acceptance. Only persons who have come to terms with themselves are free to learn.
4. A loving and supportive attitude toward others. Because new knowledge and insights threaten a person's identity and world views, loving acceptance allows a person to learn, change, and make new and meaningful commitments that give identity and perspective.
5. Self-discipline, integrity, and responsibility. These are key ingredients of the learning process.
6. Respect for others, regardless of socio-economic background, gender, ethnic/cultural background, racial differences, and maturity of their personal faith.

Tabor is...A Church/Career Training Center

The first calling of all Christians is to follow Christ and bear witness to their faith. Skills should be acquired to do this as effectively as possible. One's vocation or profession becomes the arena in which one lives out his or her faith.

As a part of a church/career training center, students, faculty, and staff should demonstrate:

1. Skill in churchmanship, meeting the Church's need for qualified workers. This is an important reason for Tabor's existence.
2. Career skills consistent with liberal arts and Christian objectives. Tabor offers a select number of majors and professional programs to help develop technical skills and competencies required for effective service.
3. How, through a chosen career or profession, a person can exhibit personal compassion, dedication to honesty and integrity, sensitivity to socio-political realities, and understanding of technological developments, adaptivity to change, and ecological sanity and harmony.

Tabor is...A Center for Lifelong Learning

The College is a center for continuing education in central Kansas, among its alumni, in the Mennonite Brethren Church, and in the larger evangelical community.

As part of a center for continuing education, students, faculty, and staff should demonstrate an understanding:

1. That learning is a life-long process
2. That education is an enrichment of life rather than merely a prerequisite for employment

TABOR'S HISTORY AND THE MENNONITE BRETHREN CHURCH

The Mennonite Brethren denomination is a part of the broader Mennonite family of Christian believers who trace their origins to Menno Simons and others in Europe in the sixteenth century. These believers were often called "Anabaptists" because they felt strongly that believers should be baptized "again," giving witness as adults to their mature and determined commitment to Christ as Savior and Lord. They were also convinced that the new birth is into an accountable community where they would read the Bible together to grow as disciples of Christ.

Along with these emphases, Mennonite Brethren have drawn on the mainstream of what is today called "evangelical Christianity," characterized by personal commitment to Christ, a high view of the Bible's authority, and the importance of proclaiming the good news of the gospel.

Among the numerous Mennonites who migrated from Russia to the Great Plains of the United States and Canada, it was the Mennonite Brethren and a similar group, the Krimmer Mennonite Brethren, who saw the need for an institution of higher education and chose Hillsboro, Kansas, for its location. On September 5, 1908, 39 students and three instructors held the first classes of Tabor College. Before that school year ended, enrollment grew to 104, with a faculty of five. On April 30, 1918, a fire tragically destroyed the building which had housed the College for its first ten years. Supporters of the College quickly joined in constructing two new buildings, a dormitory-dining hall and an administration-classroom building, at a cost of more than \$130,000. The two buildings are still in use.

While Tabor College has continued to be affiliated with the Mennonite Brethren Church since the College's inception, changes have been made in the organizational structure from time to time. The Tabor College Corporation owned and operated the College until 1934, when ownership was transferred to the Board of Trustees of the Conference of the Mennonite Brethren Church of North America. The College now operates under its own charter. Its Board of Directors is responsible to the Mennonite Brethren churches of the Central, Southern, Latin America, and North Carolina districts.

Tabor College began to offer academic programs in Wichita in 1994. The undergraduate programs include: Business Administration, Christian Ministry, and Nursing. A master's degree in Business Administration was added in 2008.

DOCTRINE

Tabor College, as a ministry of the Mennonite Brethren Church, accepts the "Confession of Faith of the Mennonite Brethren Churches of the United States" adopted in 1999. Mennonite Brethren follow evangelical Anabaptist theology, which emphasizes new birth into Christ and faithful discipleship, a mission of personal evangelism and social justice, and obedience to the Bible as interpreted within the community of faith. A full copy of the MB Confession of Faith is available online at the conference website <http://www.usmb.org/confession-of-faith---detailed-version>.

ACCREDITATION

Tabor College is accredited by the Higher Learning Commission of the North Central Association of Colleges and Secondary Schools (30 North LaSalle Street, Suite 2400, Chicago, IL 60602, Phone: 800-621-7440) and is approved to offer training under the Veterans Educational Training Program.

The College holds membership in the Associated Colleges of Central Kansas, the Kansas Collegiate Athletic Conference, the Kansas Independent College Association, the Council of Mennonite Colleges, and the Council for Christian Colleges and Universities. In addition, Tabor College holds private accreditations in Athletic Training, Education, Music, and Nursing. Students who complete the social work major are eligible to be licensed at the Licensed Bachelor of Social Work level.

OUR LOCATION

Our Hillsboro campus is located in Hillsboro, Kansas (population approximately 3,500), an agricultural area fifty miles north of Wichita, the largest city in Kansas.

In addition to Tabor College, the town of Hillsboro has a hospital, two medical clinics, a municipal park with a public swimming pool, and a golf course. Numerous educational and cultural opportunities are available in communities within a one-hour drive of Hillsboro.

TABOR HILLSBORO CAMPUS

The campus consists of 43 buildings, located on a 86.5-acre tract in the southeast part of Hillsboro. Recent projects include the construction of the Solomon L. Loewen Natural Science Center, Dakota Hall, Hiebert Hall, Loewen Hall, and Wiebe Hall (a new residence hall and townhouses), a strength training facility addition to the Campus Recreation Center, a locker room, and the Joel Wiens Stadium.

Academic Facilities. The H. W. Lohrenz Building, built in 1920, contains classrooms, administrative offices, a small theater laboratory, and a chapel. The Mary J. Regier Hall was built in 1920. It houses the Visual Art Department and a general computer lab. The Business Studies building contains classrooms, offices of business faculty, and a computer laboratory. The Wohlgemuth Music Education Center, completed in 1990, houses the Music Department. It includes a rehearsal hall, practice rooms, classrooms, a piano laboratory, large reception area, and faculty offices/studios. The Solomon L. Loewen Natural Science Center, completed in 1998, is home for the departments of Biology, Chemistry, and Physics, and includes a lecture hall and classrooms, laboratories, computer room and conference room, nature library, and greenhouse.

Library. The Library had its beginning on the lower level of the first Tabor College building, erected in 1908. Following the fire of 1918, the Library was relocated to the first level of the H.W. Lohrenz Building, formerly known as the Administration Building, completed in 1920. The present Library, constructed in 1957, was renovated and enlarged in 1984.

A newly implemented online public access catalog provides access to over 53,000 cataloged books, videotapes, CDs, films, etc. Materials not converted into electronic format are accessible through the integrated subject/author/title card catalog. Public-access computers provide web-based access to the Kansas Library Catalog (KLC), a union listing of book and periodical title holdings of Kansas, Oklahoma, and Texas libraries. Materials not owned by Tabor Library are available through Interlibrary Loan via the international Online Computer Library Center (OCLC), of which Tabor College Library is a member. Currently the Tabor Library provides access to Britannica Online, Encyclopedia Americana Online, Grolier's Multimedia Encyclopedia Online, Infotrac Web, EBSCOhost, CQ Researcher, GaleNet Literature Resource Center, SIRS Discoverer, PsycARTICLES, PsycINFO, Lexis-Nexis, and FirstSearch databases. A campus-wide computer network allows access to library computer resources from any location on campus. Off-campus users are allowed access through Tabor's proxy server.

The Library maintains approximately 150 periodical subscriptions in paper format. These periodicals are accessible through indexing in either paper or electronic indexes. The web-based periodical databases, Infotrac Web and FirstSearch, provide subject access to citations and full-text to numerous periodical titles.

The Library is intended to support a broad academic curriculum, but several subject areas of particular interest to the College and its constituency are especially represented in the collection, including Mennonite Brethren history, life and thought, peace studies, as well as materials on C. S. Lewis, Flannery O'Conner, and Madeleine L'Engle. An extensive juvenile literature collection includes Newberry, Caldecott, and William Allen White award-winning books. Some 2,000 recordings, including compact discs, as well as a large selection of cataloged scores, support the music program.

Video players, film projectors, record players, tape recorders, screens, and other audiovisual supplies are available for use. Video projectors and laptop computers are also available to faculty for multi-media classroom instruction. There is an interactive television projection room available for group presentations or classroom instruction.

Individual and group study rooms, as well as a conference room, facilitate personal study and group meetings. The Library building also houses offices and holdings for the Center for Mennonite Brethren Studies.

Athletic Facilities. Athletic facilities at Tabor include four outdoor tennis courts with floodlights, a baseball diamond, the Vernon R. Wiebe practice soccer field, an athletic complex with athletic offices and locker rooms, Joels Wiens Stadium, and Reimer Field (a curbed metric all-weather track and artificial turf football field).

The Gymnasium has a regulation size game floor which includes two cross-court playing floors and a seating capacity of 1,500 for varsity games. The Campus Recreation Center includes two basketball courts, two racquetball courts, exercise area, walking/jogging track, strength training facility, and office space.

Student Center. The Student Center includes classrooms, student offices, bookstore, lounge areas, snack bar, cafeteria, student game room, Center for Academic Development (“Branch Office”), Blue/Gold Conference Room, Student Conference Room, and the student mail room.

Residence Halls. Tabor is a residential campus. All residence halls are air-conditioned, carpeted, and furnished with a dresser, single beds, desk, chairs, and mini-blinds. Students are expected to furnish bed linens, blankets, pillows, and towels.

Hiebert, Loewen, and Wiebe Hall townhouses also provide housing for upper-class men and women. The College owns seven houses and a duplex adjacent to campus which is used for additional student housing for upperclassmen.

Lounges. The Schlichting Center, a student lounge, provides visiting areas for friends and parents of students. Kansas, Dakota, and Cedar Halls and Hiebert, Loewen, and Wiebe Hall Townhouses have coed lounges.

TABOR WICHITA CAMPUS

Tabor College School of Adult and Graduate Studies is located in the northwest portion of Wichita and is easily accessible from all directions, including Interstate 235 and Highway 96. Our facilities in Wichita feature three large classrooms with state of the art technology as well as administrative offices which house key services for adult and graduate students. Also housed in this location are offices of the District Minister for the Southern District of the Mennonite Brethren Church and of the Mennonite Brethren Missions and Services International.

Tabor College Undergraduate Studies

ADMISSIONS

ADMISSIONS

Tabor College is interested in men and women who are: 1) academically prepared and qualified to do college work, and 2) who are willing to become involved in the type of community life offered at Tabor College. Admission to Tabor College is granted to students who meet requirements set in each of these two areas. Tabor College admits students regardless of race, color, gender, handicap, national, and ethnic origin.

HOW TO APPLY

1. Applications
 - a. Application forms are available from the Enrollment Management Office. This form, along with a non-refundable \$30 application fee, should be submitted by all applicants.
 - b. Students can also apply electronically via the internet by accessing the Tabor College website: www.tabor.edu.
2. Each student is asked to respond as to his/her willingness to honor the lifestyle covenant established by the College. This is done by signing the back page of the Application for Admission.
3. Transcripts
 - a. Freshman Class Applicants. Submit an official transcript of your high school records. For acceptance purposes, this may be done as early as the first semester of the high school senior year. An official high school transcript indicating GPA, date of graduation, and rank in class or a GED certificate is required prior to enrollment.
 - b. Transfer Applicants. Submit official transcripts from each institution attended after high school and ACT/SAT scores. An official high school transcript or GED certificate may be requested to determine Title IV eligibility.
 - c. International Student Applicants. Submit official transcripts of all schools attended, as well as International Student Data sheet, TOEFL score, and certified financial resource statement. Courses completed at an institution outside of the United States require evaluation by an international evaluation agency. The cost of this evaluation will be incurred by the student and payment will be arranged in advance of the evaluation. The student should request an official international course-by-course evaluation done after submitting the transcript to Tabor, as long as the evaluating agency is acceptable to the Registrar's Office. Contact the Counselor for International Admissions for details.
 - d. New students must list and provide official credentials from all schools attended prior to entering Tabor College, including any current or planned enrollment. Failure to list colleges previously attended could result in a denial of admission or in immediate suspension from the College.
4. Tabor College requires that all freshman class applicants take either the American College Testing Program Examination (ACT) or the Scholastic Aptitude Test (SAT). The ACT is preferred. The ACT Concordance Table (August 1995) is used to convert the SAT re-centered total score to its comparable ACT score. The

College requires an official ACT/SAT score from all applicants 23 years of age or younger.

5. When an applicant has supplied the Enrollment Management Office with the above information, the applicant's file (e.g., application form, test scores, and school transcripts) is evaluated by the Enrollment Management staff and/or the Enrollment Management Committee. Students will be notified by letter of their admission standing by the Enrollment Management Office.

6. After a student has been accepted for admission, the next steps are as follows:
 - a. Complete a Student Services Information Form supplied by the College, indicating housing plans and residence hall preferences.
 - b. Submit a \$175 comprehensive deposit which serves the following purposes:
 - 1) Guarantees any written financial aid offer made to the student,
 - 2) Reserves on-campus housing in the residence halls for residential students, and
 - 3) Allows a student to participate in scheduled pre-registration days. A full refund of the deposit is available until May 1. The deposit will be returned to the student after their time at Tabor less any fines or unpaid bills.
 - c. After submitting the comprehensive deposit, the student is asked to have a medical form completed and signed by a physician. This form is supplied by the College. All new students are required to have this form completed before classes begin.

Guest Students. Students who are non-degree seeking students and who are enrolling in less than 12 hours per semester are considered guest students. To be admitted as a guest student, a completed Guest Student Enrollment Form should be submitted to the Enrollment Management Office. No high school or college transcripts are required until a guest student earns 12 hours at Tabor College. High School Students may enroll as guest students while enrolled in high school, provided they have completed 15 high school units. Approval to enroll in the desired class is required and may be granted through personal contact with the instructor of the class.

ADMISSIONS POLICIES

Academic Standards

1. Entering Freshmen

Admission will be granted to freshmen students using an ACT/GPA product formula. The ACT composite score will be multiplied by the cumulative Grade Point Average (using a four-point scale). Transcripts will be reviewed for successful completion of college preparatory courses. All admission is considered provisional until a final high school transcript is submitted.

- a. Applicants with an ACT/GPA product of 45 or above and a minimum ACT composite score of 18 (SAT score of 860 based on Critical Reading and Mathematics Composite scores) will be considered for admission to Tabor College.
- b. Annually, the Enrollment Management Committee (EMC) will determine the number of students who will be accepted on conditional status. Conditional Admittance may be granted at the discretion of the VP of Enrollment Management if a student meets the following three criteria: 1) a minimum ACT/GPA product of 38; 2) a minimum ACT composite score of 16 or a minimum SAT score of 770 (based on Critical Reading and Mathematics composite scores); 3) a minimum ACT English sub-score of 15 or a minimum SAT Critical Reading score of 410. Applicants who do not meet all three of the criteria for Conditional Admittance will not be admitted to Tabor College, unless granted an exception by the Enrollment Management Committee. For the fall semester, appeals for exceptions to the policy will be considered by the committee in two separate groups with a portion of the exceptions processed on or before June 1 and on or before July 15 each year. Any other appeals for exceptions to the policy must be endorsed by the Vice President of Enrollment Management if brought less than four weeks before the semester in which they wish to enroll. Supportive evidence for any exception will be provided to the EMC to include, but not be limited to: the complete application packet with all transcripts and testing scores, a written letter of appeal from the student, recommendation letter provided by member of the Tabor community (e.g., admissions counselor, coach or professor etc.) and at least one letter of recommendation from a non-relative of the student who can provide a reference for the applicant (e.g., high school principal, counselor, pastor, teacher, coach etc.).

2. Transfer Students

- a. Transfer students with less than 10 attempted semester credit hours shall be considered for admission under the same standards as freshmen. They shall submit ACT/SAT scores and high school transcripts.
- b. Transfer students who have attempted 10 semester hours or more will be considered for admission if they have a 2.0 GPA based on all classes attempted excluding technical credit, developmental/skills classes, remedial credit, physical education activity courses and physical education participation credits.

Additionally, the two highest grades in physical education activity/participation courses will be included in the substantial GPA. Transfer students shall submit college transcripts and ACT/SAT scores if applicable. Students who have fewer than 30 hours of transferable college credit are also required to submit high school transcripts.

- c. A transfer student under disciplinary suspension/probation/dismissal will be considered for admission when clearance and a statement of the reason for the disciplinary action is received from the previous college. An applicant granted admission under these circumstances will be subject to the Tabor College disciplinary policy.

3. GED Applicants

- a. Students with GED composite scores of 500 or more will be considered for admission to Tabor College. Students who took the GED prior to January 2000 with composite scores of 50 or more will be considered for admission to Tabor College.
- b. Students with GED composite scores between 450 and 500 will be considered for admission on academic probation. Students who took the GED prior to January 2000 with composite scores between 45 and 49 will be considered for admission on academic probation. (See the Academic Information section for clarification.)
- c. Students with GED composite scores below 450 will not be considered for admission. Students who took the GED prior to January 2000 with composite scores below 45 will not be considered for admission.

4. Entering Home-Schooled Students

Students who have been home-schooled during the final portion of their high school career will be admitted to Tabor on the satisfactory submission of the following:

- a. Outline or transcript of coursework and topics covered.
- b. ACT or SAT scores. The ACT composite or converted SAT score should be 18 or above for full admission.
- c. Upon admission, individual instructors may require a placement exam, e.g. in Mathematics and Writing.

5. International Student Applicants

International students whose first language is not English must have an English Proficiency Score of more than 525 on the paper-based TOEFL, 195 on the computer-based test and 70 on the internet-based test to be considered for admission as a full-time student. Official academic records showing that the applicant has graduated from a secondary school or its equivalent, and has successfully completed college preparatory course work, must be submitted. International students must also submit a confidential Declaration and Certification of Finances showing ability to pay for their education at Tabor College. Full financial settlement (payment of a semester in full) must be made before the international student arrives on the Tabor College campus. Class attendance and housing will be denied until this requirement is met.

6. Exceptions

- a. Students who fail to meet the above academic standards (points 1-5) may be considered for admission by the Enrollment Management Committee. Such applicants may be asked to give evidence through additional letters and/or interviews that they should receive further consideration. Students who seek admission under these exceptions must apply for admission no later than four weeks before the semester in which they wish to enroll.
- b. Students 23 years of age or older may not be required to take an ACT or SAT test.

7. Deficiencies

Applicants with a deficiency in high school preparation may be admitted with the provision that all deficiencies be removed before the beginning of the sophomore year. Deficiencies may be made up by examination, by counting college courses for high school credit, or by entering as a special student until the ability to do satisfactory college work has been demonstrated.

8. Definitions

- a. *Provisional acceptance*: An acceptance status for students who have not provided the Enrollment Management Committee with complete admissions files. Complete files include a signed application form, , final high school/college transcripts, ACT or SAT scores, and application fee. Admissions files must be completed and full admission granted within six weeks of the start of the semester. Registration for subsequent semesters will not be allowed until the file is complete.
- b. *Conditional acceptance*: An acceptance status for students who do not meet basic admissions requirements but the Enrollment Management Committee believes has the potential to succeed. Students accepted conditionally will be placed on academic probation and must abide by the following guidelines:
 - 1) limit of a course load of 12.5 credit hours per semester until they have achieved “satisfactory academic progress” as defined in the academic section of this catalog,
 - 2) weekly meetings with a mentor assigned by the Student Success Office,
 - 3) disclosure of class attendance, grades received, and hours spent studying (additional documentation may be required by mentors),
 - 4) fulfill condition of probation contract (see Student Success Office), and
 - 5) complete and receive credit for College Skills Seminar (TC 102) course.

Lifestyle Standards. Students desiring admission to Tabor College must demonstrate a willingness to live and learn on a Christian college campus by providing the following:

1. Statements indicating a personal view of Christian faith and a relationship with God
2. Indicate, as requested on Application for Admission, their agreement to live by Tabor’s lifestyle covenant while attending the College

ADVANCED STANDING

External Examinations

Tabor College believes that those deserving credit should receive it and therefore has established policies that reward and encourage self-motivated learning. The College has established policies which outline the acceptance of credit from the following four external examinations:

Advanced Placement Program (AP). Advanced Placement examinations are offered annually to give high school students opportunities to demonstrate college-level achievements. Credit is generally given for scores of 3 or higher.

International Baccalaureate (IB). The International Baccalaureate program is a comprehensive and rigorous two-year curriculum leading to examinations for students between the ages of sixteen and nineteen. Generally credit will be awarded for Higher level exams in which a grade of 5 or better has been earned. Subsidiary level subjects will be evaluated on an individual basis.

College Level Examination Program (CLEP). The College Level Examination Program provides people of all ages and backgrounds an opportunity to demonstrate college-level proficiency on the basis of examinations designed to reflect college course curriculums. The minimum scores required for credit are generally the scores recommended by the American Council on Education.

Defense Activity for Nontraditional Education Support (DANTES). The DANTES Program was designed in 1983 by the Department of Defense to help service members obtain credit for knowledge and skills acquired through non-traditional education experiences.

Registration for External Examinations. Registration information, including the locations of testing centers and the cost of examinations for all of the external examinations, is available from the Registrar's Office in Hillsboro. The Wichita office also has information concerning the CLEP and DANTES examinations. Tabor does not charge any fee for granting the credit.

Granting of Credit for External Examinations. The maximum amount of credit by examination which may be applied to the 124 semester hours required for the completion of a Bachelor's Degree is 30 hours. The maximum amount of credit that can be given for nontraditional hours, which includes credit by examination and portfolio hours, is 45 hours. Credit received from external examinations will be graded "Credit" and will not be computed in the student's GPA. Examination credit will be identified on the transcript as credit received by examination, identifying the particular examination taken. Students need to submit a copy of their score report so it can be evaluated according to our CLEP, Advanced Placement, or DANTES policy for both the minimum score and the amount of credit given. External examinations may not be used to replace grades earned in residence. For a list of examinations which may receive Tabor credit and the required score, contact the Registrar's Office.

Institutional Credit by Examination. Courses in the catalog may be challenged by examination if the appropriate faculty member is willing to offer the examination and with the approval of the Department Chair. Credit by examination will be graded CR/NC and will not replace a grade if the course has been taken previously. Students earning higher than a C- will receive credit and the course will be entered on the transcript with a grade of CR. There will be no transcript entry for exams not passed. A nonrefundable examination fee must be paid before the examination is administered.

Prior Experiential Learning. Tabor College recognizes the value of educational experiences outside the realm of traditional higher education and believes that valid learning experience should be formally recognized. Credit will be granted only to the extent that the following criteria are met:

1. Experiences for which credit is requested are consistent with the College's mission.
2. The subject area is one in which the College has existing curriculum or is evaluated by a qualified expert in the subject area.
3. Credit should be awarded for learning and not merely for experience.
4. College credit should be awarded only for college-level learning.
5. Credit should be awarded only for learning that has a balance appropriate to the subject between theory and practical application.
6. Credit should not be granted for learning that would duplicate credit already awarded through previous course work.

Complete information, including guidelines for writing the life-learning paper, is available in the Registrar's Office.

Transfer Credit for Tabor College Hillsboro

1. *Transfer Regulations:* Transfer credit will normally be awarded for credit earned at regionally accredited institutions and completed with a grade of C- or better. A maximum of nine hours of credit earned with a grade of D may be accepted in transfer if the credit was earned at a regionally accredited institution. Credit earned with less than a C- grade may not be used to meet prerequisites or to meet

the requirements of a major. Tabor's transcript reflects a cumulative grade point average for the transfer student which is calculated only on credit earned in residence at Tabor.

No more than 64 hours transferred from junior colleges may count toward the 124 total hours for graduation. Generally, junior college work may not be used to fulfill upper-level requirements. Upper-level credit can be given only if a Tabor instructor consents to assign extra work in the area to make the experience equal to an upper-level course. Work done at an accredited institution may be accepted as transfer credit subject to all regulations which apply to resident credit.

Courses that are considered "equivalent" are allowed to be counted toward the 40-hr upper level requirement and the 16-hr upper lever major requirement. If the course is similar but the faculty member doesn't think it is worthy of upper level credit, the course can be "substituted" instead of making it "equivalent."

2. *Transfer from Non-accredited Institutions.* Courses submitted for transfer from institutions not accredited by a regional accrediting agency will be accepted if one of the following criteria can be met:
 - a. Attainment of a grade of C or better in a succeeding course
 - b. Passing an examination for a specific subject
 - c. The ability of the Registrar and respective Department Chair to evaluate the content and equivalency of each course in question
 - d. The verification that a minimum of three regionally accredited institutions will accept the courses being submitted from the institution where the credit was earned.

Only credit earned with a grade of C- or better will be accepted from institutions that are not regionally accredited.

IF ONE OF THE ABOVE CRITERIA IS MET, THE FOLLOWING GUIDELINES WILL APPLY:

- a. Credit will only be awarded for courses of study similar to subject areas offered at Tabor College or for courses of study that are approved by the Adult Professional Studies Committee..
- b. Credit will be awarded after the student completes 20 credit hours at Tabor College with a Grade Point Average of 2.0 or higher.
- c. The amount of credit awarded cannot exceed the following caps:
 1. 75 hours from each four-year institution
 2. 62 hours from each three-year institution (maximum 64 hours per cap below)
 3. 40 hours from each two-year institution (maximum 64 hours per cap below)

3. The following are CAPS THAT APPLY TO ALL TRANSFER CREDIT:
 - a. 64 hours from institutions which only offer programs which can be completed in less than four years.
 - b. 4 semester hour cap for Physical Education activity classes.
 - c. Cap on Technical Credit:
 - The definition of “technical credit” is as follows:
 - The course primarily teaches a person how to do something, i.e., its purpose is to allow students to learn a specific skill such as machinery or equipment, EMT, aviation, nursing (ward care, hands-on patient care), computer repair and usage, office studies, drafting, automotive, cosmetology, etc.
 - The course content focuses on the applied aspects of the topic, with minimal attention to theoretical concepts.
 1. 40-semester hour cap for technical credit taken toward an AA,AS, AGS, AAAS, and baccalaureate degree at a regionally accredited institution and for technical credit evaluated by ACE/PONSI that is recommended for upper-division baccalaureate credit.
 2. 30-semester hour cap of any other technical credit, including credit earned through transfer, through ACE/PONSI-approved courses that are recommended for lower-division credit, and through portfolio assessment. Credit that was earned as part of an A.A.S. degree or vocational certificates is included under this cap.

All non-applied Associate Degrees from any accredited college will be accepted as meeting Tabor Core Curriculum requirements with the exception of the following institutional distinctives:

- TC 310 College, Christianity, and Culture (1 credit hour)
- RS 110 The Bible, Community, and Culture (3 credit hours)
- RS 400 Christian Faith in Contemporary Culture (3 credit hours)
- Intercultural Awareness Experience (3-8 credit hours)

Completion of the Tabor College Core Curriculum does not necessarily satisfy all program requirements (e.g. Teacher Education and gpa stipulations). Specific core curriculum courses required for a program of study are published in the Catalog. Some transfer students require more than four years of study to complete all degree requirements.”

Note that all transfer students who do not have a non-applied Associate Degree are subject to the core curriculum requirements of the Tabor College catalog that is in force at the time of their transfer.

Tabor College Undergraduate Studies

FINANCIAL AID

FINANCIAL AID

Tabor College is committed to the ideal of providing education to qualified students regardless of their financial means. Financial aid is offered to eligible students through scholarships, grants, loans, and employment. The Office of Student Financial Assistance is given final authority for all official offers and awards of financial aid on behalf of Tabor College under the supervision of the Director of Student Financial Assistance.

All applicants for aid are encouraged to file the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov. Paper forms are available from high school guidance counselors or by writing to the Tabor College Office of Student Financial Assistance.

The Office of Student Financial Assistance will act on all scholarship applications and FAFSA results. Notification of award will be made in writing to all students who are accepted for admission to Tabor College. The student is asked to accept or decline the financial aid awarded to him or her by the reply date indicated on the award notice. All students have the right to appeal for an extension of time to accept the financial aid award package. If a student would like to have the aid package reviewed again, he or she should contact the Office of Student Financial Assistance by the reply date.

Tabor College encourages all students to apply for and accept government grants, church scholarships, and other sources of aid outside of Tabor College.

Tabor College students are allowed access to personal financial aid applications materials contained in their financial aid file. Any student wishing to review the materials in his or her file must contact the Office of Student Financial Assistance for an appointment. Students will only have access to their personal information; materials relating to parents and/or guardians will not be available unless authorized by the parent or guardian. *Tabor College complies with the Federal Trade Commission rules related to the safeguarding of customer financial information as addressed by the Gramm-Leach-Bliley Act (GLB Act). The College is also in compliance with the Family Educational Rights and Privacy Act (FERPA). Academic and financial information retained in student files is secured from unauthorized access through administrative and electronic controls.*

STATEMENT OF SATISFACTORY ACADEMIC PROGRESS

Federal regulations require Tabor College to establish Satisfactory Academic Progress standards for student financial aid recipients. Tabor College's standards of SAP measure a student's academic performance both qualitatively and quantitatively by reviewing the following three areas of performance: completion rate for coursework enrolled, total cumulative grade point average (Cum GPA) earned and the maximum time frame to complete a degree. The Office of Student Financial Aid is responsible for ensuring that all students receiving federal financial aid are meeting these minimal standards. The standards of SAP apply for all federal financial assistance programs including Federal Pell Grant, Federal Perkins Loan, Federal Work-Study, Federal Supplemental Educational Opportunity Grant, Federal Direct loan program and Federal Family Education Loans (Stafford and PLUS).

ITEMS TO CONSIDER:

- Financial aid SAP is similar to but not exactly the same as academic progress required for graduation.
- Being declared ineligible for financial aid does not mean a student has been academically dismissed from Tabor College. It means that students may not receive government financial aid. They may still be eligible for Tabor College aid.
- Any appeal of ineligibility is good for only one term. Approval of an appeal places the student on “financial aid probation” only for the term the appeal was approved.
- No federal aid may be paid to a student’s account for a subsequent term until after grades for the probationary period have been reviewed and the student’s status determined to be satisfactory.
- Failure to meet the minimum SAP standards after an appeal was approved will place a student in ineligible status once again.
- Many scholarship recipients are required to maintain a higher credit hour level or grade point average than outlined in this policy. Guidelines on the minimum acceptable credits/grade point average for scholarship recipients are outlined by donors or in acceptance notices signed by the recipient.

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

A student must be in an admitted/enrolled status as a regular student in a degree program and making satisfactory academic progress toward a degree, in order to be considered for participation in federal financial aid programs administered by Tabor College’s Office of Student Financial Aid. Making satisfactory academic progress, for these purposes includes three factors: 1) a minimum prescribed cumulative grade point average (CUM GPA) defined by Tabor College, 2) a prescribed completion rate of courses enrolled, and 3) proceeding through the program at a pace leading to completion in a time frame of 150% of the average length of a program. The specific expectations include the following: Maintain a minimum cumulative grade point average (CUM GPA) from coursework taken at Tabor College: The minimum CUM GPA for undergraduates is 1.70 for freshmen (0 – 23 credit hours), 1.80 for sophomores (24 – 55 credit hours), and 1.90 for juniors (56 – 87 credit hours) and 2.0 for seniors (88 -). Grade changes after the term has been completed will be reviewed on a case by case basis. Repeated courses – last recorded grade will be computed in the GPA.

Each student must earn at least 67% of all attempted hours each term. Attempted hours include: transferred hours, and all Tabor College hours including, incompletes, withdrawals, repeated, pass/fail, and all earned hours. Students who enter during interterm or the spring semester must earn the same 67% of all attempted hours for the enrolled semester in order to maintain financial aid eligibility. Students are expected to complete degree requirements within 150% of the average length of their program of study, i.e. 186 credit hours. Maximum time frame will include all accepted and transferred credit hours. Change in majors or pursuit of a second degree, attempted hours will include all transferred and Tabor College credit hours.

SAP is measured after the fall, spring and summer terms have ended. For SAP review purposes, Interterm will be included with the spring semester. All attempted hours, even in terms when a student did not receive federal financial aid, must be included in the SAP review. Failure to comply with any one of the following requirements will result in warning status or the loss of federal student aid eligibility:

FAILURE TO MEET SAP STANDARDS FINANCIAL AID WARNING

Satisfactory Academic Progress is reviewed at the end of each term (for traditional undergraduate students and after each term for AGS and Graduate students). Students not meeting the GPA and/or the completion percentage requirements at that time will be automatically placed on “financial aid warning”. [Students exceeding the 150% credit limit criteria for their first Bachelor’s degree, are not eligible for “financial aid probation.”]

Financial aid warning provides an opportunity for students to correct deficiencies and to re-establish compliance with the SAP standards. Students have until the end of the succeeding term to correct their SAP problem. Students remain eligible for federal financial aid while on “financial aid warning”.

Students placed on financial aid warning will receive written notification of this action. However, it is the responsibility of the student to know whether his/her grade report, when compared to the SAP criteria, will cause placement on financial aid warning, or the immediate loss of eligibility. The SAP policy is listed in the Catalog and the policy manual located in the financial aid office.

At the end of the probationary period, the student will either be:

Be removed from warning status because all three components of the SAP policy are now met; or

Be suspended from receiving assistance from federal sources and will receive a Financial Aid Suspension Letter.

APPEAL PROCEDURE

Students not meeting the Satisfactory Academic Progress requirements may appeal their financial aid suspension. To do so a student must submit their appeal no later than one month after the semester has ended. Appeal submission requires they provide the Office of Student Financial Aid with a signed SAP Appeal Form explaining why he/she should not be suspended. The SAP Appeal Form is available on-line for downloading and printing, or directly from the Office. A student may appeal due to mitigating or extenuating circumstances that could not be influenced, planned for, or prevented by the student (e.g., hospitalization, prolonged illness, death in the immediate family, etc.). Documentation verifying the situation is required and must accompany the appeal.

The appeal will be reviewed by the Enrollment Management Committee and a decision rendered and conveyed in writing by the Director of Student Financial Aid or her/his delegate to the student within two weeks of the receipt of student’s appeal. Decisions regarding appeals are final and, consequently, not subject to further review. If a student’s appeal is approved, federal aid may be allowed for one payment period. The outcome of a student’s appeal depends upon the nature of the circumstances causing the violation, documentation provided, and how well the student has demonstrated that they are now making good progress toward earning their degree.

Students may also submit an academic completion plan with their appeal for consideration if it will take longer than one payment term to regain good standing of academic progress. Prior to submission of the academic plan, the student must work with their academic advisor to ensure the ability to complete their degree within the described time frames.

FINANCIAL AID SUSPENSION AND RE-ESTABLISHING ELIGIBILITY

After financial aid has been withdrawn for failure to maintain satisfactory academic progress, students may re-establish eligibility by improving their completed courses and grade point averages through Tabor College at their own expense. Students should contact the financial aid office at the end of the term in which two-thirds or more of the hours attempted have been completed. It may also involve dealing with issues that have hindered their progress. When two-thirds of the courses attempted have been completed and if all other academic progress requirements have been met, the student is taken off of financial aid suspension. Suspended students are encouraged to speak with the financial aid office about alternative loan opportunities available to them if they must supplement their own and/or their family's resources.

ACADEMIC SCHOLARSHIPS

To be considered for academic scholarships, a student should apply for admission and supply a transcript indicating at least seven semesters of work and SAT or ACT scores. Academic scholarships range in value from \$3,000 to \$16,000 per academic year.

For financial aid purposes, a transfer student is defined as one who has earned a high school diploma or G.E.D. and has earned twenty or more college hours since that time. Transfer students are awarded academic scholarships exclusively on the basis of their college work. First-time freshmen are awarded academic scholarships exclusively on the basis of their cumulative high school GPA (minimum of seven semesters) and their ACT score as described below.

TABOR COLLEGE SCHOLARSHIPS

The sources of Tabor College scholarships are the College's own financial resources. Tabor College scholarships are comprised of the following list and explicitly exclude forms of aid from federal, state, or local government programs and third-party grants and scholarships. Each annual edition of the Tabor College Catalog will include definitions and values of Tabor College scholarships which will pertain to students admitted for the first time during that academic year represented by the catalog and will not pertain to students enrolled for the first time during any other academic year. Each student will be bound by the parameters of the Tabor College scholarships in effect when enrolled for the first time and continuously until graduation. For further clarification of this definition and policy, contact the Office of Student Financial Assistance.

***Academic Transfer Scholarship.** Students must have 20 transferable credit hours completed after high school graduation. Scholarship value \$2,500 to \$7,000/year and is based on transferable GPA of 2.50-2.74, 2.75-2.99 or 3.0 or higher. (Not applicable to first-time freshmen) Subject to Institutional Aid Restrictions.*

Achievement. Students must have an ACT-GPA product of between 45 and 59. Scholarship value: \$12,000 (\$3,000/year) and is renewable while in good academic standing. Subject to Institutional Aid Restrictions.

Alumni Legacy Scholarship. Available to any eligible child, grandchild, and/or sibling of a Tabor College alumnus (i.e. defined as completion of 24 semester credit hours). Children must be legal dependents; married children are not eligible. Award value is \$750 per year, divided equally between the two semesters. Subject to Institutional Aid Restrictions.

Athletic Scholarships. Awarded by the coaching staff in conjunction with the Office of Student Financial Assistance. Students should return player information cards (if provided by coaches), supply a game tape and/or schedule a tryout. Subject to Institutional Aid Restrictions.

Church Scholarships and Church Matching Grants. Students are encouraged to seek financial assistance from their church congregations. Churches may provide scholarships in the names of students to be applied on accounts. The College will match that award up to \$275 per semester as financial aid. Church treasurers should inquire with the Office of Student Financial Assistance regarding details of this program.

Dean's. Students must have an ACT-GPA product of between 85 and 114. This scholarship is valued at \$36,000 (\$9,000/year) and is renewable with a cumulative college GPA of 3.00 or higher. Subject to Institutional Aid Restrictions.

Hesston Grant. Any Hesston College student with a minimum of 30 transferable credit hours is eligible. Subject to Institutional Aid Restrictions.

Honors. Students must have an ACT-GPA product of between 60 and 84. Scholarship value: \$24,000 (\$6,000/year) and is renewable with a cumulative college GPA of 2.75. Subject to Institutional Aid Restrictions.

International Student Grant. International residents, including those from Canada, are eligible. Full financial settlement (payment of a semester in full) must be made before the international student arrives on the Tabor College campus. Class attendance will be denied until this requirement is met. Subject to Institutional Aid Restrictions.

Mennonite Grant. Members of a Mennonite church that supports the Mennonite Central Committee (MCC) are eligible. Subject to Institutional Aid Restrictions.

National Merit. Awarded to National Merit Finalists, Semi-finalists, Hispanic Honors, and Black Commended Scholars. Scholarship value: \$2,000/year.. Subject to Institutional Aid Restrictions.

Performance Scholarships. Band, drama, or vocal scholarships. Scholarships are awarded by appropriate faculty in conjunction with the Office of Student Financial Assistance. Interested students should audition before a member of the music/drama faculty or supply an audition tape to the faculty. Contact the Admissions Office to schedule an audition. Subject to Institutional Aid Restrictions.

Premier. Freshman students must have an ACT – GPA product of 115 or higher. Students receiving this scholarship will be expected to exemplify Christian leadership. This scholarship is valued at \$40,000 (\$10,000/year) and is renewable with a cumulative college GPA of 3.2 or higher. Subject to Institutional Aid Restrictions.

Presidential Leadership Scholarship. *Freshman students must have an ACT score of 25 or greater and GPA of 3.3 or higher. Students receiving this scholarship will be expected to contribute to Tabor College student campus life, excel in the classroom, and have the desire and passion to make a positive difference in the world. This scholarship is valued at \$64,000 (\$16,000/year) and is renewable. Limited. Application, Resume, and essay required. Subject to Institutional Aid Restrictions*

INSTITUTIONAL AID RESTRICTIONS

Students may receive one academic scholarship and one athletic or performance scholarship. The Alumni Award, Church Matching Grant, Mennonite Grant, National Merit Scholar, Hesston Grant, Service Scholarship, and International Student Grant are exceptions to this policy.

With the exception of dependent children of employees, recipients of Tabor College scholarships are limited to the value of each individual named scholarship and up to a maximum of 80% of tuition from any combination of Tabor College scholarships.

Financial aid for Tabor College students studying abroad or in off-campus settings is limited to “funded” forms of aid. Discounted forms of aid such as academic awards, church matching grant, participation awards, etc., and the Tabor College Employee/Dependent Tuition Waiver Benefit are only available for study on the Tabor College campus with the exception of approved internships. Should the internship require additional fees, those costs will be the responsibility of the student in addition to tuition and fees charged by Tabor College. Financial aid available while studying abroad or in off-campus settings include state and federal aid/loans, and scholarships from sources other than Tabor College for which the student is eligible. A scholarship limited to the lower of the program’s cost or 80% of the applicable Tabor College full-time tuition rate is available for participation in the Mennonite Brethren Missions and Services International (MBMSI) TREK program. The same premises will be applied for other “Christian, mission-related: off-campus study programs. Participation in all off-campus study programs must be pre-approved by the college’s Office of Academic Affairs, and, Office of Student Financial Assistance.

Tabor College scholarships for students not being charged for campus room and board will be limited to forty-percent of tuition. An exception to this policy will be granted to recipients of the National Merit Scholarship, Presidential Scholarship, Dean’s Scholarship, and the highest level of the Academic Transfer Scholarship who previously resided on campus but at a later time live off-campus. Students not being charged for campus room and board will continue to be eligible for church scholarships, church matching grants, state and federal aid/loans, Tabor College endowed scholarships, third-party scholarships, and the Tabor College Employee/Dependent Tuition Waiver Benefit in addition to the limitation of forty-percent of tuition for academic and participation awards to the maximum amount of tuition permitted by other policies of the college.

Tabor also has a reciprocal tuition exchange agreement with a number of colleges in the Council for Christian Colleges and Universities. A maximum of one eligible student per year will be accepted for enrollment qualified by a maximum of up to four eligible students being enrolled during any given year. Eligible students will be considered those who are not currently, and have not previously been, enrolled but will be full-time upon acceptance for admission and are dependent, unmarried children under age 25 of full-time employees of CCCU member institutions. A full tuition waiver for undergraduate courses taught during the regular academic year (summer courses are ineligible for a waiver) will

be granted to eligible students who reside in campus housing. Eligible students residing off-campus will be limited to a waiver of one-third of the tuition charged for their enrollment. Additional details of this program are available in the college business office. The Office of Student Financial Assistance is given final authority for all official offers and awards of financial aid on behalf of Tabor College under the Director of Student Financial Assistance.

GOVERNMENT AND ELIGIBILITY-BASED AID

To apply for all eligibility-based aid, complete the FAFSA and code Tabor in Step 6. Title IV federal financial aid code is 001946. The resulting eligibility analysis forms determine your eligibility for the following programs. Note: Tabor College will determine eligibility on a preliminary basis. Final acceptance and granting of aid is done by the various government agencies for state and federal awards. Tabor College does not guarantee these awards and will not replace awards denied by these agencies.

Federal Pell Grant. The Pell Grant is designed to provide financial assistance to those with financial eligibility who desire to attend post-high school educational institutions. Grants range from \$602 to \$5,550. Application for a Pell Grant is made by completing the FAFSA.

Federal Perkins Loan. Tabor College is approved by the U.S. Department of Education to administer the Perkins Loan. Repayment, including 5% annual interest, begins nine months after the student ceases to be at least a half-time student. These loans provide for a payment period of up to ten years and are repaid by the student to Tabor College. Deferments of repayment are available while the individual is attending another educational institution or is involved in a qualified service.

Federal Direct Student Loan Program. This program provides for a federal guarantee of a student loan from a commercial lending agency for those students demonstrating financial eligibility. Dependent students may borrow up to \$5,500 per year during their freshman year, up to \$6,500 for their sophomore year, and up to \$7,500 per year as juniors and seniors. Stafford loans may be considered Subsidized or Unsubsidized. Repayment with interest begins six months after the student ceases to be at least a half-time student. A student must be enrolled at least half time to be eligible for a Stafford Loan. If the student does not wish to utilize a certain lender, the Office of Student Financial Assistance is able to provide a list of lenders.

Federal Supplemental Educational Opportunity Grant (F.S.E.O.G.). At Tabor, these grants range in amount from \$100 to \$1,000 and are awarded by the Office of Student Financial Assistance based on the financial eligibility of applicants according to guidelines specified by the U.S. Department of Education. Application for the F.S.E.O.G. is made by completing the FAFSA.

Federal Work Study Program (F.W.S.). Part-time employment opportunities are available under this program throughout the school year. Most of these jobs are in the area of maintenance, clerical, library, and food service. Students who have financial eligibility may apply for employment under the F.W.S. Program. Those ineligible for the F.W.S. Program may also apply for campus employment. Students are encouraged to find their own jobs on campus with guidance from the Office of Student Financial Assistance. Students are paid the Federal Minimum Wage. Employee benefits are not applicable under Title IV or campus student work programs. Maximums may be imposed in the number of hours a student can work for the College during any given week in compliance with Internal Revenue Codes.

Kansas Comprehensive Grant. The Kansas Comprehensive Grant program enables Kansas resident students attending private colleges to receive tuition grants of up to \$3,000 based on financial eligibility. Priority application deadline is March 1. Apply for the Kansas Comprehensive Grant by completing the FAFSA and indicating Tabor among your choices of colleges.

Kansas Minority Scholarship. Available to minority students who are Kansas residents meeting certain academic requirements. Apply by completing the FAFSA and the Kansas Student Aid Application. Application deadline is May 1.

Kansas State Scholarship. This scholarship is awarded by the State on the basis of ACT score, completion of a required curriculum, grade point average, and financial eligibility. Notification of this award is made to the student by Tabor College. Apply by completing the FAFSA and Kansas State Aid Application by May 1.

Kansas Teacher Service Scholarship. This scholarship is available to Kansas residents majoring in certain fields of education who have high ACT scores and class rank. The value of this award is up to \$5,374 per year. A commitment to teaching is required following graduation. Apply by completing the FAFSA and Kansas Student Aid Application. Application deadline is May 1.

Veterans' Benefits. Students who have served in the Armed Forces are entitled to an educational expense allowance and a monthly subsistence allowance. The student should at the time of registration present a Certificate of Eligibility and Entitlement issued by the Veterans' Administration. The endorsement of this certificate by the institution completes the arrangements for receiving benefits granted by the G.I. Bill of Rights. Credit is granted for college courses completed through the Armed Services as recommended by the American Council on Education. Individuals eligible for these benefits must comply with all Terms of Financial Settlement.

Verification Requirements. Some students' federal aid applications will be selected for verification by the Department of Education or by Tabor College. Those students selected will be notified on their Student Aid Report and by letter from Tabor College. An Institutional Verification Worksheet will be sent to the student. The Verification Worksheet should be completed, signed, and sent, along with the required Federal tax forms like an IRS transcript(s) or the use of the IRS Data Retrieval on the FAFSA informationorW-2s, to the Office of Student Financial Assistance.

All documentation must be provided by the student before any Title IV financial aid will be applied to the student's account. If a student does not respond with documentation, his or her account will only be credited with Tabor institutional aid which is non-need based. The Business Office will charge a delinquent account fee of \$30 per month for unpaid balances. No exception or waiver of this fee will be granted while state or federal aid applications and awards are pending or in transit. This is explained in supplemental information under Terms of Financial Settlement.

FAMILY SCHOLARSHIPS, SPECIAL AWARDS, AND MEMORIAL SCHOLARSHIPS

Students who wish to apply for Family Scholarships, Special Awards, and/or Memorial Scholarships should notify the Office of Student Financial Assistance by May 15. These scholarships are awarded in addition to other Tabor College awards.

Family Scholarships

Elden Boese Memorial Scholarship: Awarded to students preparing for missions or teacher education with preference to direct descendants of Elden F. Boese.

Tina Dick Memorial Scholarship: Preference to descendants of Tina Dick, given equal portion of the proceeds of the endowment. Second preference to a member of the Mountain Lake Mennonite Brethren Church. Third preference to a resident of Minnesota. Awards made at the discretion of the College.

Willard and Mary Schmidt Dahl Scholarship: Preference to church-related service.

Charlie Faul Memorial Endowed Scholarship: Preference to biological children of missionary parents; students interested in helping professions; descendants of Charlie F. and Carolina (Seibel) Faul through the great great grandchildren generation.

Jacob W. Friesen Memorial Scholarship: Preference to descendants of Rev. Jacob W. Friesen.

Anna B. Gaede Memorial Fund: Awards made at the discretion of the College.

Anna B. Gaede Scholarship: Preference to members of her extended family.

Menno S. Gaede Scholarship: Several annual awards are given for students with a 3.0 GPA, interest in athletics and community involvement. One is given for science/mathematics major, other awards for any major.

Leo J. Goentzel Memorial Scholarship: Preference to descendants of the Leo J. Goentzel family or other students of high academic and moral standards.

Timothy James Harder Memorial Scholarship: Established for students who are physically disabled, or are in their junior or senior year of study preparing for careers serving the disabled, or qualifying family members. Given by his family in memory of Timothy James Harder.

Henry and Esther Gaede Lepp Scholarship: Preferences to members of the extended family. Students demonstrating academic potential and potential for leadership with preference to majors in business, teacher education, and natural science.

Vernon C. Penner Scholarship: Preference to members of his extended family and to pre-dental students.

D. D. and Thelma L. Regier Scholarship Fund: Preference to North American Baptist students through 1989-90. Thereafter, awards made at the discretion of the College, preference to descendants of the named scholarship.

Herbert C. Richert Scholarship: Primarily for descendants of Abraham J. Richert; preference to the Richert descendant of the highest classification of the College.

Emil A. and Gladys D. Thiessen Endowed Scholarship: Recipients must lead a Christ-centered life, participate in varsity basketball, and major in business.

Henry G. and Elsie Schmidt Toews Scholarship: Awards made at the discretion of the College to students possessing a commitment to Christian values. Preference to descendants of Henry G. or Else Schmidt Toews or to students who receive a minimum amount of need-based aid.

Heinrich and Helena Toews Scholarship: Preference to descendants of Heinrich and Helena Toews with financial need and potential for a positive contribution to the Church, College, and larger community.

David and Martha Frantz Wiebe: 75% of available funds primarily for direct descendants of David and Martha Frantz Wiebe. Beyond that, preference given to members of the Mennonite Brethren Church and students demonstrating potential for leadership, service, and/or performance in either music or speech and drama.

Special Awards and Memorial Scholarships: Lovella M “Dolly” Adrian Memorial Scholarship

Preference Christian ministry or biblical and religious studies majors: Commitment to Christ and Tabor College lifestyle covenant. Must be a full time student.

Alumni Class of 1940 Scholarship Fund: Awards made at the discretion of the College.

Alumni Scholarship Fund: Need-based scholarship for returning students.

Sara Balzer Ministry Preparation Scholarship: Preference to students preparing for the ministry.

B. J. Braun Scholarship: For students preparing for missions or children of pastors and missionaries.

Class of 1996 Endowed Scholarship: To be given on an annual basis at the discretion of the Office of Student Financial Aid.

Gordon E Ens family Scholarship: Preference to students from families affiliated with the corporation. Next preference shall be given to students in pre-med, chemistry, or science in general.

Dean Deutschendorf Memorial Scholarship: Preference to students preparing for full-time, church-related service.

Dewitt-Wallace Reader’s Digest Scholarship Fund: Available to most students. Preference for independent children of teachers, clergy, lawyers, doctors, engineers, business persons, and farmers.

John W. Dick, Rhoda Krause (Dick) Friesen and Gilbert D. Friesen Endowed Scholarship: Preference to biology, chemistry, business administration, and accounting majors.

Karl F. Ehrlich Memorial Scholarship: Preference to students in the music program as academic majors or performers demonstrating above-average academic potential, Christian character, and potential for leadership in the Church and/or society.

Dr. A. C. Eitzen Scholarship Fund: Preference to students planning to enter medicine or science-related profession.

Laura C. Eitzen Scholarship Fund: Awarded to academically and personally deserving students.

H. S. and Emma Ewert Memorial Scholarship: Preference given to descendants of Henry S. Ewert.

Dr. and Mrs. George Franz Family Scholarship: Awarded to students with above-average academic potential, Christian character, and potential for leadership in the Church and/or society.

Jacob E. and Ruth Franz Memorial Scholarship Fund: Provided to assist pre-ministerial students.

Alfred W Friesen Endowed Scholarship: Preference to students who have a disability.

Jake and Selma Friesen Music Scholarship: Recipient to be selected by the Music Department.

Delma Funk Memorial Scholarship: For students showing a positive contribution to their chosen profession. Must be a full time student and live according to the Tabor lifestyle covenant.

Wilmer and Esther Harms Endowed Scholarship: Must be a full time student showing need determined by the College, state and federal guidelines. Exhibit high moral standards of honesty, integrity and self-discipline.

Tina Cecilia Seibel Harms Scholarship Fund: For students preparing for Christian social or professional service, foreign students as well as American.

Bedelia Marie Heinrichs and Ada Elizabeth Stout Endowed Scholarship Fund: Awards made at the discretion of the College.

C. N. Hiebert Scholarship: Awards made at the discretion of the College.

Clarence and Fern Hiebert Endowed Scholarship: Preference to students with an interest in international service or missions.

Awards made at the discretion of the College.

The Hiebert Merit Award: To perpetuate the scholarship, faith, leadership, and desire to serve that characterized the founders of Tabor College. Endowed by the descendants of the Kornelius Hiebert (1835-1903) family. Awarded annually to two juniors (male and female) for their senior year.

Lando Hiebert Scholarship: Preference to students preparing for the ministry. Alternately designated to students from Canada and USA. Given to a freshman, the award continues for four years if student remains at Tabor.

Paul W. Hiebert Scholarship Fund: Preference to pre-ministerial students, those preparing for full-time Christian ministries, or those who demonstrate good potential for Christian impact in other professions and vocations.

William J. Johnson Scholarship: Preference to juniors and seniors, chemistry students, and those considering a graduate program.

Viola W. Klassen-Jost Endowed Scholarship Fund: Awarded to full-time students enrolled in teacher education courses, who have need for financial assistance, and who exhibit high moral standards of honesty, integrity, and self-discipline.

Surya Kanthamma Scholarship: Preference to international students to assist with school expenses.

Mike Karber Scholarship Fund: Preference to students planning to enter the ministry or medical profession.

Maria Klaassen Memorial Scholarship: Preference to dependents of Mennonite pastors and/or missionaries.

Jonah Kliever Endowed Scholarship: Preference to students who are music majors.

Elmer Bob Kroeker Endowed Scholarship: Awarded on discretion of Scholarship Committee.

Dr. George Franz and E. B. Kroeker Scholarship: Awarded to a freshman or sophomore majoring in science or pre-medicine. Award available to each recipient for one year. Established in the name of Dr. Franz by E. B. Kroeker.

Solomon L. Loewen Scholarship: Preference to juniors and seniors, biology students, and those considering a graduate program.

Men's Basketball Scholarship Endowment: Awarded according to the discretion of the Head Men's Basketball Coach.

Deena S. Miller Endowed Scholarship: Awarded on discretion of Scholarship Committee.

Andrew H. Nachtigall Family Endowed Scholarship: Preference to students majoring in the natural sciences, the mathematical sciences, or teacher education.

Ervin Nikkel Memorial Scholarship: Awarded to a freshman from Oklahoma or Kansas majoring in business. Established in the memory of Ervin Nikkel.

D. C. Pauls Scholarship: Preference to students in fellowship with Zoar Mennonite Brethren Church in Inman, Kansas, actively pursuing a vocational career in ministry.

Bryan G. Penner Scholarship: Preference to a student noticeably demonstrating his/her devotion to God by ongoing involvement in Christian ministries. Next preference to a student enrolled in pre-medicine or a student who is the child of a missionary. Established by his family in memory of Bryan G. Penner.

Lois Penner Scholarship Fund: Preference to music students.

Olga Penner Endowed Scholarship: Preference to a junior or senior majoring in education, science or business. Have a GPA of 3.0 or higher and participation in campus activities.

Don C and Frieda K Peters Endowed Scholarship: Preference is a female who has completed her freshman year in good standings, majoring in the Natural Science department.

David L. Regier Endowed Scholarship: Awarded to students majoring in the business area.

Ryan Memorial Scholarship Fund: For graduates of Marion County high schools, with preference to students from eastern Marion County.

Emma Schlichting Scholarship: Preference to needy foreign students.

Sunshine Scholarship: Created anonymously as a memorial to a Tabor alumnus. Preference to students planning a degree in Bible, or a career in missions or other nonprofit Christian organizations.

Aldo and Helga Vigliano Scholarship: Preference to foreign students.

J. W. Vogt Memorial Scholarship Fund: Provided for students demonstrating Christian commitment and an interest in ministry-related vocations.

Richard G Wall Endowed Scholarship: Preference to biology students, and those considering a graduate program.

Robert Watson Memorial Scholarship: Established in memory of a deceased faculty member. Preference to students in Business.

John T. and Elma S. Wiebe Endowed Scholarship: Preference to students intending to enter church ministries or full-time Christian service.

Abraham Wiens Scholarship Fund: Awards made at the discretion of the College.

David B. Wiens Memorial Scholarship: Preference to a sophomore/junior/senior majoring in the mathematical sciences.

James William Wohlgemuth Scholarship: Awarded to a student who is disabled or has a handicap, is in good academic standing with Tabor College, and upholds appropriate lifestyle conditions.

Tabor College reserves the right to limit the total amount of college-awarded aid to individuals based on an aid to tuition ratio. No student may receive more than the cost of tuition in college-awarded aid and employee benefits unless granted an exception to this policy by official action of the Enrollment Management Committee.

Tabor College does not discriminate on the basis of race, color, gender, religion, disability, or national or ethnic origin in its administration of its educational policies, federal, state, and institutional financial aid policies, scholarship programs, loan programs, athletic programs, admissions criteria, or any other College-administered programs.

Tabor College Undergraduate Studies

STUDENT LIFE

MISSION

The Student Life Office exists to nurture the holistic development of students through intentional relationships, programs, and services which promote the integration of faith, learning and living.

At Tabor we are serious about classroom and non-classroom learning. Thus, there is an Office of Academic Affairs and an Office of Student Life. Both offices work together on certain programs, which lead to close cooperation and integration of a student's total academic and non-academic program.

The Office of Academic Affairs is responsible for courses, credits, majors, degrees, grades, teacher evaluation, and independent study.

The Office of Student Life is responsible for the following:

1. Chapel
2. New Student Orientation
3. Residence Life
4. Career Services
5. Personal Counseling
6. Student Government
7. Social and Cultural Activities
8. Campus Ministries
9. Student Organizations and Clubs
10. Student Publications
11. Lifestyle Guidelines
12. Student Success and Retention
13. Student Conduct and Discipline
14. Transportation

CHAPELS

Chapels are planned by the Student Life Office. Chapels include liberal arts and community building activities of various kinds. Speakers, concerts, missions messages, touring groups, and videos are all part of the chapel program.

Chapels are scheduled each Tuesday and Thursday at 11 a.m. and occasionally in the evening and on weekends. Refer to the Student Handbook for specific requirements.

NEW STUDENT ORIENTATION

Several special programs during the summer and fall are planned to help new students become acquainted with Tabor.

Early Registration. New students may preregister during designated times in spring and summer. The early registration days are designed to assist students to get a step ahead of the process in the transition process.

Orientation. Freshmen are scheduled to arrive on campus several days prior to the first day of classes. During these days, many events are planned to acquaint new students with the campus, college-level academics, faculty, and student leaders. Registration is finalized during this time.

TC101 Introduction to the Tabor Experience. This is a course dealing with aspects of campus life and the college experience within the context of continued orientation, which is offered during the first semester, and is required for all freshmen.

TC 310 College, Christianity and Culture is a one hour course required of all new transfer students.

TRANSPORTATION

If necessary, Tabor College will provide transportation for new students from their places of arrival (i.e., airport, train station, bus station) to the campus. This service will be provided at no charge at the beginning of their first semester. The arrival point should not exceed a 60-mile radius of Hillsboro. Student Life will try to arrange transportation for any student at any time with a charge for the mileage.

RESIDENCE HALL LIVING

Tabor is a residential college. As such, all full-time students are required to live in college residences unless one or more of the following conditions exist. The student must:

1. be 23 years of age prior to beginning of school year
2. be living with parents
3. be a fifth-year senior
4. be a married student
5. be a student with dependents
6. have unusual circumstances (see details below)

Full-time students age 22 prior to the beginning of a semester (considered the first day of regularly scheduled classes) who would otherwise be required to live on campus may apply for off-campus residency. If granted, students must continue to purchase a meal plan from the campus food service greater than the declining balance deposit plan, and their Tabor College financial aid program scholarships and grants will be limited to one-third of tuition. President's and Dean's Scholars will be exempted from this financial aid policy. Students wishing to apply may pick up an application in the Student Life Office at least two weeks prior to the beginning of the semester.

Unusual Circumstances. Students wishing to live off campus who do not qualify by the above conditions or feel they have unusual circumstances to be considered should follow the following procedures.

1. Make a request to the Director of Housing.
2. The Director of Housing will evaluate the student's circumstances and will make a decision to grant, or deny, or in the case of perceived financial difficulties may refer the matter to the Director of Student Financial Assistance to evaluate the need for financial assistance.
3. The Director of Housing or the student may refer the request to the Housing Appeals Committee.

To build a positive atmosphere in which close living can be constructive, a Rooming Agreement has been developed which students must sign before they move into their rooms.

Rooms may be occupied by new students on the first day of Orientation and by returning students on the day preceding registration. Residence halls are closed during the Christmas break, spring break, and summer. Rooms are to be vacated by 6 p.m. following Commencement, or within 24 hours of the beginning of any school break. All students living in the residence halls during Interterm must be enrolled in a course.

A comprehensive deposit is required. Further details are available in supplementary financial information.

Soliciting of any kind by non-students on the Tabor College campus is not allowed. This includes sales parties. Only soliciting that is initiated, arranged, and directed by students is allowable. Non-student sales personnel may not be present.

CAREER SERVICES

One significant aspect of college life is the opportunity to get to know oneself better, explore a variety of future career options, and prepare to enter the job market. To facilitate these tasks, Career Services exists to help students achieve their highest potential as servants of Christ by providing quality, relevant career services through:

- Career counseling and training
- Job search advisement and services
- Career resources and information

Resources and services to accomplish this mission include: individual career counseling, TC 103 (Career Planning Seminar course), career resource library, ACCK Teacher Interview Day, teacher credential service, resume writing workshops and assistance, a career website, and more.

PERSONAL COUNSELING

Informal relationships are an important part of the Tabor College experience. Students should feel free to talk to any faculty or staff member about personal matters or issues that concern them.

Students who are desiring or in need of professional counseling/mental health care may be referred to Prairie View. Prairie View is the local mental health center which provides counseling from a Christian perspective. Financial assistance may be available through Prairie View and/or the Student Life Office. Please contact the Student Life Office for more information regarding professional counseling.

HEALTH SERVICES

Medical Services. Tabor College does not have a school nurse; however Hillsboro has a well-equipped, well-staffed hospital. Referrals are made to a physician when deemed necessary or requested by the student. Students are encouraged to continue treatment with their family or personal physician whenever this is possible.

Health Insurance. Enrollment in the Student Medical Insurance Plan is mandatory unless proof of coverage by a substitute plan is presented at registration. The requirement will include the name of the insurance company, policy number, and parent's signature verifying the information. See the supplementary financial information for further details.

STUDENT GOVERNMENT

The goal of student government at Tabor College is to maximize student responsibility within the limits of College policy. The main vehicles of student government on campus are the Student Senate and student representation on College committees. Student government is designed to cultivate the talents and abilities of students through leadership experience.

STUDENT SENATE

The Student Senate is the representative body of the Associated Students of Tabor College (ASTC). ASTC has a constitution and formulated bylaws pertaining to its operation.

The Student Senate's role in institutional decision-making, both academic and Student Life can be highly significant as it represents and forms student opinion. Student Senate's official function includes:

1. Establishing and monitoring budget monies drawn from student fees
2. Electing and monitoring student representatives to various committees such as APC and SLC, as well as to the Tabor College Board of Directors
3. Responding to and initiating policy through the V.P. of Student Life, Learning and Formation.

The Student Senate's more pervasive function relates to leading and gathering student opinion and proposing or developing programs based upon that student opinion.

REPRESENTATION ON COLLEGE COMMITTEES

Although the faculty is the body that ultimately makes decisions about academic and student life policies, two very important committees formulate the policies.

Academic decisions are formulated by the Academic Policies Committee (APC), which consists of both students and faculty. Students on this committee are the Student Senate Representative at large and additional students elected by the Student Senate. APC is chaired by the Academic Dean.

Student Life policies originate in the Student Life Committee (SLC), which also consists of students, faculty, and administrative personnel. Students on this committee are the Student Senate Vice President and additional students elected by Student Senate. The committee is chaired by the V.P. of Student Life, Learning and Formation.

STUDENT ACTIVITIES BOARD

The Student Activities Board (SAB) is responsible to plan, under the direction of the Student Senate, social events for the year, including banquets and recreational activities.

The Office of Student Life works directly with SAB, whose membership consists of a representative from Campus Ministries Council, a representative from the Multicultural/International Student Union, class vice presidents, and the following appointed positions: president, vice president, secretary, treasurer, publicist, technician, and appointed representatives at large.

CAMPUS MINISTRIES COUNCIL

Campus Ministries Council (CMC) directs and coordinates the efforts of student ministries. The council consists of an elected executive, a member at large, and one member of each of its various ministry groups.

STUDENT ORGANIZATIONS AND CLUBS

There are many activities outside the classroom that are enjoyable and educationally important. These include clubs and organizations which add to students' learning.

Class Organization. Freshman class elections are held during September. Sophomores, juniors, and seniors elect their officers the preceding spring. Elected are a president, vice president, and Student Senate representatives. The presidents and Student Senate representatives serve on the Student Senate. The vice presidents are members of SAB.

Intercollegiate Athletics. Tabor is a member of the National Association of Intercollegiate Athletics (NAIA), as well as the Kansas Collegiate Athletic Conference (KCAC). Varsity teams include: football and baseball for men; volleyball and softball for women; and men's and women's cross country, soccer, basketball, tennis, and track and field.

Intramural Activities. Students may participate in a variety of sports in the intramural program, including: touch football, coed outdoor and indoor soccer, coed sand and indoor volleyball, basketball, racquetball, floor hockey, tennis, plus numerous tournaments and other activities.

Multicultural/International Student Union. This organization is open to all students interested in the concerns of ethnic and racial minorities on campus and students interested in sharing their cultural experiences, bringing a better understanding to the College and community.

Business Club. (Public Relations Student Society of America and American Marketing Association) is open to all students interested in any area of business. Its purpose is to provide students with an opportunity to see and interact with business professionals, provide and present programming which is career oriented, and expose students to Christian business professionals, allowing students to discuss with them how they live out their faith in the workplace.

Science Club. This club is open to all students interested in any area of the natural and mathematical sciences.

Student Music Association. Collegiate Music Educators National Conference (C-MENC) is open to music and music education majors and other interested students. The main event of the year is the state music convention. Membership in C-MENC provides the student with subscriptions to the Music Educator's Journal and Kansas Music Review.

New Organizations or Clubs. These may be formed upon student demand and approval of the V.P. of Student life.. Such groups receive charters as campus organizations by submitting constitutions to the V.P. of Student Life. Each official group must also designate a faculty sponsor.

STUDENT PUBLICATIONS

A campus newspaper, *The View*, is published throughout the year under the direction of Student Senate. A yearbook, the *Bluejay*, is published each year.

COMMUNITY COVENANT

Tabor College is a Christian college and therefore has established certain lifestyle guidelines of behavior that reflect its moral and Christian commitments as an institution. While attending Tabor College, all students and their visitors are asked to conform to the lifestyle guidelines set forth by the College. It is important that students understand the lifestyle guidelines supported by the College before they agree to be students. Violations will be considered offenses toward the College and subject to disciplinary action. Full time students are expected to sign the Community Life Covenant which is available online and reprinted in the Student Handbook.

Tabor College maintains that laws established by this country and state are necessary for personal safety and order. Therefore,

- vandalism
- theft
- dishonest acts
- fraud
- unlawful and unauthorized entry of locked premises
- possession of unauthorized keys
- use of explosives (including firecrackers)
- tampering with fire-safety equipment
- sale, use, or possession of narcotics, or hallucinogenic drugs (including marijuana)
- and any other violations of civil law will be considered violations of Tabor lifestyle guidelines

At Tabor College we are also concerned with the physical and mental well-being of all individuals. Therefore, all students enrolled at the College are to follow these lifestyle guidelines. There will be no:

- sale, use, or possession of alcoholic beverages or tobacco in any form;
- firearms and guns of any size on College property;
- threats of physical abuse;
- burning of substances (including candles) in or in close proximity to the residence halls;
- or playing games that include trading of money.

Tabor College Hillsboro is a residential college, which involves living in a close community. This provides an opportunity for the development of friendships on one hand and tensions on the other. Therefore, students are to:

- Respect others' needs for study time or sleep by maintaining "Quiet Hours" from 11 p.m. to 8 a.m.;
- Maintain healthy and mature interpersonal relationships, and respect the privacy of the opposite sex by not entering their residence complexes, except during stated open house hours.

Open houses times allow students the opportunity for inter-visitation in the residence halls. Additional special open houses are designated by the Student Life Office.

Open house times are as follows:

Open house hours in female residence halls are:

- Mondays and Thursdays from 7 p.m. to 11 p.m.
- Saturdays from 1 p.m. to 7 p.m.

Open house hours in male residence halls are:

- Tuesdays from 7 p.m. to 11 p.m.
- Fridays from 7 p.m. to midnight
- Saturdays from 1 p.m. to 7 p.m.

Students are encouraged to govern their own conduct and must accept responsibility for their behavior. Students should be aware of the commitment nature of being enrolled at Tabor College. Since students choose to come to Tabor College they are to honor their commitment (whether or not they personally agree with such standards).

NONTRADITIONAL STUDENTS

Students over the age of 25 are considered nontraditional students. They make up a growing number of our student body. Special considerations are made for them regarding tuition and enrollment requirements. Although these students are not required to sign a lifestyle commitment (unless they live on campus), they are expected to live according to the lifestyle guidelines whether or not they personally agree with such standards.

TABOR COLLEGE POLICY STATEMENT ON SUBSTANCE USAGE

Consistent with its obligations under federal law and in keeping with its commitment to provide a drug-free environment, Tabor College has formulated the following policy regarding substance abuse.

Applicability. This policy applies to all Tabor College students.

Prohibitions. Tabor College strictly prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students on any property of the College or as part of any activity associated with the College. Tabor College also prohibits the transport, manufacture or promotion of drugs, drug paraphernalia, or look-alike (simulated) drugs on its campus or as part of any activity associated with the College.

Fitness for Examinations and Testing. Tabor College reserves the right to require that a student submit to a physical examination or clinical testing, designed to detect the presence of drugs when there are reasonable grounds for believing that the student is under the influence of or improperly using drugs in violation of this policy. If a student tests positive, the institution expects the student to be open to professional counsel and referral.

Legal Sanctions. Illegal use or possession of drugs or alcohol may also be subject to criminal prosecution. Tabor College will refer violations of proscribed conduct to appropriate authorities for prosecution.

Student Assistance. Tabor College recognizes the importance of assisting students in dealing with substance abuse problems and offers counseling programs in dealing with such matters. The Student Life Office provides informational materials and confidential counseling. Referrals can be made to confidential area resources for counseling and treatment. Only those who have a need to know shall have access to such information.

A concerted effort will continue to be made concerning drug and alcohol usage. This instruction will be in the form of seminars and workshops that will be available to all students. It is the intent of the College to provide for a positive approach to the drug/lifestyle problem. However, if the student refuses to cooperate, suspension or dismissal is a possible consequence. Due process according to College policy will be followed.

STUDENT CONDUCT AND DISCIPLINE

Students at Tabor College have committed themselves to live within a community. This means that students should be willing to demonstrate care in their relationships above and beyond the lifestyle standards already listed.

All students at Tabor College must sign the “Community Life Covenant”. Violation of this commitment may result in disciplinary action which could lead to suspension from the College.

Tabor College is committed to a style of confrontation with care. This means that the College is more concerned with how offenders have affected their own lives and the lives of others by their behavior than with the offenses they have committed. Tabor College is concerned with the maturity and spiritual growth of all its students, and feels that the discipline process can be an important aspect for growth.

DISCIPLINARY PROCESS

Confrontation. Violations dealing with residence life are usually handled by the Resident Assistant and Resident Director. Lifestyle violations may be referred directly to the Office of Student Life. The V.P. of Student Life will hear the case and, after appropriate processing, render a decision. The student may appeal the decision to the Student Appeals Committee according to the criteria stated under “Appeal Procedure.”

Appeal Procedure. All disciplinary and academic actions, such as appeals of sanctions within residence halls, student discipline, academic dishonesty, grade appeals, and academic suspension, are subject to appeal.

Disciplinary appeals must be submitted in writing to the V.P. of Student Life within 24 hours of notification of any decision and should include the offense committed, the discipline assigned, and complete reasons for the basis of the appeal.

Academic appeals must be submitted in writing to the Academic Dean within two weeks of notification, providing specific details and all appropriate information and reasons for such an appeal.

The Student Appeals Committee consists of three faculty members, one from each division; V.P. of Student Life, Academic Dean and two students selected by the Student Senate. One of the students is the Student Senate President, and neither student may have been on disciplinary probation. In the event of a conflict of interest of any board member, the Academic Dean will appoint a replacement.

All information from preceding discussions and any new information shall be made available to the Student Appeals Committee upon request.

The responsibility of the Student Appeals Committee is to review the case, to determine whether appropriate procedures were followed, and to uphold or revise the decision and determine an appropriate response. All appeal decisions are final and subject to no further appeals.

Off-Campus Students. All off-campus students must sign a “Community Life Covenant” with Tabor College. Off-campus students will be subject to discipline whenever a violation occurs.

Search Procedure. All students living in the residence halls are subject to room and vehicle search. All searches must adhere to the following procedure:

1. There must be reason to believe that the “Lifestyle Commitment” has been violated.
2. A search warrant must be signed by 1) a Resident Assistant and the Resident Director, or 2) the V.P. of Student Life.
3. If at all possible, a student will be present during the search, preferably the occupant of the room.

All searches will be conducted to verify a violation of the “Lifestyle Commitment” and to confiscate stolen items or illegal substances (i.e., drugs, tobacco, alcoholic beverages). If an illegal substance is confiscated or if there is reason to believe that a violation of lifestyle has occurred, the matter will be brought before the Office of Student Life.

DEFINITIONS OF DISCIPLINE

Disciplinary Probation. Disciplinary probation will include certain restrictions. Failure to comply with requirements of probation could result in immediate suspension or dismissal. A copy of the disciplinary probation letter will be sent to the academic advisor, the parent/guardian of the student, and the Athletic Director in the case of athletes.

Disciplinary Suspension. Indicates that a student may reapply after an absence from the College. Usually, a semester must elapse before the student is allowed to apply for readmission. The reapplication process is done through the Office of Student Life.

Disciplinary Dismissal. Indicates that the student will not be readmitted.

Other Forms of Discipline. A partial list of other consequences and responses that may be assessed are admonition and warning, restriction of privileges, assignment of a work project (restitution hours), imposition of a fine, recommendation of a change in residence, recommendation that a college residence hall contract be denied for the coming year, restitution for damages or injuries, a required letter of apology, removal from a student-held office or prohibiting holding office for a stipulated period, and not being allowed to represent the College in extracurricular activities (such as intercollegiate athletics).

Student Life Right-To-Know. In accordance with the Student Life Right-To-Know and Campus Security Act (Public Law 101-542), a statistical report for crime on the campus of Tabor College for the past three academic years is printed in the Student Handbook, available in the Student Life Office.

Tabor College Undergraduate Studies

ACADEMIC INFORMATION

ACADEMIC INFORMATION

Academic Calendar. Tabor College Hillsboro has two regular semesters (fall and spring) with a four-week Interterm in January. The Interterm is an integral part of the academic year and there are no tuition refunds for students who elect not to participate or who enroll in an off-campus program that charges additional tuition.

Registration. Students enroll in courses at scheduled registration periods during the year. A full load for each semester is 12-15 credit hours (4 for Interterm). This includes participation credit in sports, music, and drama activities. The traditional full-time tuition rate will be charged for this range. An overload rate per hour will be charged for credit hours above 15. Additional hours should only be taken after careful consideration with an academic advisor. Students wishing to take more than 20 credits must receive approval from the Academic Dean.

Academic Advising. Tabor College believes that academic advising should be a developmental process which helps students identify and clarify their interests, abilities, and life/career goals, and develop an educational plan for the realization of these goals. Advising begins at the time a student is fully accepted to the College with the assignment of a Freshman Advisor who has been trained to assist in the developmental process. At the end of the freshman year, students who have declared a major are assigned an advisor in their major field, while undeclared majors are assigned to an advisor skilled in the area of career exploration.

Students may request a change of advisor at any time by contacting the Registrar's Office. While the College provides a complete advising program to assist students, the ultimate responsibility for meeting degree requirements rests with the student.

E-Mail. All students are provided a Tabor College e-mail account, which is one of the College's official methods of communicating important and time-sensitive information. ***All are expected to check the mail sent to this account on a frequent and consistent basis, and to respond to official communications in a timely manner.*** All are responsible for monitoring this account and for the consequences of missing important and time-sensitive messages.

In order to prevent misuse of the group e-mail system, students who wish to send an e-mail to all students should send it to the Student Life Office (kayleneu@tabor.edu) for approval and sending.

Changes in Registration. Courses may be dropped or added during the first week of a semester. Any student who officially withdraws from a course from the second week through the ninth week of a semester will receive a W on the transcript. After the ninth week and up to the start of the examination period, a WP or WF will be given to represent the acceptability of performance up to the point at which the student withdraws. A WF will have the same effect on the GPA as an F. No course withdrawals will be allowed after the start of the final examination period.

Extraordinary Circumstances. Students may experience extraordinary problems during a semester. Within one year of having completed such a semester, a student may petition the Academic Dean to be withdrawn retroactively from any class or classes taken during that semester. Any such petition will be processed by the Academic Policies Committee. The petition should include clear and documented evidence. Retroactive withdrawal will be granted only under exceptional circumstances, such as extraordinary medical problems. If retroactive withdrawal is granted for any course, the grade for the course will be changed to RW. The effect of such a grade on the student's GPA will be the same as that of a W.

Services for Students with Disabilities. Students with disabilities may be eligible for academic accommodations under the Americans with Disabilities Act (ADA). Accommodations for students with disabilities are made only in consultation with the Disabilities Advisor in the Student Success Office. Students desiring academic accommodations should contact the Disabilities Advisor, Erica Haude, to request accommodations and services. After appropriate documentation of disability is obtained, the Disabilities Advisor will determine reasonable academic accommodations based on the disability and will assist the student in obtaining these accommodations for courses. The Tabor College ADA compliance officer is Jim Paulus Vice President of Student Life, Learning and Formation.

Effect of Withdrawal on GPA. A WF has the same effect on the GPA as an F. Grades of W, WP, and RW are not computed in the GPA. (Note that a withdrawal can have an impact on Financial Aid Please consult Financial Aid officer for specific input prior to withdrawal.)

Administrative Drop. Students may be withdrawn from any course on the basis of excessive absences, according to the attendance policy for that course, or for chronic disruptive behavior in the classroom.

The following procedures will occur:

1. The instructor will send the student a written notice of intent to withdraw that student from the course, stating the reasons for taking this action. The Registrar, the Director of Retention and the advisor will be sent copies of this notice.
2. The Registrar's Office will notify the student and encourage dialogue between the instructor and the student, with the involvement of the student's advisor if possible. A period of one week is defined as a reasonable time frame for completion of this step. Ultimately, it is the student's responsibility to make efforts to correct the situation.
3. If these efforts prove to be unsuccessful, and upon recommendation by the Registrar and the concurrence of the Academic Dean, official withdrawal will occur. The student will be notified in writing of this action by an appropriate administrator. If the notice of intent was dated in the first nine weeks, the assigned grade will be a W; if the date was in the tenth week or beyond, a WP/WF will be assigned.

Classification. Students enrolled in 12 or more credit hours are classified as full-time students; those with fewer than 12 hours are classified as part-time students. The following guidelines are used to determine class standing:

Freshman	meets all entrance requirements
Sophomore	24 credit hours completed
Junior	56 credit hours completed
Senior	88 credit hours completed

Post-graduates and students who are not pursuing a degree are classified as special students.

Courses and Credits. A class meeting fifty minutes per week for 14 weeks, or its equivalent, will receive one semester hour credit. It is expected that for each hour of credit, students will spend at least two hours per week doing additional work outside the classroom. For a laboratory course, two to three hours of class time will be required for every hour of credit.

Partial course credit may be allowed, providing the course lends itself to division into distinct learning units. The instructor, Division chairperson, and Academic Dean must approve such requests. If requests for reduced credits are received after the end of the first five weeks of the semester, no tuition refund or transfer will be allowed.

Course Numbers. Every course listed in the catalog is preceded by a number. The number indicates the level of difficulty of the course content.

000-099	These courses are not applicable to a degree
100-199	Recommended for freshmen
200-299	Recommended for sophomores
300-399	Recommended for juniors
400-499	Recommended for seniors
500-599	Graduate Level, open to undergraduate students by special permission
600-699	Graduate Level, open to holders of a bachelor's degree, subject to prerequisites

Students are not limited to courses matching their year in college. A freshman may take a junior level (300) course if prerequisites have been met, but should not be surprised to find the content more difficult than in a 100-level course. In some cases, special permission from the instructor or the Academic Dean is necessary for a student to take a course beyond his or her academic level. Courses marked with a "G" or "GC" meet Core Curriculum requirements.

Course Cancellation. Courses listed in the schedule are offered with the understanding that the College may cancel any course if conditions beyond the institution's control make it impossible to offer it, or if enrollment in that course is insufficient to justify offering the course.

Upper-Level. Courses offered at the 300 level or above are defined as upper level. The following criteria differentiate upper- from lower-level credit:

1. Standards for the quality of work submitted are more stringent
2. The quality of writing will be evaluated more rigorously
3. Work submitted is of a higher order of synthesis/integration
4. Assignments include applications of principles learned
5. Students are expected to work more independently

Auditing Courses. Auditing a course gives students the opportunity to explore areas of interest without being subject to the demands of class activities or evaluation and grading. Auditors must receive permission from the instructor and pay the Audit Fee. Audit Petition Forms are available in the Registrar's Office. Students taking the course for credit will receive priority if seating is limited. All auditors will be assessed the Audit Fee per hour regardless of enrollment in other courses for credit. Auditors who are not taking any other classes need to be admitted through the college as guest students prior to enrolling.

There is no requirement of auditors except regular attendance. Added participation, including graded evaluation, is at the discretion of the instructor. Auditors with regular attendance receive a final grade of AU on the transcript. No college credit is given for auditing and no requirements are met with an audit course.

Supervised studies such as independent studies, internships, and practica must be taken for credit. Auditing may not be appropriate for all courses, such as those designed to develop skills and those that are "hands-on" in nature.

Changes from audit to credit may be made until one week after midterm, with the consent of the instructor, and if the student has done the required class work. Credit to audit changes may be made until one week after midterm as well. In both cases, the proper forms must be completed in the Registrar's Office.

Class Attendance. Regular class attendance is essential for success in college courses. Even when work is made up, students miss important discussions and explanations when absent. Nevertheless, students may need to miss class because of illness, personal and family emergencies, participation in Tabor College events and, in rare cases, inability to get to class because of dangerous weather conditions. The following policies apply to these absences:

1. Professors will include their attendance policy in their syllabi and will indicate the effect of absences on the course grade.
2. Upon consultation with the Academic Dean, Professors may initiate an administrative drop when absences have been excessive and may give a failing grade because of absences in keeping with the policy in their syllabi.
3. Regardless of the reason for an absence, students are not excused from completing the work they missed, and whenever possible, should make arrangements in advance for the completion of all work missed.
4. The academic and program departments sponsoring events which may take students out of classes and labs are responsible for notifying the faculty members teaching those classes, giving the names of students involved in the event. Likewise, faculty planning class activities apart from the regular class or lab schedule, are responsible for notifying departments sponsoring college events. In either case, the notice should include the exact time the students need to leave for the event. When the schedule is established before the semester begins (including the exact time), the notification should occur at least a week before the absence. When events are re-scheduled less than a week before the event, this should be indicated on the notice.
5. In cases of illness, personal and family emergency, and dangerous weather conditions, students or their RAs may notify their professors individually or may notify the Student Life Office or Academic Office and ask that the appropriate faculty be notified of the absence. This is not an "excuse" for the absence, but a notification process and the student is responsible for the work missed and for the effect of the absence on the grade.

Administrative Withdrawal. If a student stops attending all classes for two consecutive weeks, the Registrar will initiate an Administrative Withdrawal for financial aid and student life purposes. The Registrar will send the student a registered letter encouraging him/her to withdraw from classes. The Financial Aid Director will compute a federal Title IV financial aid refund calculation based on Last Date of Attendance from the last class attended in order to determine the amount of financial aid, if any, which must be returned to the federal government. The student's federal aid may be pro-rated based on the date that the Administrative Withdrawal is processed. The student's charges and institutional aid will not be prorated. Students will not be dropped from their class(es) unless they initiate a withdrawal which will be encouraged in the letter sent to them from the Registrar.

Grading System. Passing work is indicated on the transcript by the grades A, B, C, D, or CR. Failing work is indicated by the grades F and NC (No Credit). Students may choose one of two grading options for each course: (1) A, B, C, D, F, or (2) CR/D/NC. (Students receiving an A, B, or C will have CR entered on the transcript. Those receiving a D will have that grade entered; those receiving an F will have an NC entered.) Students are automatically on the first track (A-F) unless the appropriate form is completed in the Registrar's Office by the end of the add/drop period.

The CR/D/NC grade option is available only when either (a) the course is identified in the catalog course description as a course that is graded CR/NC or (b) the course is not counted in either the student's major or in the Core Curriculum program. If a student chooses the CR/D/NC option, he/she must do so before the end of the add/drop period.

Grade Scale:

A	= 4.0	C	= 2.0
A-	= 3.7	C-	= 1.7
B+	= 3.3	D+	= 1.3
B	= 3.0	D	= 1.0
B-	= 2.7	D-	= 0.7
C+	= 2.3	F	= 0.0

The GPA is calculated by dividing the number of grade points earned by the number of credit hours taken under the A-F grading option. The Tabor College GPA, which is shown on the transcript and which is used for athletic eligibility and honors at graduation, is based on course work taken at Tabor College. Transfer hours are not computed into the Tabor College GPA.

Prerequisites. A student must obtain a C- or better for any course that is listed as a prerequisite before being allowed to enroll in the subsequent course.

Incompletes. A grade of I (Incomplete) may be assigned to any student at the discretion of the instructor. Incomplete courses shall be completed and the work turned in to the faculty member according to the following schedule:

Semester of Incompletes	Completion Date
Fall	Last day of Interterm
Interterm	February 28 of that calendar year
Spring	June 30 of that calendar year
Summer	September 30 of that calendar year

If a grade for the incomplete course is not submitted to the Registrar within two weeks after the due date, the grade for the course shall default to the alternate grade submitted by the instructor at the time the Incomplete grade was given. If the failure to submit a grade to the Registrar is the fault of the instructor, he/she must use the existing change of grade mechanism to address the problem.

Any request for an extension to the completion date must be made in writing to the Academic Dean before the completion date.

Course Repeats. Grades earned at Tabor College may be improved only by repeating the same course for credit at Tabor College. Both grades will be recorded on the transcript, but only the last earned grade will be computed in the GPA. Students may repeat Tabor College courses elsewhere and the credit will be transferred, but the Tabor College GPA will not be impacted.

A student is awarded credit only once for each course. Repeated courses may affect athletic eligibility. See the Registrar's Office for details.

A course which is repeated must be repeated in its entirety. Exceptions to this are courses with independent laboratory and lecture components; in such cases, either the lab or the lecture component may be repeated, with the final grade being based on the original formula for the course.

Grade Changes. Grades at Tabor College are based on work submitted during the scheduled class sessions. Requests based on work done or turned in after the end of the class term will be denied (unless an Incomplete had been issued). Care should be taken to ensure that all work has been turned in prior to the end of the submission of the grade. All faculty requests to change a grade after grades have been submitted must be approved by the Academic Policies Committee and must include a rationale.

Grade Appeals. A final course grade may be appealed in the following manner:

1. The student should seek to resolve the situation with the instructor.
2. If this is not possible, the student may initiate an appeal by writing to the Academic Dean requesting a hearing before the Student Appeals Committee, providing specific details and all appropriate information.
3. If a hearing is granted, both the student and the instructor may attend.
4. By majority vote, the committee will render its opinion, in the form of a written recommendation, to both the student and the instructor. While the judgment is final in terms of further appeals, it serves only as a recommendation for the faculty member involved. One copy of the committee opinion will be kept in the student's permanent file; copies will also be given to both the student and the instructor.

All grade appeals must be initiated within six weeks of the end of the semester in which the disputed grade was given.

Withdrawal from the College. A withdrawal form must be signed by the Director of Student Financial Assistance, Director of Student Success Initiatives, Academic Advisor, Business Office Official, and V.P. of Student Life in order to properly clear student records. Withdrawal forms are available in the Registrar's Office. The completed forms are to be returned to the Registrar. Failure to comply will result in F grades being recorded for subjects in which the student is enrolled. (See supplementary financial information for refund information.)

ACADEMIC INTEGRITY

Academic dishonesty is any act of cheating, fabrication, plagiarism, abuse of resources, forgery of academic documents, dissimulation, or sabotage, and any act of aiding and abetting academic dishonesty.

The following definitions are used for this policy.

1. **Cheating** is using or attempting to use unauthorized materials, information or study aids in any academic exercise. Examples: copying homework, copying someone else's test, using an unauthorized "cheat sheet," etc.
2. **Fabrication** is falsification or invention of any information or citation in any academic exercise. Examples: making up a source, giving an incorrect citation, misquoting a source, etc.
3. **Plagiarism** is representing the words or ideas of another as one's own in any academic exercise.
4. **Dissimulation** is disguising or altering one's actions so as to deceive another about the real nature of one's actions concerning an academic exercise. Examples: fabricating excuses for missing classes, postponing tests, handing in late papers, turning in a paper for one class that was originally written for another class (when original work is requested), etc.
5. **Abuse of resources** is damaging any resource material or inappropriately limiting access to resource material which is necessary for academic work. Examples: hiding library materials, removing non-circulating material from the Library, hiding or stealing another person's textbook, notes, or software, failure to return library materials when requested to do so by the Library, etc.
6. **Forgery of academic documents** is unauthorized changing or construction of any academic document. Examples: changing transcripts, changing grade books, changing grades on papers which have been returned, forging add/drop slips, etc.
7. **Sabotage** is damaging or impeding the academic work of another student. Examples: ruining another student's lab work, destroying another student's term papers, etc.
8. **Aiding and abetting** academic dishonesty is knowingly facilitating any act defined in 1-7.

Procedural Guide for Dealing with Academic Dishonesty

1. The instructor shall determine if the infraction is intentional or unintentional.
 - a. If unintentional, the instructor shall deal with the infraction at his/her discretion. The instructor may choose to use the system created for intentional infractions.
 - b. If intentional, the procedures outlined in 2-4 shall be followed.
2. Infraction of categories 1-4 shall be dealt with by the individual instructor and the Academic Dean
 - a. The instructor shall:
 - Determine the sanction for his/her class. The sanction is at the discretion of the instructor, though it may involve the student's receiving a failing grade for the course.
 - Inform the Academic Dean of the infraction and sanction.
 - b. The Academic Dean shall:
 - Keep a record of reported infractions and sanctions.
 - Be permitted to place the student on academic probation effective immediately. This shall be understood as a full semester's probation.

- If the infraction is not the student's first offense, the Academic Dean will determine further institutional sanctions. Sanctions may include removal of privileges to participate in extracurricular activities, suspension, or dismissal from the College.
3. Infractions of categories 5-8 above shall be reported to the Dean of Student Life. The Dean of Student Life shall:
 - a. Keep a record of reported infractions and sanctions.
 - b. If the reports are substantiated, determine other sanctions as deemed appropriate. These other sanctions may include, but are not limited to, the following:
 - With the Academic Dean's concurrence, placing the student on academic probation
 - With the Academic Dean's concurrence, revoking the student's library privilege
 - Suspension or dismissal from school
 - Requiring restitution for lost/damaged material
 - Charging fines
 - Placing the student on disciplinary probation
 - c. Call a meeting of the Student Appeals Committee to determine further institutional sanctions if the infraction is not the student's first offense or if the student is already on disciplinary probation. Sanctions may involve suspension or dismissal from the College.
 - d. In writing, notify the person who reported the offense of the disposition of the case.
 4. Students shall have the right to appeal decisions in I and II by means of the established grade appeal procedures. Students shall have the right to appeal decisions in III by means of the established disciplinary appeal procedures.

SATISFACTORY ACADEMIC PROGRESS

For full-time students, the following criteria represent satisfactory academic progress at Tabor College:

1. A minimum of ten hours completed each semester enrolled;
2. A semester GPA of 1.70 or higher; and
3. A cumulative resident GPA with these minimums:

Semesters completed	Cumulative Resident GPA
1-2	1.70
3-4	1.80
5-6	1.90
7 or more	2.00

Students who fail to meet all three criteria will be subject to academic probation or suspension.

ACADEMIC PROBATION/SUSPENSION/DISMISSAL

If the minimum criteria for Satisfactory Academic Progress (SAP), as defined above, are not met, the student will be placed on academic probation for the following semester and will be restricted to 13 credit hours (in addition to TC102) and will be required to complete the terms of academic probation as follows:

Students either entering on Academic Probation or returning students placed on probation are required to complete the following each semester of probation:

- Weekly meetings with a mentor assigned by the Student Success office
- Disclosure of class attendance, grades received, and hours spent studying (additional documentation may be required by mentor)
- Fulfill conditions of Probation contract—see Student Success office
- Complete TC102 with a CR grade*

* TC102 is not required of students beyond their first semester of Academic Probation unless two (2) or more years have lapsed since first attendance. All other requirements apply.

The Academic Dean will assess each student on probation at the end of the probationary semester and will take one of three actions for students who are completing their first probationary semester:

If Satisfactory Academic Progress has occurred, the student will be removed from academic probation.

If Satisfactory Academic Progress still has not occurred and if the student complied with the probation contract, the student will be placed on probation for a second probationary semester.

If Satisfactory Academic Progress did not occur and the student failed to comply with the probation contract, the student will be subject to suspension.

At the end of the second probationary semester, if the criteria for Satisfactory Academic Progress have not been met and the student resident cumulative GPA is below 2.0, the student will be suspended. Students may not have more than two probationary semesters at Tabor College.

Exceptions:

Any student who achieves a semester GPA of at least 2.30 for ten or more completed hours will be allowed to remain at the institution for the subsequent semester regardless of the resident cumulative GPA.

A student who has been admitted to the College on academic probation will be subject to suspension after two semesters of attendance, unless satisfactory academic progress criteria have been met.

Any student who is currently or has ever been on probation whose semester GPA is 1.00 or below will be suspended or dismissed from the College unless their resident cum GPA is above 2.0.

Students whose resident cum GPA is above 2.0 will not be subject to suspension even if they fail to achieve Satisfactory Academic Progress. However, they will remain on academic probation and may be subject to financial aid suspension.

Academic Suspension indicates that the student may reapply after an absence from the college. Academic Dismissal indicates that the student can never be re-admitted.

Notification of parents and advisor

When a student is placed on/continues on academic probation or is suspended/dismissed from the College, the advisor (and parent or guardian, if the student is dependent) will be notified in writing.

Re-Admission

1. A student who chooses to leave the College under probationary status will be subject to the same status upon return to Tabor College.
2. A student who leaves the College under academic suspension may submit a letter of request to the Academic Dean for re-admission after the satisfactory completion of the terms of the suspension. If re-admission is granted, the student will automatically return under probation and will have one semester to meet minimum criteria for academic progress.

Appeals

To appeal a decision of academic suspension, a student must indicate in writing to the Academic Dean this intention within two weeks of the date of notification. This letter should state the reasons for such an appeal. The Student Appeals Committee will review the appeal within ten days and render a judgment on the decision to dismiss. Students will be notified in a timely manner as to the decision of the appeal. If an appeal is not resolved before Interterm begins, the student may stay through Interterm. The Committee's decision is final, and the student will be notified in writing of that decision.

NOTIFICATION OF RIGHTS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

Students should submit to the Registrar, Academic Dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the record as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic, research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Directors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Tabor College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

STUDENT RIGHT-TO-KNOW

All post-secondary institutions which receive federal financial aid are required by the Department of Education to disclose the graduation rate for their students based on a cohort class of full-time freshmen who complete their degree within a six-year time period. This information is available in the Office of Enrollment Management and the Registrar's Office.

DIRECTORY INFORMATION PUBLIC NOTICE

At its discretion, the College may provide Directory information in accordance with the provisions of FERPA to include: student name, local and permanent address, e-mail address, telephone number, date and place of birth, major field of study, photograph, dates of attendance, anticipated graduation date, degrees and awards received, most recent previous educational institutions attended by the student, participation in officially recognized activities and sports, weight and height of members of athletic teams, and student classification. **STUDENTS MAY WITHHOLD DIRECTORY INFORMATION BY NOTIFYING THE REGISTRAR IN WRITING WITHIN TWO WEEKS AFTER THE FIRST DAY OF CLASS OF THE FALL OR SPRING TERM.**

ACADEMIC HONORS

Dean's List

A student is eligible for the Dean's List based on the following grade point averages:

Honors	3.50-3.699
High honors	3.70-3.849
Highest honors	3.85-4.00

To be named to the Dean's List, a student must enroll in and complete a minimum of 10 graded hours on grading option (1) (see Grading System in the Academic Information section of this catalog) with no incomplete or No Credit (NC) grades (including Chapels) by the end of the semester. The 10-hour condition may be waived for those involved in semester-long placements (e.g., practice, internships, etc.).

Graduation Honors

To encourage scholarship and recognize successful college work, the faculty has established the Honors at Graduation system. Based on 56 or more **letter graded hours** (also called GPA hours) at Tabor, the system is as follows:

Cum Laude	3.50-3.699
Magna Cum Laude	3.70-3.849
Summa Cum Laude	3.85-4.00

Transfer students who do not meet the 56-hour minimum requirement will be considered for honors according to the following policy:

A cumulative college GPA will be calculated using all credit hours taken at regionally-accredited institutions including hours taken at Tabor. Credit earned that was not considered degree credit will be excluded. If the cumulative GPA meets the criteria, the student will be awarded honors. However, honors will not be granted for a cumulative GPA higher than that earned at Tabor College.

Honors at Graduation – Associate of Arts Graduates

Associate of Arts graduates with a cumulative GPA of 3.5 or higher will graduate “with distinction.”

Honors Chapel

An Honors Chapel is held annually to give public recognition to students who have achieved a high level of excellence in the various activities of the academic community. Each division presents awards to a select number of students for special recognition. The Dean’s Scholar awards are also presented at this time based upon the following criteria: (1) cumulative resident GPA of 3.90-4.00 and (2) full-time student for at least two semesters preceding the semester in which the award is made. *Note:* Transfer students whose previous two full-time semesters were not at Tabor College must also have a cumulative GPA of 3.90-4.0 that includes previous work from all other institutions attended.

GRADUATION REQUIREMENTS***Catalog Validity***

Students ordinarily meet the graduation requirements which are in effect at the time they enter Tabor College, but they may choose to meet the requirements of any subsequent catalog, provided ALL requirements of that catalog are met. In all cases, in order to be allowed to graduate under a given catalog, students must complete the requirements within six years of the issue date of that catalog.

GPA Requirement

A minimum resident cumulative grade point average of 2.0 is required for graduation for all undergraduate degrees.

Limit of Activity Credit Hours

Students will be allowed to earn a maximum of eight hours of credit in varsity athletics and musical ensembles which may apply to the 124-hour degree requirement. If more than eight hours are required for the major or combination of majors, such can be provided by petition. The same eight-hour maximum will apply to transfer students. By the same token, students will be allowed to earn a maximum of four hours of credit in varsity athletics and musical ensembles if graduating with the A.A. degree.

Residency Requirement

Transfer students must complete at least 30 hours in residence and complete a minimum of 12 hours in the major at Tabor College to be eligible for graduation. Twenty of the last 30 or 40 of the last 60 hours must be earned in residence. Residency requirements for students in the Undergraduate Adult degree programs will be satisfied with the completion of the regular courses in the programs. No student may earn more than 30 hours by correspondence.

Bachelor of Arts Degree

To qualify for the Bachelor of Arts degree a student must complete a minimum of 124 semester hours. In addition to satisfying the Core Curriculum requirements, a student must also meet those of the major field. At least 40 semester hours, a minimum of 16 in the major, must be taken in courses numbered 300 or above. All courses in the major and minor must have a grade of C- or higher.

Students who graduate with an A.A. degree and continue on for a B.A. degree must complete all requirements for the B.A. degree unless they stop out for a period of three years or longer. They will then be considered in the category of a transfer student.

Bachelor of Science Degree

The Bachelor of Science degree is awarded only for the Undergraduate Adult Degree programs. (See the Tabor College School of Adult and Graduate Studies Catalog.)

Bachelor of Science in Nursing Degree

The Bachelor of Science in Nursing degree is awarded only in the Undergraduate Adult Degree model. (See the Tabor College School of Adult and Graduate Studies Catalog.)

Associate of Arts Degree

To qualify for the Associate of Arts degree, a student must complete a 64-hour program of study, which is comprised of Core Curriculum courses, disciplinary courses, and electives. The College offers A.A. degrees in Liberal Arts (see below) and Office Management. (See Office Management in the Programs of Study section.)

At least 30 credit hours, including the last 10 credit hours earned toward this degree, must be completed in residence at Tabor College.

For the A.A. in Liberal Arts, the 15 hours of disciplinary emphasis must be from one department approved by the Academic Policies Committee and must be passed with a grade of C- or higher. Students must work closely with their advisors in the selection of both disciplinary and elective courses.

Master of Business Administration Concentration in Accounting

This degree requires 38 hours of course work in accounting and management. The degree is designed for persons interested in pursuing accounting as a profession. The classes are offered at the Tabor College Wichita facility. Details of this program are available in the Tabor College School of Adult and Graduate Studies Catalog.

Application for a Degree

Application for a degree from Tabor College must be made in the Registrar's Office at least six weeks prior to the date that the degree is to be conferred.

Meeting Requirements for a Second Degree. Persons who have already earned a bachelor's degree and wish to earn a second degree must meet the following degree requirements:

1. Complete a minimum of 30 additional semester hours of credit at Tabor College to establish residency.
2. If the first degree was earned at Tabor College, at least half of the 30 hours must be earned at Tabor College.
3. Earn a minimum cumulative grade point average of 2.00.
4. Complete the Core Curriculum requirements for the degree sought.
5. Complete the requirements of a major field of study.

Conferral of Degree

Diplomas will be issued to students upon completion of their degree requirements, full payment of tuition, fees and all additional charges, and after approval of the faculty and Board of Directors in February, May, or October.

Students can be approved by the Board in October if the only remaining requirements are In Progress at Tabor and will be completed during Fall Semester so that degrees can be awarded at the end of Fall Semester.

Students can be approved by the Board in February if they have completed all requirements at that time.

Students can be approved by the Board in May if they have no more than twelve hours of coursework needed after Commencement.

Students approved to receive their degrees at any of these three times are encouraged to participate in Commencement in May. Master's level graduates will be hooded at the first Commencement exercise following degree conferral. The Registrar will notify graduates of the deadline for indicating their intention to participate in Commencement.

Commencement

Participation in the Commencement exercise is defined as a privilege in that it symbolizes completion of a course of study at Tabor College. Students who have completed degree requirements are eligible to participate. In addition, undergraduate students who have obtained a GPA of 2.00 and are deficient no more than twelve hours (six hours for A.A. degree-seeking candidates), may participate in Commencement providing they have a plan approved by their advisor and the Registrar to complete all requirements. Graduate students must have all requirements completed prior to participation in Commencement.

ACADEMIC CALENDAR 2012-13

Fall Semester

Aug. 19-22	Freshman Orientation
Aug. 22	Transfer Student Orientation
Aug. 20	Confirmation of Registration and Financial Settlement for Fall
Aug. 20	Evening Classes Begin (unless otherwise noted in the academic calendar on tabor.edu or the Registration Guide)
Aug. 21	Day Classes Begin
Sept. 3	Labor Day – regular classes held
Oct. 6	End of First Half Semester Classes
Oct. 6	Homecoming
Oct. 12-16	Fall Break
Oct. 13	Second-Half Semester Classes Begin
Nov. 20	Thanksgiving Vacation Begins – 10 p.m.
Nov. 26	Classes Resume
Dec. 3-6	Final Exams
Dec. 6	Semester Ends – 5 p.m.

Interterm

Jan. 3	New Student Registration and Orientation
Jan. 3	Classes Begin
Jan. 16	End of First-Half Classes
Jan. 17	Second-Half Classes Begin
Jan. 25	Interterm Final Exams
Jan. 27	Completion Date for Fall Incompletes (grades due February 10)

Spring Semester

Jan. 18, 19, 24	Confirmation of Registration and Financial Settlement for Spring
Jan. 28	Evening Classes Begin
Jan. 29	Day Classes Begin
Feb. 28	Completion Date for Interterm Incompletes (grades due March 7)
Mar. 16	End of First-Half Semester Classes
Mar. 15	Spring Break begins at 10:00 p.m.
Mar. 25	Classes resume
Mar. 26	Second-Half Semester Classes Begin
Mar. 29	Good Friday-no class
May 13-16	Final Exams
May 16	Semester Ends
May 18	Commencement – 10:00 a.m.
June 30	Completion Date for Spring Incompletes (grades due July 15)

Tabor College Undergraduate Studies

ACADEMIC PROGRAMS

CORE CURRICULUM PROGRAM

A liberal arts curriculum is composed of three major segments: Core Curriculum courses, major courses, and electives. Our Core Curriculum program is defined as those courses the faculty of Tabor College consider to be essential for all students to take. It includes the courses we believe are central to a Christian liberal arts education. Within this package, Tabor College attempts to communicate its primary distinctives and core values. A student who has successfully completed a degree at Tabor, including the Core Curriculum, will have been exposed to a number of issues and skills areas that represent important competencies for productive living as a citizen of society and the Kingdom of God. These include the following:

1. Uses effective communication skills in reading, writing, speaking, and authentic interpersonal relationships/dialogue.
2. Solves problems using critical thinking skills individually and in groups/teams.
3. Uses technology competently to gather, synthesize, and present information.
4. Demonstrates a critical understanding of the scientific method, inductive reasoning, and deductive reasoning.
5. Participates in activities and services with an enhanced awareness and respect of intercultural relationships in the global society.
6. Demonstrates an understanding of the nature and role of fine arts in society.
7. Summarizes the impact of historical perspective regarding events, ideologies, and values.
8. Articulates an understanding of the biblical core foundation of Christian faith.
9. Practices ethical behavior in personal, academic, competitive, and professional contexts.

Tabor College's distinctives as an institution of higher education center primarily on our heritage as a faith-centered, church-related liberal arts college. The overall commitment of Tabor College is to develop holistic collegiate-level competence, and a distinctly Christian lifestyle and world view. These attributes are developed through the curriculum as well as through student life activities. Our distinctives find expression in many places, including our Core Curriculum program:

Christ-centeredness. We try to both teach and live the commandment to love God and neighbor. Our aim is to see faith development occur in our students. Instruction in the classroom proceeds from a Christian/biblical world view, and students are encouraged to develop such a perspective for themselves.

Community. We live in an academic community at Tabor College, and desire to live as a community of faith as well. We support each other, and hold each other accountable for excellence, personal, and spiritual growth.

Competence. We strive for holistic education that includes intellectual, emotional, spiritual, physical, and relational dimensions.

Service. We stress the importance of serving Christ in all vocations, and provide service/learning opportunities for students.

Cross-cultural Sensitivity. We believe that students must be prepared to live and work in a diverse world.

The Core Curriculum program is further guided by a number of philosophical principles:

1. Our students should be generalists, well acquainted with the major ideas of human intellectual history.
2. Our Core Curriculum program should introduce students to a variety of disciplines, but within the framework of a unified vision and purpose.
3. We recognize the value of secular learning, and strive to learn God’s truth wherever it may be found.
4. We believe that there are “ideals” to be pursued in life – namely, the way of Christ. We want our students to be free to become all that God intends them to be.
5. We believe that Christian maturity and citizenship are characterized by the ability to critique our culture, as well as seeking to develop Christian ways of viewing the world.

Core Curriculum Conceptual Framework

The Core Curriculum is based on the Tabor College Mission Statement and Philosophy.

Each graduate of Tabor College will demonstrate competencies as a result of the Core Curriculum. The Core Curriculum, including courses and experiences, is:

1. Broad in scope, covering a wide range of topics.
2. Deals with worldviews, constructs, and concepts and their applications to the Christian life.
3. Interrelated, asking general questions within historical contexts and seeking meaningful connections across multiple areas of inquiry.
4. Descriptive about the nature of inquiry within any given discipline.
5. Outcomes-related, designed to develop or enhance the skills and knowledge identified by the faculty and other constituents as essential traits of a Tabor College graduate.
6. Characterized by principles of Christian theology and ethics from a Mennonite Brethren perspective within the core curriculum course content.
7. Community-focused, where students learn to listen to each other, respectfully critique ideas, and support each others’ learning.
8. Respectful of all persons from different cultures and backgrounds, where students grow in their understanding of the increasing interdependence of people of diverse cultures throughout the world, including the United States.

TABOR COLLEGE CORE CURRICULUM REQUIREMENTS

	<i>Hours</i>	<i>Term Taken</i>	<i>Grade</i>
Tabor Distinctives:			
RS 110-G The Bible, Community and Culture.....	3	_____	_____
PL 170-G Introduction to Philosophy	3	_____	_____
RS 400-G Christian Faith in Contemporary Culture	3	_____	_____
Intercultural Awareness Experience (IAE) <i>Choose one of the following three options:</i>			
(1) IAE Experience		_____	_____
(2) Foreign Language (2 semesters).....		_____	_____
(3) CO/SO 201-G Intercultural Communication and either SO 115-G Cultural Anthro OR SO 352-G Cultural Div ..		_____	_____
English:			
EN 101-G English Composition.....	0-3	_____	_____
EN 211-G English Composition and Literature	3	_____	_____
Upper Level English Elective.....	3	_____	_____
<i>Choose one of the following:</i>			
EN 304-G Advanced Writing: Expository		_____	_____
EN 305-G Advanced Writing: Business.....		_____	_____
EN 311-G American Literature I.....		_____	_____
EN 314-G Ethnic and Minority Literature.....		_____	_____
EN 316-G World Literature		_____	_____
EN 321-G American Literature II		_____	_____
EN 350-G Topics in Language and Literature.....		_____	_____
EN 411-G British Literature I		_____	_____
EN 412-G Shakespeare		_____	_____
EN 421-G British Literature II		_____	_____
Biblical and Religious Studies:			
One Bible content course (marked "GC").....	3	_____	_____
One Bible/Religion/Philosophy elective (Any RS/PL course marked "G" or "GC").....	3	_____	_____
Deductive Reasoning:			
<i>Choose one of the following:</i>			
<i>(Education majors must take MA 204-G)</i>			
MA 105-G College Algebra.....	3	_____	_____
MA 106-G Pre-Calculus.....	5	_____	_____
MA 114-G Calculus I.....	4	_____	_____
MA 203-G Discrete Mathematics	3	_____	_____
MA 204-G Nature of Mathematics.....	4	_____	_____
MA 221-G Elementary Statistics	4	_____	_____
MA 222-G Finite Mathematics/Calculus	4	_____	_____
PL 271-G Introduction to Logic.....	3	_____	_____

History:

Choose one of the following:

(Education majors must take U.S. History or World Civilizations)

HI 121-G U.S. History I	3	_____	_____
HI 122-G U.S. History II	3	_____	_____
HI 130-G American Social History	4	_____	_____
HI 160-G World Civilizations I	4	_____	_____
HI 161-G World Civilization II	4	_____	_____
HI 290/390-G History of Christianity	4	_____	_____
HI 318-G American Religious History	4	_____	_____

Social Science:

Choose one of the following courses:

(Education majors must take PY111)

EC 223-G Macroeconomics	3	_____	_____
EC/PS 240-G Political/Economic Ideologies	4	_____	_____
GEO 160-G World Geography	3	_____	_____
PS 112-G American Government	4	_____	_____
PY 111-G General Psychology	3	_____	_____
SO 113-G Introduction to Sociology	3	_____	_____
SO 115-G Cultural Anthropology	3	_____	_____

Physical Education:

PE 100-G Wellness Concepts OR	2	_____	_____
PE 216-G Introduction to Health and Wellness	3	_____	_____

Choose a total of one hour from the following:

PE 104-G Aerobics	1	_____	_____
PE 108-G Outdoor Adventure	1	_____	_____
PE 109-G Fitness Walking	1	_____	_____
PE 111-G Jogging	1	_____	_____
PE 112-G Tennis	1	_____	_____
PE 114-G Beginning Weight Training	1	_____	_____
PE 116-G Advanced Weight Training	1	_____	_____
PE 118-G Physical Conditioning	1	_____	_____

Fine Arts:

Choose one of the following:

(Elementary Education majors must take one course marked with a +)

AR 101-G Basic Design I	2	_____	_____
AR 105-G Ceramics I	3	_____	_____
AR 106-G Basic Photography	2	_____	_____
AR 107-G Drawing I	3	_____	_____
AR 108-G Painting I	3	_____	_____
AR 211/212-G Art History I or II+	3	_____	_____
AR 235-G Basic Typography	2	_____	_____
AR 241-G Introduction to Graphic Design	2	_____	_____
CO 200-G Theater Appreciation+	2	_____	_____
CO 203-G Introduction to Theater+	3	_____	_____
HU 100-G Introduction to Fine Arts+	3	_____	_____
MU 141-G Music Theory I	3	_____	_____
PL 210-G Aesthetics+	2	_____	_____

Laboratory Science:

Choose one of the following:

BI 100-G Environmental Science*	4	_____	_____
BI 110-G College Biology*	4	_____	_____
BI 211-G Human Anatomy and Physiology	5	_____	_____
CH 111-G General Chemistry I	4	_____	_____
PH 101-G Physical Science*	4	_____	_____
PH 105-G Earth Science*	4	_____	_____
PH110-G Astronomy*	4	_____	_____
PH 203-G/233-G Introductory Physics /General Physics I	4	_____	_____

(Elementary Education majors must have one PH/CH course and one BI course)

()-recommended for non-science majors*

Other Competencies:

Mathematics	0	_____	_____

TOTAL CORE CURRICULUM HOURS _____

Hours in Major 1 _____

Hours in Major 2 (optional) _____

Hours in Minor (optional) _____

Electives _____

Professional Education Hours (optional) _____

Total hours for degree 124 _____

Upper level hours 40 _____

Minimum GPA 2.0 (unless major requires higher GPA)

Core Curriculum courses are identified in the Course Catalog and Schedule of Courses with a "G or GC."

This checklist only reflects graduation requirements. See the *Teacher Education Handbook* for teacher licensure.

Core Curriculum Requirements for Transfer Students.

All non-applied Associate Degrees from any accredited college will be accepted as meeting Tabor Core Curriculum requirements with the exception of the following institutional distinctives:

- TC 310 College, Christianity, and Culture (1 credit hour)
- RS 110 The Bible, Community, and Culture (3 credit hours)
- RS 400 Christian Faith in Contemporary Culture (3 credit hours)
- Intercultural Awareness Experience (3-8 credit hours)

Completion of the Tabor College Core Curriculum does not necessarily satisfy all program requirements (e.g. Teacher Education and gpa stipulations). Specific core curriculum courses required for a program of study are published in the Catalog. Some transfer students require more than four years of study to complete all degree requirements.”

Note that all transfer students who do not have a non-applied Associate Degree are subject to the core curriculum requirements of the Tabor College catalog that is in force at the time of their transfer.

Information regarding Core Curriculum requirements for Wichita is outlined in the Tabor College School of Adult and Graduate Studies Catalog.

INTERCULTURAL AWARENESS

Objectives

“Preparing people for a life of learning, work, and service for Christ and his kingdom.” As one mean of fulfilling this part of the mission, Tabor College has an Intercultural Awareness requirement that seeks to accomplish one or more of the following:

1. Bring students into direct contact with the cultures of people around the world, past and present.
2. Increase students’ understanding of the increasing interdependence of the people of many cultures in the United States and around the world.
3. Increase students’ consciousness that God has created all persons and calls us to express love and understanding toward persons of all cultures and ethnic groups around the world.
4. Increase students’ awareness of the rewards and challenges of exercising their careers and volunteer skills among people of need around the world.
5. Help students find sensitive and effective ways to bear witness to their faith in Christ to people of other cultures.

Options

The Intercultural Awareness requirement may be met in one of the following ways. It is assumed that citizens of countries other than the United States and Canada have fulfilled the spirit of this requirement by having been a part of other cultures. U.S. citizens who have lived outside the United States and Canada for more than ten years have also fulfilled the requirement. Students should contact the Registrar’s Office for information about documenting their international experience.

1. *International Experience.* Tabor College faculty and administrators organize and lead international learning and service experiences, most often during Interterm. For students to fulfill their Intercultural Awareness requirement by participating in one of these trips, the trip must be consistent with the guidelines below, and the leader of the trip must seek the approval of the Academic Policies Committee for the trip. Trips which are substantially the same as those previously approved need not be approved again.

2. *Intercultural Experience.* Under the guidance of a College faculty member, students may elect to participate in an Intercultural Experience within the United States. Appropriate settings would include those that require significant direct contact with those who live in the host setting and involve meaningful Christian service/learning experiences. Again, the Academic Policies Committee must approve all proposals under this option.

Requirements for both the International and Intercultural Experience

1. **Length:** Any trip taken under the supervision of a Tabor College faculty member must be a minimum of two weeks long. The leader of a trip with a duration of less than two weeks may appeal to APC, which will then determine if the trip is acceptable for meeting the IAE requirement.
2. **Reading:** Students will be given appropriate reading assignments to deepen their cultural understanding of the cultural setting in which they will be involved. To fulfill the International or Intercultural requirement, the reading should relate to the culture of the setting and be appropriate to the department sponsoring the learning experience.
3. **Writing:** Students will be asked to write about their experiences and their reading during and after the trip. This may take the form of a journal, a research paper, or a reflective essay.
4. **Interaction:** The leader of the trip will seek to arrange as much interaction with the people as possible. In some cases, it might be possible to arrange for home stays.
5. **Credit:** When credit is offered, the chair of the department through which credit is given will determine the number of credit hours and the suitability of the experience to that discipline. Trips during Interterm will normally be offered for three or four credits.

Faculty and staff will be encouraged to organize International and Intercultural Experiences at times which take into account the scheduling problems that arise for those participating in sports, employment, and required courses during Interterm. This may include trips during the early summer and urban experiences during Interterm (in nearby cities).

3. International Semester-Long Study Programs. These are programs sponsored by the Council for Christian Colleges and Universities or individually approved by the Academic Dean and the student's advisor. (See the Council for Christian Colleges and Universities Cooperative Programs section later in this section.)

4. On-Campus Courses:

Option 1. Students may choose to complete one year (two semesters) of a modern foreign language as a means of satisfying the requirement. Language courses at Tabor are designed to expose the student to the cultural context of the language being studied. This requirement cannot be met through credit by examination.

Option 2. Students may take CO/SO 201-G Intercultural Communication and choose one of the following two courses to meet the intercultural awareness requirement: SO 115-G Cultural Anthropology OR SO 352-G Cultural Diversity.

Substitution for the Intercultural Awareness Requirement

A student may have the opportunity for an international or intercultural experience through an organization or agency not affiliated with Tabor. In that case, the student must demonstrate that the five objectives of the IAE requirement (stated above) have been met. The student may write a life-learning paper for a minimum of one credit hour following the policy for Prior Learning Experiences. Alternatively, if the student wishes to receive credit for an experience in the summer, they may enroll through an independent study with IAE Faculty (designated by the Academic Dean).

CORE CURRICULUM COMPETENCIES

English Composition

1. CLEP score of 50 or higher for 3 hours credit
 English Comp with Essay exam – 3 hours EN 101-G
 Freshman College Comp with Essay exam – 3 hours EN 101-G
2. Advanced Placement score of 3 or higher for 6 hours credit
 Composition/Literature exam – 3 hours EN 101-G; 3 hours EN 211-G
 Language/Composition exam – 3 hours EN 101-G; 3 hours elective
3. ACT English score of 28 or higher or SAT Critical Reading score of 630 or higher (no credit)

Mathematics

Students must demonstrate competency in mathematics before receiving the B.A. or B.S. degree from Tabor College. There are five ways for students to meet this requirement:

1. A mathematics ACT score of 19
 If the ACT was taken prior to 1990, competency is demonstrated with an ACT mathematics of 16 OR an ACT mathematics score of 12-15 paired with an English ACT score of 16.
 2. A mathematics SAT score of 460 OR a mathematics SAT score of 400 paired with a Critical Reading SAT score of 470.
 If the SAT exam was taken prior to April 1, 1995, competency is demonstrated with an SAT mathematics score of 390 OR a mathematics SAT score of 350 paired with a Critical Reading SAT score of 390.
 3. Pass the Compass Pre-Algebra Competency Exam with a minimum score of 50 or the Compass Algebra exam with a score of 40. This test must be taken at Tabor College. This competency exam will be offered by the Student Success Office at least once each semester. Contact the Student Success Office or the Mathematics Department for testing information and retest policy. There is no fee for the initial attempt at the Compass exam. No credit is earned with this option.
 4. Minimum score of 43 on the Numerical Skills portion of the ASSET Tests.
 5. Grade of at least C- in MA 103 Basic Mathematics or a grade of at least C in MA 104 Intermediate Algebra or in any transfer course which is at least the equivalent of MA 104.
- ** No credit is earned with option 1-4.

Students who do not meet the ACT, SAT, or PPST minimums for mathematics competency are required to take the Mathematics Competency Exam the first semester they are at Tabor College. Any student who fails to pass, or does not attempt the exam, will be required to enroll in MA 103 during the first semester it is offered. The exam may be repeated prior to enrollment in Basic Mathematics if time allows. Students who fail to receive a minimum grade of C- in Basic Mathematics will be required to repeat the course the following year unless competency is demonstrated through passing the exam during the subsequent time period.

This requirement is treated like a credit-hour deficiency for purposes of determining if a senior may participate in commencement activities.

Speech Competency

A student who demonstrates speech competency will:

- Select and develop speech topics with a particular audience in mind.
- Organize ideas in a purposeful, cohesive sequence
- Demonstrate accurate, clear and expressive use of voice, nonverbal communication and language
- Formulate and presents convincing arguments and evidence through sound reasoning and research.

Students may demonstrate speech competency in the following ways:

- 1) Enroll in and pass CO131-G Public Speaking or its equivalent.
- 2) Enroll in and pass courses approved by the Department of Communication.
- 3) Take a written exam and deliver a speech according to guidelines established by the Department of Communication. The written exam will be taken first. If the student does not earn a grade of C or higher on the written exam, then she/he has not demonstrated speech competency. If the written exam is passed with a grade of C or higher, the student will be asked to prepare and deliver a speech. If the speech earns a grade of C or higher, the student will have demonstrated speech competency. Opportunities for this option will be offered each semester. No credit is earned with this option.

INDIVIDUALIZED STUDIES

Experiential Learning

A student may engage in learning outside the classroom through two experiential learning programs at Tabor College: Experience-Based Learning (EBL) and Internships/Practicums.

Students may earn up to 16 hours of credit in experiential learning toward graduation. Experiential learning may occur during Fall or Spring semesters, Interterm, or Summer sessions. The student must have 40 hours of actual, on-site experience for each academic credit earned. All experiential learning courses must be approved by a student's academic advisor and require a learning contract which is developed in consultation with and signed by the College sponsor/supervisor of the experience. Learning contracts identify the reasons and objectives for the experience, methods of achieving those objectives, and methods of evaluation. All learning experiences require written materials for evaluation, including a mid-point and final written report in which the student relates the activities to objectives stated in the contract. A site supervisor's evaluation is also required. EBL experiences are graded CR/NC. Practica, internships, and field experiences which are offered by various departments may either use letter grades or be graded CR/NC. The department offering these learning experiences is responsible for determining the grading policy and indicating this in the catalog. It is irrelevant whether or not students are paid for work experiences for which they are getting EBL or internship credit. Tuition for experiential learning is the same cost as for other credits for that particular term.

Experience-Based Learning. Courses numbered 222/422 allow the student to learn and earn academic credit from general out-of-the-classroom experiences such as: cross-cultural, career exploration, volunteer, leadership, missions/service, and other approved experiences. The student must have a faculty or staff member approve and sponsor the EBL experience. If the EBL course is related to an academic department and/or has a departmental prefix in the course number, it must be approved by the academic department. If the course is not related to an academic department, it will have an Institutional Studies ("TC") prefix.

Internships. Internships allow students to pursue experiences related to their academic majors that correspond to their career aspirations. Internships provide opportunity for professional application of academic theory and skills outside the classroom. An internship enables a student to gain practical, relevant experience in a work environment and further develops his/her professional skills. As an upper-level course, internships are professional in nature and require supervision by a faculty member in the academic department related to the particular internship. Internships require an application process that includes the completion of an internship proposal and approval by a faculty supervisor. A student intern will meet certain criteria for being approved for an internship which include (but not limited to): junior or senior standing, being in good academic standing with the minimum GPA for graduation, and any courses deemed as prerequisite by the faculty supervisor. Internship experiences also include one or more site visits by the faculty supervisor to evaluate the experience and facilitate the student's learning.

Note: Prior Experiential Learning is also available to students who have had experiences not sponsored by Tabor College. Prior Experiential Learning is described in the Admissions section of the catalog.

Independent Studies

For a variety of reasons it may be necessary or desirable for a student to arrange with a faculty member for Independent Studies. These are of two distinct types: 1) Courses that appear in the catalog, but the student arranges to take them individually from a faculty member, and 2) Research and advanced study arranged by a student, under the supervision of a faculty member. The differences are explained further below. For both types of Independent Studies, the following guidelines must be followed:

1. Students must have demonstrated ability to do academic work on their own.
2. Students on probation will not be permitted to register for Independent Studies.
3. Faculty agreeing to supervise the Independent Studies will be those whose academic credentials are appropriate.
4. Adjunct faculty will generally not be available for supervising Independent Studies.
5. A form, available in the Business Office, must be filled out, giving the reasons for taking the Independent Study, the content of the study, and the frequency of meeting. It will be signed by the faculty member, the student, the Division Chair, and the Academic Dean.

Independent Studies/Catalog Courses. These are courses listed in the catalog, but for some legitimate reason the student cannot take the course when it is offered. The following guidelines must be followed in addition to those above:

1. Freshmen and sophomores will generally not enroll in this type of independent study since they may have other opportunities to take the course.
2. Advisors will pursue all other options before approving registration for this type of independent study.
3. The faculty member and student will meet weekly to discuss the material in the course.
4. The content of the study will be as close as possible to that covered in the regular course, including exams.
5. Courses which depend on group interaction will not be offered in this way.
6. Generally, courses taken for Core Curriculum credit will not be taken by independent study.

Independent Studies/Research/Advanced Studies. These are research and learning projects undertaken by students with faculty supervision; they are by definition not listed in the catalog. The courses are given the number 218 or 418, with the prefix of the appropriate department. Students registering for this type of Independent Study will follow the guidelines below, as well as the general ones above:

1. Students should develop their own ideas for the topics of study, with guidance from a faculty member.
2. Students must be at least sophomores.
3. Students must have a 3.0 GPA the preceding semester.
4. There are to be at least five hours of student/faculty contact per credit hour during the semester.
5. The student and the faculty member will agree on the final product of the study, e.g., a paper, and the scope of this project will be included in the approval form.

Individualized Majors

Students may request a major not listed in the College catalog. This is then developed by utilizing various Tabor, ACCK, or other college course offerings. Individualized majors must consist of study available at Tabor and through the ACCK. A proposed individualized major with insufficient courses available will not be approved. The request must be submitted prior to engaging in the last 30 hours of the student's program. The following procedure should be used when structuring an individualized major:

1. Select an advisor and/or advisory committee according to the chosen major.
2. Select a minimum of 40 course hours taught by at least two instructors. Use ACCK as needed and appropriate.
3. Obtain approval of Academic Policies Committee.

SPECIAL SCHEDULES

January Interterm. The Tabor calendar provides for an Interterm during the month of January. Courses during the Interterm are planned to afford students an opportunity for uninterrupted and intensive study of a subject of particular interest. Interdepartmental study, independent research, and traveling seminars are offered.

Inter-institutional arrangements make it possible for students to enroll for courses on any of the ACCK campuses without additional tuition costs. Interterm courses may be different each year, and therefore may not be listed in the regular catalog offerings.

Agreements with other 4-1-4 colleges may allow Tabor College students to take courses at other colleges during the January term without paying extra tuition. This does not apply to off-campus programs such as the Au Sable Institute.

Tabor has offered a number of interterm travel experiences for interested students in recent years. Study groups have traveled to Russia, Europe, Central America, Belize, and other destinations. Students are strongly encouraged to take advantage of at least one Interterm travel opportunity during their years at Tabor College.

Summer School. Tabor College offers a summer program of individualized study for students wishing to obtain college credit during the summer months. The summer courses include online courses and independent studies. Those interested in this option should contact the Registrar's Office for procedural guidelines and further information.

OFFICE FOR STUDENT SUCCESS AND CAREER CENTER

The Office for Student Success and Career Center provides a wide range of services to any and all Tabor College students to help improve their academic effectiveness. Students are evaluated to determine which services might be of greatest benefit. Special needs, such as learning disabilities, are taken into account in the evaluation process and in planning steps toward effective learning. Among the programs offered are course-based tutoring, group tutoring, computer-assisted skill development, and time management planning.

ARTICULATION AGREEMENTS

Tabor College has articulation agreements with a number of institutions including, a youth ministries articulation agreement, and an associate of science degree articulation agreement with Hesston College. Articulation agreements allow seamless transfer to Tabor College. An articulation agreement with Hesston College also allows Hesston nursing students to obtain a Bachelor of Science in Nursing degree through a 2+2 year program at Tabor College School of Adult and Graduate Studies. For more information about the articulation arrangements, see the Registrar.

COOPERATIVE PROGRAMS

ACCK. Tabor College is a member of the Associated Colleges of Central Kansas (Bethany, Bethel, Kansas Wesleyan, McPherson, Sterling, and Tabor), founded in 1966. The ACCK provides a wide range of curricular offerings. Through reciprocal agreements, Tabor students may enroll in ACCK courses as well as regular courses offered by the member colleges. A state-approved special education endorsement is available through the consortium.

Mathematics/Computer Science. Bethel and Tabor colleges have developed a cooperative mathematics/computer science program. Through a pooling of students and faculty resources, the Cooperative Department of Mathematical Sciences is able to offer a full complement of lower-level courses on each campus, as well as a wide selection of upper-level courses.

Through this cooperative program, students are able to choose options in secondary education, actuarial science, computer science, as well as programs in preparing for graduate school in pure/applied mathematics or computer science. Combined upper-level courses are taught on the various campuses depending on the needs of the students. Instructors for all courses are chosen from the cooperative faculty based on the professors' interests and competencies.

Music. Bethel, McPherson, and Tabor colleges have developed cooperative music education methods courses. Classes are combined and taught by faculty from each campus.

Private lessons are available on other ACCK campuses through an additional cooperative arrangement.

A piano pedagogy major is available through a cooperative program with Bethel, Hesston, and Tabor colleges.

Foreign Language. Students may enroll in advanced courses in several colleges which are members of the ACCK.

Special Education. A state-approved program for licensure in special education is available through ACCK. Programs and course titles may be found in the Department of Education section of this catalog.

Environmental Studies. Tabor College participates in the program of Au Sable Institute of Environmental Studies. This institute serves a number of evangelical Christian colleges with summer field courses in environmental study that lead up to the granting of vocational certificates. January term and May term courses are also available. In combination with courses offered at Tabor College, students can complete a concentration in Environmental Biology as well.

Persons taking courses from Au Sable remain students at Tabor College, which controls enrollment, grading, credits, refunds, and student conduct policy. The application process needs to take place in the Academic Dean's offices. Enrollment in Au Sable courses on Au Sable's sites for Interterm and Summer sessions requires additional tuition and room and board fees, over and above those charged by Tabor College, which must be borne by the student.

Tabor College has been designated by the institute as one of a select number of colleges eligible for financial grants each year. Institute fellowships and scholarships are available to Tabor College students to assist in attendance costs, and additional travel aid is also available. Information on application and eligibility for these awards may be obtained from the Academic Dean.

A listing of domestic and international environmental courses may be found in the current Au Sable Institute Bulletin, which is available in the Academic Offices.

Council for Christian College and Universities. Tabor College is one of over 100 members of the Council for Christian Colleges and Universities. By virtue of this membership, Tabor College students are eligible to participate in the CCCU-sponsored programs. For detailed information on the curricula, course descriptions, qualifications, costs, and applications procedures for any of the programs outlined below, see the Academic Offices or www.BestSemester.com.

1. ***American Studies Program.*** The American Studies Program in Washington, D.C., is a semester-long program that combines intensive study of public policy issues with internship experiences in the offices of government officials or various national organizations. Students live in community with Christians from varied backgrounds and regions, with an emphasis on integrating faith, learning, and living into all aspects of life.

The American Studies Program is designed for juniors and seniors from a wide range of academic majors and vocational interests. In addition to the regular semester internship/seminar program, summer internships are also available.

2. ***Contemporary Music Center.*** This program, located on Martha's Vineyard in Massachusetts, provides students the opportunity to live and work in community while seeking to understand how God will have them integrate music, faith, and business. It includes seven hours of core courses and nine hours of either an artist's track or an executive's track credit for a total of 16 hours. Both tracks include course work, labs, directed study, and a practicum.

3. ***Los Angeles Film Studies Center.*** Tabor College is able to offer a semester of learning and living in Hollywood with a focus on the film industry from a Christian perspective. This program is structured in the same way as the American Studies Program.

4. ***Washington Journalism Center.*** The Washington Journalism Center offers an advanced experience-based semester on Capitol Hill and encourages students to critically analyze the legal, ethical, and moral implications of being a Christian in the media.

5. *International Semester-Long Study Programs.* Tabor College students may participate in eight international programs (in addition to the CCCU programs in the U.S.), described below:

a. Australia Studies Centre, Sydney. Throughout the semester, students study theology, global justice issues affecting Australia, Indigenous cultures and the arts. Additionally, students choose electives in theology/ministry, music, drawing/graphic design, dance and/or drama. Sixteen-eighteen hours credit.

b. China Studies Program, Xiamen University. The program begins and finishes the semester in Hong Kong and introduces students to the diversity of China, including Beijing, Shanghai, Xian and Xiamen. This interdisciplinary, cross-cultural program enables students to communicate and understand the unique culture and people of China with an informed, Christ-centered perspective.. Sixteen-seventeen hours credit.

c. India Studies Program. This program offers a unique opportunity to encounter one of today's most fascinating and diverse cultures. Students will participate in two core courses designed to provide a broad overview of the historical, religious, geographical and economic landscape of India. Building on their basic understanding of India's past and contemporary realities students will have opportunities to explore a variety of issues - poverty, social justice, rapid social change, religious pluralism - through the eyes and experience of Indian Christians.

d. Latin American Studies Program, San Jose, Costa Rica. Introduces students to a wide range of experiences through the study of the language, literature, culture, politics, history, economics, ecology and religion of the region. Students participate in one of four concentrations: Latin American studies, advanced language and literature, international business or environmental science. Sixteen-eighteen hours credit.

e. Middle East Studies Program, Cairo, Egypt. Offers students a unique opportunity to explore and interact with the complex and strategically important world of the modern Middle East. Encourages and equips students to relate to the Muslim, Eastern Christian and Jewish worlds in an informed, constructive and Christ-centered manner. Sixteen hours credit.

f. Scholar's Semester in Oxford, Oxford University, England. Designed for students who want to study intensively and to a high standard. Designed for students interested in classics, English language and literature, theology and the study of religion, philosophy, and history. For qualified honors students. Emphasis in the Humanities. Seventeen hours credit.

g. Uganda Studies Program, Mukono, Uganda. Students explore issues such as poverty, aid and missions as they seek to reconcile the realities of East Africa with their Christian faith. Sixteen hours credit.

Summer Study Program. One summer study program is currently available for Tabor College students.

a. *Oxford Summer Programme*. The Oxford Summer Programme allows students to study under Oxford tutors and travel the sites of England. During the five-week programme, students hone their research and writing skills and delve into the areas that interest them most while exploring the relationship between Christianity and the development of the British Isles. The programme is structured for applicability to rising college sophomores, juniors, and seniors, graduate and seminary students, non-traditional students, teachers, and those enrolled in continuing education programs. Five to six hours credit.

Other Semester-Long Off-Campus Study Programs.

1. *Carson Semester*. The Carson Semester is an opportunity for students to participate in a mission/service organization for a semester for which they get a full semester of credit. The credit typically involved 6 hours of internship credit and several topics courses supervised by the department in which the student is majoring.

2. *Focus on the Family Institute*. The Institute is a college-level program which offers semester-long courses on family issues. The Institute is affiliated with Focus on the Family and is located in Colorado Springs. The following classes are offered: "Psychology and Family Studies;" "Leadership Development and Family Studies;" "Social Policy and Family Studies;" "Social Philosophy and Family Studies;" and "Family Studies Program." Tabor credit is available for the study done at the Institute. For details, contact the Academic Offices.

3. *Central American Study and Service (CASAS)*. This program, affiliated with the Anabaptist Seminary for Central Americans, SEMILLA, in Guatemala City, is an intercultural experience offering intense Spanish language study and service-learning opportunity.

Tabor International Study. Tabor College faculty organize study trips to enhance students' global knowledge and to fulfill the Intercultural Awareness Experience (IAE) requirement. Typically, the trips occur during Interterm. For information on future study trips, contact the Academic Offices.

PRE-PROFESSIONAL CURRICULA

1. Programs with Prescribed Course Selections. The following post-graduate, professional programs have definite course requirements and qualifying professional examinations. Tabor College graduates have been successful in being admitted in these fields, but it is important to seek advice from the appropriate Tabor faculty by the end of the freshman year at Tabor College. Contact the chair of the Natural Sciences Division to determine the appropriate advisor for each program.

- a. Dentistry
- b. Medicine
- c. Optometry
- d. Physical Therapy
- e. Veterinary Medicine

2. Programs without Firm Course Requirements. Graduate and professional schools in the following fields are generally flexible in the undergraduate work they will accept for admission. Admissions staff are more concerned about the quality and breadth of an applicant's work and their critical thinking skills than about the major selected. Consult a faculty member in the departments indicated for advice in course selection and in taking graduate entrance examinations:

- a. Foreign Service - An International Studies major is one option. Consult the Social Sciences Department.
- b. Law - Social Sciences Department
- c. Seminary - Religious Studies Department

3. Programs Requiring Transfer for Completion. The following programs must be completed by transferring to another institution. It is important to seek advice from faculty in the appropriate Tabor College department about the best choice of courses before transferring. Students may earn an A.A. degree at Tabor at the end of two years. See the Registrar for details.

- a. Engineering - Two years in mathematics, physics, and the liberal arts at Tabor College, with completion at an appropriate institution. Seek advice from the chair of the Mathematics Department.
- b. Nursing - Two years in biology, mathematics, chemistry, and the liberal arts at Tabor College, with completion at an appropriate institution.

Tabor College offers the Bachelor of Science in Nursing program to students with the Registered Nurse (RN) credential. This RN-BSN program is offered at the Tabor College School of Adult and Graduate Studies facility. Details of this program are outlined in the Tabor College School of Adult and Graduate Studies Catalog.

EDUCATION MAJOR

Core Curriculum Requirements for Teacher Licensure

OBJECTIVES

Students should note that Teacher Licensure Core Curriculum is more specific in several areas than the Core Curriculum program for graduation from Tabor College. Therefore, students should check with their academic advisor and the Education Department to determine if they are meeting both graduation and licensure requirements.

Core Curriculum course requirements for students graduating from Tabor College and seeking teacher licensure in Kansas include the following:

	<i>Hours</i>	<i>Term Taken</i>	<i>Grade</i>
Oral and Written Communications, Literature			
CO 131-G Public Speaking	3	_____	_____
EN 101-G English Composition	3	_____	_____
EN 211-G Introduction to Literature	3	_____	_____
EN 304-G Advanced Writing: Expository OR			
EN 305-G Adv. Writing: Business (Business Candidates only) ...	3	_____	_____
English Candidates must have a Foreign Language.....		_____	_____
EN 101-G English Composition	0-3	_____	_____
EN 211-G English Composition and Literature.....	3	_____	_____

Choose one of the following:

EN 304-G Advanced Writing: Expository OR			
EN 305-G Advanced Writing: Business OR			
EN 311-G American Literature I OR			
EN 314-G Ethnic and Minority Literature OR			
EN 316-G World Literature OR			
EN 321-G American Literature II OR			
EN 350-G Topics in Language and Literature OR			
EN 411-G British Literature I OR			
EN 412-G Shakespeare OR			
EN 421-G British Literature II	3	_____	_____

MINORS

A minor is a cohesive set of required and elective courses that, when completed by a student, connotes knowledge, competency, or skills in discipline or topic area, but not to the extent of a major.

A minor requires a minimum of 15 credit hours as set by the respective academic unit and College. A minor must include one upper level course and a minimum of three credit hours earned in residence. All courses in the minor must be passed with a C- or better. A student cannot add a minor unless it includes at least eight hours of coursework not required in the student's major.

A student must formally declare the minor for it to appear on the transcript of record. A minor is not required for graduation. Minors, like concentrations, cannot be added after a degree is granted.

Requirement Checklists

Accounting
Biochemistry
Biology
Camping
Chemistry
Christian Leadership
Church Music
Coaching
Communications
English
Environmental Science
Graphic Design
History
Integrated Marketing

*Grade Levels 6-12
Youth Ministry

ACCOUNTING MINOR

The Accounting minor is designed to give individuals the skills necessary to sufficiently understand the accounting process in such a way that they could adequately understand the financial aspects of businesses in their major field of study. It also would provide students with knowledge sufficient to be a general ledger accountant in a small business.

	<i>Hours</i>	<i>Term Taken</i>	<i>Grade</i>
Required Courses:			
BA 221 Financial Accounting	3	_____	_____
BA 222 Managerial Accounting	3	_____	_____
BA 320 Intermediate Accounting I.....	4	_____	_____
BA 325 Intermediate Accounting II OR			
BA 340 Accounting Information Systems.....	3-4	_____	_____
BA 410 Financial Management OR			
BA 326 Cost Accounting	3	_____	_____
BA 336 Individual Income Tax	3	_____	_____
TOTAL HOURS	19-20		

BIOCHEMISTRY MINOR

This minor will give an introduction to chemistry with an emphasis on the chemistry of living organisms. Students will learn problem-solving skills and also gain extensive experience working with chemicals and instrumentation in the chemistry laboratory.

	<i>Hours</i>	<i>Term Taken</i>	<i>Grade</i>
Required Courses:			
CH 111-G General Chemistry	4	_____	_____
CH 112 General Chemistry II.....	4	_____	_____
CH 303 Organic Chemistry I.....	4	_____	_____
CH 312 Analytical Chemistry	4	_____	_____
CH 416 Biochemistry I.....	4	_____	_____
TOTAL HOURS	20		

BIOLOGY MINOR

	<i>Hours</i>	<i>Term Taken</i>	<i>Grade</i>

PROGRAM AND COURSE DESCRIPTIONS

PROGRAM AND COURSE DESCRIPTIONS

Note: The course descriptions are alphabetized by course prefix, with cross references (e.g. “Bible” appears alphabetically, directing the reader to “Religious Studies”). Courses within the prefix listings are in numerical order. Courses numbered 100-299 are lower level, and courses numbered 300 and above are upper level. Core Curriculum courses are identified with a “G”. Courses marked with a GC meet the Core Curriculum Bible content requirement. The college reserves the right to cancel courses which fail to enroll a sufficient number of students by the end of the registration period.

ART

The Visual Art Department offers a rigorous art foundation program investigating the fundamental visual principles of composition, color, and drawing, along with a survey of art history and aesthetic theory. The skills and thought processes developed by students in the foundation program will form the basis for thoughtful work throughout their lives as artists and designers. A major is offered in Graphic Design—the giving of concrete communicative form to information and ideas. Major studies begin with an intensive investigation of typography from page composition to letterform design and progress to more theoretical design problems. Junior majors are awarded studio space for a more concentrated experience with classmates and faculty. Studies conclude with pragmatic design problems aimed at preparing a portfolio of work targeted at the sector of graphic design in which they intend to practice. Throughout the program, emphasis is placed on analytical skills, concept development, and quality of execution rather than stylistic affectation. Students completing this course of study will be prepared for practice in the field of graphic design.

Graphic Design Major Overview

Freshman: Foundation, composition skills and the visual elements, drawing skills, color theory, art theory, and art history.

Sophomore: Fundamentals of graphic design: page composition and letterform design.

Junior: Design process, history and philosophy; creative process, problem solving, and exploration of the question, “What is good design?”

Senior: Practice of design; The Art of Commerce and Portfolio Preparation.

COURSE DESCRIPTIONS

AR 101-G Basic Design: Principles of 2-D Composition/2

Introduction to the visual organization of a two-dimensional surface. Exercises will explore and test the principles of composition (balance, rhythm, proportion, focal point, unity, and contrast) and their interaction with the elements of form (line, shape, texture, and value) in various black and white media. Emphasis will be placed on formal analysis, visual vocabulary, and the process of design. Fall semester, even-numbered years.

AR 105-G/205-G Ceramics I and II/3, 3

Introduction to hand-built and wheel-thrown ceramic form. May be repeated for development of more advanced ceramic techniques.

AR 106-G Basic Photography/2

Introduction to basic camera skills and darkroom techniques involving black and white materials. The emphasis is on seeing photographically, stimulating visual awareness and creativity.

AR 107-G Drawing I: Structure, Perspective, and Rendering/2

This course centers on the most basic cognitive drawing skill: the complexity of translating the three dimensional world onto a two-dimensional surface. The principles of perspective are covered in detail with the focus on careful observation, achieving accurate optical measurement, and creating volume. The technique of rendering and the application of tonal value is introduced after fundamental drawing skills have been covered. Fall and Spring semesters.

AR 108-G/208 Painting I and II/3, 3

An introduction to technical and formal problems in painting. Painting I explores methods of image development from realistic to abstract/experimental. Attention is given to the impact that color has on visual form, pictorial space, value, and balance. Emphasis is on the expressive development of the individual. Painting II seeks to build on these elements through an expanded palette, larger projects, and critique sessions. Emphasis given to painting as visual commentary. Prerequisite: AR 107-G or consent of instructor. Painting I offered Fall semester and Painting II offered Spring semester.

AR 203 Watercolor/3

An introduction to the medium of watercolor. Development of the student's familiarity with the unique properties and effects of transparent color. Exercises in still life, landscape, figure, and experimental techniques. Prerequisite: AR 107-G or 108-G. Spring semester, odd-numbered years.

AR 207 Drawing II: Still Life, Landscape, and Figure/2

Building on basic drawing skills developed in Drawing I, this course introduces the major themes of drawing, stressing awareness of the total paper—designing the whole page. Prerequisite: AR 107-G. Spring semester, even-numbered years.

AR 211-G Art History I: Ancient through Medieval/3

A survey of the chronological sequence of major art styles of art history from ancient through medieval, exploring the creative portion of the work in review. It will also examine the cultural influences on art production, analysis of individual styles, and the aesthetic criteria and recognition of style, and the integration of visual arts with the performing arts, such as dance, music, and theater. Students will experience galleries, museums, theaters, concerts, and/or performances as they explore the fine arts. Fall semester, odd-numbered years.

AR 212-G Art History II: Renaissance through Modern/3

A survey of the chronological sequence of major art styles of art history from renaissance through 20th century, exploring the creative portion of the work in review. It will also examine the cultural influences on art production, analysis of individual styles, and the aesthetic criteria and recognition of style, and the integration of visual arts with the performing arts, such as dance, music, and theater. Students will experience galleries, museums, theaters, concerts, and/or performances as they explore the fine arts. Fall semester, even-numbered years.

AR 235-G Basic Typography/2

A thorough introduction to the structure of our letter system and the forming of letters through extensive practice drawing letterforms. Lectures and reading will cover letterform anatomy, historical development, classification, and professional terminology. Fall semester.

AR 241-G Introduction to Graphic Design/2

An introductory course concentrating on the fundamental issues of page layout: establishing visual hierarchy, structuring a message, readability and legibility, the application of compositional principles, and the creation and support of content by typographic arrangement. Work will begin with a simple message and a single page and progress to more complex messages over a sequence of pages. Spring semester.

AR 301 Color Theory/2

A focused study of the formal element color. Exercises will explore color definition, properties of color, and various systems for structuring color application to two-dimensional surfaces. Work will range from fundamental exercises to original individual compositions, as well as written analysis of color usage by various artists. Prerequisite: either AR 101-G or AR 241-G. Fall semester, odd-numbered years.

AR 306 Advanced Photography/2

A study of film formats, i.e., medium, and large (4x5), color processes (E-6, C-41), and large print production. Advanced black and white contrast controls in exposure and development techniques are also presented. Prerequisite: AR 106-G. Offered on demand.

AR 307 Drawing III: Advanced Drawing/3

A continued concern with the analytical, compositional, and expressive elements of drawing with an emphasis on development of individual projects. Prerequisite: AR 207-G.

AR 308 Painting III/3

Enables students to further explore skills and concepts learned in Painting I and II. While a traditional approach to oil painting will be emphasized, students are strongly encouraged to develop individuality through conceptual and technical experiments. Possibilities of use of mixed media and abstract painting will be presented. Prerequisite: AR 203 or AR208. Spring semester.

AR 312 Illustration: Pictorial Communication/3

An exploration of drawing as a means of concrete visual communication in the form of a narrative or isolated concept. A variety of materials and techniques are explored with consideration of their impact on the message. Prerequisite: AR 207-G.

AR 330 Printmaking/3

Designed to introduce students to various techniques of production of multiple-original works of art within a variety of techniques including woodcut, linocut, intaglio, and serigraph. Prerequisite: AR 101-G, AR 107-G, or AR 108-G.

AR 335 Advanced Typography/3

Experimental work in letterform, logotype, and typeface design. Problems range from theoretical to practical, from individual form to a series of forms, and from decorative to pragmatic. Prerequisite: AR 235-G. Spring semester, odd-numbered years.

AR 341 Advanced Graphic Design/3

An extended look at page layout that will push the relationship between form and content; how the visual structure of a message can impart and support content. Prerequisite: AR 241-G. Spring semester, even-numbered years.

AR 355 Graphic Design Process/4

An investigation of design methodology from problem definition to design solution along with a review of methods used by designers to generate original concepts. Prerequisites: AR 235-G and AR 241-G. Spring semester.

AR 360 Graphic Design History and Philosophy/4

A studio course that surveys the history of graphic design from its origins to the late 20th century with emphasis on what philosophies lay behind the work of each period. After gaining a general overview of graphic design history, students will be able to target later projects to historical periods and designers that resonate with their own interests. In conclusion, students will be required to synthesize and defend an answer to the question, "What is good design?" Prerequisites: AR 235-G and AR 241-G.

AR 410 Graphic Design Internship/3

Field experience in a corporate or nonprofit organization supervised by a faculty member. Students will have a hands-on experience that will allow them to apply knowledge and theory they have gained in their course work as well as experienced in the work place. In regular meetings with faculty and other interns, students will reflect on experiences. Prerequisites: AR 360 and consent of faculty.

AR 415 Practical Studies in Graphic Design/3

Exploration in a specific area of application, such as book design, website design, publication design, type design, exhibition design, advertising, signage, information design, identity systems, and packaging. Prerequisite: AR 355. Offered on demand.

AR 420 Graphic Design Practice/4

A study of the relationship between art and business that is graphic design. Along with writing a basic business plan prior to designing, students will learn basic studio procedures for tracking and managing jobs, as well as solving design problems within a business context. Prerequisites: AR 235-G and AR 241-G. Fall semester.

AR 430 Senior Practicum/1,2, or 3

Designed for students to get practical experience in a work setting on campus, outside studio course work. This experience will be supervised by faculty or staff members with appropriate experience. Must work at least 6 hours a week. May be repeated for credit. Prerequisite: Consent of instructor.

AR 435 Graphic Design Portfolio/2-4

Students begin by identifying the segment of the graphic design they wish to practice and then analyze their current body work in relation to this goal. Individual projects are planned and executed that will address the needs identified, and a portfolio is constructed to efficiently maintain the work. The course concludes with the senior exhibit. Prerequisite: Senior standing and consent of instructor. Offered on demand.

ATHLETIC TRAINING

(All courses are offered at ACCK facilities in McPherson.)

Athletic Training

The Tabor College Athletic Training Education Program (ATEP) is accredited by the Commission on Accreditation of Athletic Training Education (CAATE) through 2009. It includes courses from the Health and Physical Education Department. Students also take upper-level athletic training courses once a week in McPherson, North Newton, or Hillsboro, Kansas, through a partnership with Tabor College, Bethel College, and Bethany College. The coursework prepares students for the Board of Certification (BOC) exam and an entry-level career in athletic training. Coursework can also be added to prepare students for graduate school programs in physical therapy and other health care professions.

TC-ATEP Application Information

Admission into the Athletic Training Education Program is designed to be competitive. In order to apply for the ATEP, a student must meet academic pre-requisites and submit a complete application for admission during the spring semester of the freshman year. Transfer students should review the transfer policies and contact the ATEP Director for additional information regarding transferring required courses. The application process consists of submitting an application, physical exam, current immunization record, current first aid and CPR card, criminal background questionnaire, technical and performance standards verification, and an essay explaining the student's interest in the athletic training profession.

Students must also receive a C or better in PE 120-First Aid/Responding to Emergencies, PE 125-Practical Introduction to Athletic Training, and PE 220-Care and Prevention of Athletic Injuries, maintain a 2.5 overall GPA, acquire 30 athletic training observation hours, complete a blood-borne pathogen in-service and quiz, participate in a formal interview with the Athletic Training Selection Committee and purchase student liability insurance once accepted into the ATEP and annually thereafter. Go to the athletic training webpage at <http://www.tabor.edu/academics/undergrad.php> for the complete application. Completing the application and meeting all requirements does not guarantee admission to the program due to an 8:1 faculty to student ratio restriction. Students not meeting the requirements or those denied admittance due to size limitations may reapply the following academic year.

ACCK-ATEP ATHLETIC TRAINING COURSE DESCRIPTIONS

AT 315 Therapeutic Exercise/3

The study of cardiovascular, neuromuscular, strength, and flexibility fitness components and their practical application during the phases of rehabilitation. Laboratory included. Prerequisites: BI 211-G and PE 220, or consent of instructor. Fall semester.

AT 351 Prevention & Evaluation of Upper and Lower Body Athletic Injuries and Illnesses I/3

A study of clinical and field evaluative processes and equipment used by the Athletic Trainer. Focus is on orthopedic and soft tissue trauma to the extremities. The preventive measures available to reduce the frequency of injury and illness are surveyed and discussed. Laboratory included. Prerequisites: BI 211-G and PE 220, or consent of instructor. Fall semester.

AT 352 Prevention & Evaluation of Upper and Lower Body Athletic Injuries and Illnesses II/3

A study of clinical and field evaluative processes and equipment used by the Athletic Trainer. Focus is on orthopedic and soft tissue trauma to the axial skeleton. The preventive measures available to reduce the frequency of injury and illness are surveyed and discussed. Laboratory included. Prerequisites: BI 211-G and PE 220, or consent of instructor. Spring semester.

AT 430 Therapeutic Modalities/3

A study of therapeutic modalities: selection, set-up, application, parameters and physiological effects. The use of pharmaceuticals will also be investigated. Focus is on incorporating modalities and pharmaceuticals in the facilitation of the tissue healing response in the various stages of rehabilitation from injury or illness. Laboratory included. Prerequisites: BI 211-G and PE 220 or consent of instructor. Spring semester.

AT 435 Administration in Athletic Training/2

This course deals with the organization, administration, and methods involved in both the practice and programming of athletic training. An emphasis is placed on problem solving and risk management. Prerequisite: PE 220 or consent of instructor. Fall semester.

AT 440 Pathology and General Medical Conditions for the Athletic Trainer/3

A study of the causes and physiological responses physically active persons encounter due to injury, illness, disease, and disabilities. Included are the recognition, treatment, and referral of general medical conditions. Spring semester.

BUSINESS ADMINISTRATION

The Business Administration Department offers concentrations in Accounting-Finance, Agri-Business, Management, Sport Marketing/Management, and Marketing. Faculty with various academic and practical experience emphasize a Christian worldview and incorporate uses of technology in classroom teaching. An internship program provides students with opportunities for work experience and future employment.

COURSE DESCRIPTIONS**BA 110 Introduction to Business/3**

A survey course covering the environment of business, business trends, forms of business ownership, management and organizational structures, marketing, finance, and investments. Students are exposed to many career opportunities in business. Fall semester.

BA 205 Selecting a Business Career /1

The student will learn the practical contents of various professions within the business environment in order to enhance effective choices about what credentials are needed to enter the desired business field and to understand what work life would be like in that choice. In addition the student will learn the following skills: self-evaluation for professional choices, using information and resources for identifying opportunities, information interviewing, writing for job interviews, interviewing and assessment. The employer's perspective will be emphasized. Spring semester.

BA 215 Spreadsheet Applications for Business/2

The course stresses the use of the computer as a tool used in solving analytical business problems using a computer spreadsheet. The course covers a variety of problem solving techniques with the computer as well as software skill development. Fall or Spring semester.

BA 216 Database Applications for Business/1

The course stresses the use of the computer as a tool used in solving analytical business problems using a database application. The course covers a variety of problem solving techniques with the computer as well as software skill development. Fall or Spring semester.

BA 221 Financial Accounting/3

The study of accounting as a means of communicating financial information about the activities of the business enterprise. Emphasis is placed on concepts and principles underlying the measurement of income and financial position and how this information may be used to evaluate the progress of a firm. Sophomore standing or consent of instructor. Fall semester.

BA 222 Managerial Accounting/3

The study of accounting in terms of management's information requirements. Emphasis is given to the use of accounting in planning and controlling a firm's activities. Topics include budgeting, inventory valuation, cost volume profit analysis, standard costing, and financial statement analysis. Prerequisite: BA 221. Spring semester.

BA 310 Management Information Systems/3

Designed to provide an understanding of computerized information systems for the management of an enterprise, including collecting, verifying, and processing information to assist managers in making decisions to achieve organizational goals. Attention is given as to how the computer can be used to provide business data and information on a timely basis. Students are provided hands-on time with various software applications as they learn to solve business problems. Prerequisites: BA 215 and BA 216. Fall semester.

BA 312 Personal Finance/3

Principles of personal finance, budgeting, transportation, insurance, investing, and real estate will be stressed, along with a general look at the economic environment of the American consumer from a Christian perspective. Priority given to business majors and upper classmen. Interterm.

BA 320 Intermediate Accounting I/4

A further study of financial accounting including accounting theory, financial statements, the time value of money, cash and receivables, inventory valuation, fixed assets, intangible assets, and current liabilities. Prerequisite: BA 222. Fall semester.

BA 323 Business Law I/3

Basic principles of law as applied to contracts, negotiable instruments, principle and agent, and insurance. Prerequisite: Sophomore standing. Fall semester.

BA 324 Business Law II/3

Study of the legal aspects of partnerships, corporations, and real property. Prerequisites: BA 323 and sophomore standing. Spring semester.

BA 325 Intermediate Accounting II/4

A continuation of BA 320 covering investments, long-term liabilities, stockholders' equity, earnings per share, accounting for income tax, pensions, leases, accounting changes, the statement of cash flows, and financial statement analysis. Prerequisite: BA 320. Spring semester.

BA 326 Cost Accounting/3

A further study of managerial accounting including cost-volume-profit relationships, cost behavior, product costing, budgeting, variances, decision making, and cost allocation. Prerequisite: BA 222. Fall semester.

BA 329 Principles of Marketing/3

Marketing problems and practices from the managerial point of view: the market, the product, retailing, wholesaling, distribution, selling, and pricing. Prerequisite: Sophomore standing or consent of instructor. (Same as EC 329) Fall semester.

BA 335 Agri-Business Economics/4

A study of the economic principles of agriculture and related business enterprises. Economic problems of farm and agri-business operation. (Same as EC 335.) When needed.

BA 336 Individual Income Taxes/3

A study of the income tax laws as they relate to individuals. Prerequisites: BA 221 and BA 222. Spring semester.

BA 337 Corporate, Partnership, Estate, and Trust Income Taxes/3

A study of the income tax laws as they relate to corporations, partnerships, estates, and trusts. Prerequisites: BA 221, BA 222, and BA 336, or consent of the instructor. When needed.

BA 340 Accounting Information Systems/3

An introduction to accounting information systems. including objectives, concepts, techniques, tools, controls, and audit of systems that capture, process, and summarize accounting information for decision making and preparation of financial statements. The course will include the use of accounting software and case studies. Prerequisites: BA 222 and BA 310. Interterm, odd-numbered years.

BA 345 Introduction to International Business/3-4

A study from the manager's perspective in the fields of international trade and investment, balance of payments, international financial markets and monetary systems, national trade policy and laws. Also addresses cultural variables in business, and examines how each of a number of basic management activities must be dealt with differently in the international environment than in a purely domestic setting. Fourth credit hour to be earned by participating in a 9 day trip experience during Spring Break. Every year.

BA 350 Small Business Management/3

A study of the problems and opportunities encountered and special knowledge needed for the successful operation of the small business enterprise. Case study, lectures, and invited business persons will cover formation and financing of the business, marketing, management, and governmental relations. Prerequisites: BA 221, BA 222, and junior standing, or consent of instructor. Alternate years.

BA 355 Advanced Accounting/3

Accounting for combined corporate entities, consolidated statements, partnerships, fiduciary and institutional accounting, and other special topics. Prerequisite: BA 325. Spring semester, odd-numbered years.

BA 360 Investments/4

Introduction to investments in stocks, bonds, mutual funds, options, commodities, real estate, precious metals, etc. Field trips to various stock exchanges may be included. Prerequisite: Sophomore standing. (Same as EC 360) Interterm, even-numbered years.

BA 370 Consumer Behavior/3

A study of a variety of concepts in the behavioral sciences related to specific topics in consumer behavior, including mass communications, reference groups and sociological, psychological and economic aspects of consumer behavior. Prerequisites: BA 329 and junior standing, or consent of instructor. Fall semester, even-numbered years.

BA 395 Principles of Public Relations/3

Introduction to public relations contexts, issues, and practices, including research, planning, communicating, and evaluating. Application to both profit and nonprofit settings. (Same as CO 395) Prerequisite: BA 329. Fall semester.

BA 410 Financial Management/3

The study of financial concepts organized around the management objective of maximizing the value of the firm for its shareholders. This course requires an understanding of certain foundational concepts (cash flows, financial markets, financial performance evaluation, net present value, risk/return, securities valuation, and capital budgeting) and their application to specific management decisions that directly impact the value of the firm. Prerequisite: BA 222. (Same as EC 410) Fall semester.

BA 415 Human Resource Management/3

A study of human relations in industry; case studies of labor-management relationship; methods of recruitment, selection, training; employee development, compensation, and employee/labor relations. Prerequisite: Junior standing. Spring semester.

BA 424 Sports Management Internship/6-10

A course designed to give the student an in-depth practical work experience with an approved business (sporting goods, sport manufacturer, fitness center, or recreation center). The student will work under the direct supervision of a full-time professional in this area. Prerequisite: Physical Education or Business Administration major with senior status. (Same as PE 424.)

BA 430 Organizational Behavior and Leadership/3

Examines the complex relationships among individuals, groups, and organizations. Analyzes leadership styles with an emphasis on what constitutes effective leadership given the organization and its context. Focuses on how leaders emerge while assessing leadership styles, values and skills for empowering individuals as they confront organizational change. Spring semester.

BA 435 Agricultural Management/4

A study of land management, capital management, labor management, and finance management as it relates to the farm enterprise. Prerequisite: BA 335. When needed.

BA 440 Business Administration Internship/3-4

Supervised field experience in a corporate or nonprofit organization. Students gain hands-on experience and knowledge of a particular setting, as well as develop reflective thinking skills. Students meet regularly with the faculty supervisor and other interns. May be repeated for additional credit. Prerequisite: Consent of instructor. Fall, Interterm, Spring semesters.

BA 445 Advertising Management/3

The use of advertising, public relations, and personal selling in supplementing sales programs. Analyzing the market to determine the most effective sales promotion tools to be used. Students will complete an advertising campaign as part of the course. Prerequisites: BA 329 and junior standing. Spring semester, even numbered years.

BA 452 Auditing/3

Auditing principles and techniques as they apply to the examination of accounting records and financial statements. The course includes a comprehensive review of generally accepted auditing standards, auditing techniques, auditing procedures, and reporting requirements. Students will complete a comprehensive audit case as part of the course. Prerequisite: BA 325. Fall semester.

BA 455 Production Management/3

Capital installations, inventory control, purchasing, plant layout, site location, scheduling, and staffing. Experience in decision-making via the computer simulation. Prerequisites: Senior standing and consent of instructor. Spring semester, odd-numbered years.

BA 470 Marketing Management/3

Designed to acquaint the advanced marketing student with executive management decisions, capital and expense budgets, personnel problems, corporate marketing policies and pricing policies. Prerequisite: BA 329. Fall semester, odd-numbered years.

BA 475 Marketing Research Seminar/3-4

This course is designed to give the advanced marketing student the opportunity to increase his or her knowledge in a specific area of marketing through the completion of marketing research study. Students will be expected to do independent research on a project approved by the instructor, read and defend papers, and participate in group discussions. Must be final course in the Marketing Concentration. Spring semester, odd-numbered years.

BA 490 Business Policy/Ethics/3

A senior capstone seminar course that focuses on strategic planning, policy formulation, and the exploration of ethical dilemmas in business. Topics include: corporate social responsibilities, personal and corporate ethics, business regulation, and environmental concerns. Comprehensive and integrative case studies will be used. Prerequisite: Senior standing or consent of instructor. Spring semester.

BUSINESS EDUCATION**BE 309 Desktop Publishing/3**

Will introduce basic graphic design principles and provide hands-on experience with desktop publishing hardware and page layout software. Students will create various business publications such as newsletters, advertisements, catalogs, promotional materials, announcements, etc. Prerequisite: BE 207 or consent of instructor. Alternate years.

BE 480 Senior Project: Business Plan/1

A senior-level course in which students will each write a comprehensive business plan. This culminating project will become part of a candidate's portfolio. Prerequisite: Senior standing.

BIBLE SEE RELIGIOUS STUDIES LATER IN THIS SECTION

BIOLOGY

Biology is the study of life and is at the heart of a Christian liberal arts education. To this end, the overall goal of the Tabor College Biology Department is to explore the ever-changing mysteries of life in a curriculum that generates scientific curiosity and intellectual growth.

More specifically, the Biology curriculum is designed to prepare students for careers in research, education, environmental science, the health professions, conservation, or a range of other fields. It is also designed to help the student become more scientifically literate by learning how to pose questions as well as gather and interpret data. We are committed to the development of spiritual growth, personal integrity, and the responsible stewardship of resources in our community of faculty and students.

COURSE DESCRIPTIONS

BI 100-G Environmental Science/4

An integrated study emphasizing human conditions and the environment. Three laboratory hours per week. Spring semester.

BI 110-G College Biology/4

A concentrated study of the principles and fundamentals of biology. Basic biochemistry, cellular structure and function, energetics, concepts of basic molecular biology, and genetics are included. Readings on the integration of Christian faith and science will be considered. A course for science majors. Three hours of laboratory per week. Fall semester.

BI 207-G Zoology/4

A survey of the major animal groups with coverage of taxonomic, evolutionary, ecological, anatomical, and physiological topics. Three laboratory hours per week. Prerequisite: BI 110-G. Fall semester, odd-numbered years.

BI 208-G Botany/4

A survey of the major plant groups with coverage of taxonomic, evolutionary, ecological, anatomical, and physiological topics. Three laboratory hours per week. Prerequisite: BI 110-G. Spring semester, odd-numbered years.

BI 211-G Human Anatomy and Physiology/5

A study of the structure and function of the systems that make up the human body. Three laboratory hours per week. (Same as PE 211-G) Prerequisite: Sophomore standing. Fall or Spring semester.

BI 214 Microbiology/5

A fundamental study of bacteria, viruses, and other microorganisms with an emphasis on those that affect human health. Four laboratory hours per week. Prerequisites: BI 110-G, and CH 112 (can be concurrent). Spring semester.

BI 301 Medical Terminology/1-3

This course is an interactive lecture/discussion course in the fundamentals of Scientific Terminology. It explores the Greek and Latin base of scientific terms utilized in the medical field. The application of terminology, pathophysiology description and abbreviations in particular areas of the medical profession will be accentuated in each unit. Upon completion of this course, students will be able to break down terms into their meaning, know how the term is applied in each area of the medical field and communicate a basic understanding of general anatomy/physiology terms and concepts. This course is a requirement for PA/PT (Physician Assistance and Physical Therapy) Graduate Programs. There is no laboratory component to this course. Prerequisites: BI110-G or BI/PE211-G and Sophomore Standing. Fall/Interterm/Spring.

BI 311 Human Anatomy and Physiology/4

Specific to vertebrate physiology and development. A study of human medical physiology dealing with the various systems and organs and how they function at the tissue, cellular, and molecular level to maintain life. Three laboratory hours per week. Prerequisites: BI 211-G.

BI 315 Nature Study/1-4

A laboratory course emphasizing principles of systematics and identification of local animals and plants. Offered on demand during summer.

BI 319 Research Methods/.5 see NS 319**BI 321 Entomology/2-4**

Biology, classification, and identification of insects. Offered on demand.

BI 327 Cell Biology/4

A study of the structure, chemistry, and functions of the cell, including metabolic pathways, cellular interactions, cell signaling pathways, and specializations. Three laboratory hours per week. Prerequisites: I 110-G, and CH 303 (can be concurrent), or consent of instructor. Spring semester, even-numbered years.

BI 328 Genetics/4

A study of classical, cytological, molecular, and population genetics. In addition, the course will emphasize the analysis of genes at the molecular level and the study of gene expression. Three laboratory hours per week. Prerequisites: BI 110-G, and CH-112. Fall semester, odd-numbered years.

BI 330 Animal Behavior/4

Study of the known behavior of the various animal phyla, including humans. Audiovisuals, laboratory work, and special problems. Prerequisite: BI 207-G or equivalent. (Same as PY 330) Fall semester, even numbered years.

BI 400 Ecology/4

An experimental study of the natural environment, particularly the inter-relationships between organisms and their surroundings. Field work and special problems. Prerequisite: BI 207-G. Fall semester, even-numbered years.

BI 403 Immunology/2-4

A study of the immune system covering such topics as immunopathology, antibodies, molecular recognition at cell surfaces, and cancer biology. Prerequisite: BI 327. Offered on demand.

BI 417 Molecular Biology/5

A detailed study of the structure, replication, mutability and recombination of DNA molecules. Transcription, translation, splicing and the regulation of gene expression will be covered. Laboratory will emphasize modern recombinant DNA techniques. Two, three hour lab sessions per week. Prerequisite: BI 327, BI 328; Prerequisite or Corequisite: CH 416 or consent of instructor. Offered on demand,

BI 420 Biology Project/1-4 see NS 420**BI 450 Topics in Biology/1-3**

Specialized topics, such as neuroscience, population biology, and others. Offered on demand.

AU SABLE INSTITUTE COURSES

(For program details, see current Au Sable Institute Bulletin.)

CHEMISTRY/BIOCHEMISTRY

Tabor College offers majors in both Biochemistry and Chemistry. A challenging curriculum prepares students for graduate school, secondary teaching, and work in industry. Either major provides excellent preparation for medical school and other health careers. Over 90% of the medical school applicants have been accepted in recent years. The Chemistry major also meets content licensure requirements for secondary teaching. Excellent up-to-date facilities and equipment, laboratory components to every science course, and experienced faculty offer students the opportunity for hands-on experience and individualized education.

COURSE DESCRIPTIONS

CH 111-G General Chemistry I/4

Fundamental principles of chemistry, including an introduction to atomic structure, stoichiometry, thermodynamics, gases, chemical bonding, solutions, and solids. A course for science majors. Three laboratory hours per week. Prerequisite: an ACT math score of 20 or above or consent of instructor. Fall semester.

CH 112 General Chemistry II/4

A continuation of the topics introduced in General Chemistry, including chemical equilibrium, kinetics, electrochemistry, organic chemistry, and acids and bases. Three laboratory hours per week. Prerequisite: CH 111-G. Spring semester.

CH 230 Principles of Nutrition/3

Basic principles of nutrition, the characteristics of nutrients, and the essential nutrient requirements of man. The course includes a project in area of student's interest. Prerequisite: CH 111-G. Offered on demand.

CH 303 Organic Chemistry I/4

Principles of organic chemistry with emphasis on reaction mechanisms and structure. Includes introduction to organic spectroscopy. Three laboratory hours per week. Prerequisite: CH 112. Fall semester, even-numbered years.

CH 304 Organic Chemistry II/4

Continuation of Organic Chemistry I with emphasis on mechanism of reactions, structural determination, and selected topics in organic chemistry. Three laboratory hours per week. Prerequisite: CH 303. Spring semester, odd-numbered years.

CH 312 Analytical Chemistry/4

Principles of analytical chemistry with emphasis on the fundamental reactions used for chemical analysis. Topics include chemical equilibria in acid/base, complexation, separations, and redox systems, data analysis, potentiometry, and spectroscopy. Six laboratory hours per week. Prerequisite: CH 112. Fall semester, odd-numbered years.

CH 319 Research Methods/0-1 see NS 319

CH 403 Physical Chemistry I/4

A study of gases and the kinetic theory of gases, introductory atomic and molecular structure, thermodynamics and its molecular interpretation, and applications of thermodynamics to solutions and electrochemical cells. One laboratory session per week. Prerequisites: CH 312, PH 233-G, and MA 114-G. Spring semester, odd-numbered years.

CH 404 Physical Chemistry II/4

Chemical kinetics, quantum mechanics, bonding, and molecular structure. Prerequisites: CH 403 and MA 112. Offered on demand.

CH 412 Instrumental Analysis/4

Optical, electrical, and chromatographic methods of analysis. Two laboratory sessions per week. Prerequisites: CH 312, PH 233-G, PH 234-G, and MA 114-G. Interterm, or spring, even-numbered years.

CH 416 Biochemistry I/4

Chemistry of the living organism, including carbohydrates, lipids, proteins, digestion, metabolism, and enzyme action. Three laboratory hours per week. Prerequisite: CH 303. Spring semester, even-numbered years.

CH 417 Biochemistry II/3

A continuation of the concepts presented in Biochemistry I with an emphasis on metabolism and gene expression and replication. Prerequisite: CH416. Offered online, Spring, even years.

CH 420 Chemistry Project/1-4 see NS 420**CH 450 Topics in Chemistry/2-4**

Selected topics in analytical, inorganic, organic, or physical chemistry, such as acid-base theories, coordination compounds, chemical bonding, reaction mechanism, and others. Laboratory work may be included. Offered on demand.

COMMUNICATIONS

This major is designed for students interested in how people communicate by a variety of means and contexts, such as interpersonal, public, media, and performance. Graduates will have a variety of opportunities, including business, professional, performing arts, and service organizations. Students will choose one of the following concentrations: Organizational Communication, Communication Studies, Performing Arts, or Journalism.

Concentration 1 - Organizational Communication

This concentration is designed for the student who wishes to pursue a career in corporate or nonprofit organizations. Examples of employment opportunities include public relations, sales, human resources, customer service, alumni relations, and communication training.

Concentration 2 - Communication Studies

This concentration prepares students for careers which require a broad understanding of communication. Examples of employment and service opportunities include administration, community development, program coordination, public information, and project management. This concentration also provides a foundation for graduate studies.

Concentration 3 - Performing Arts

This concentration prepares students for performance-oriented careers as well as providing a foundation for advanced studies. Examples of employment opportunities include arts administration, technical theater, professional speaking, performing artist, performing arts education, theater criticism, and public relations in arts organizations.

Concentration 4 - Journalism

This concentration prepares students for careers in print and broadcast journalism or work in communication departments of organizations. Examples of employment opportunities include copywriting, reporting for print or broadcast organizations, editing, research, interviewing, or broadcast announcing.

COURSE DESCRIPTIONS

CO 102 Introduction to Mass Communication/3

Prepares students to be literate media users by examining the history and functions of mass communication in society, including traditional and digital media. Social, economic, political, cultural and ethical issues will be emphasized. Offered Fall semester.

CO 131-G Public Speaking/3

A lecture-laboratory course designed to introduce students to the principles and skills of speech preparation, speech presentation, and processes of audience analysis. The development of critical thinking and listening skills will be emphasized throughout the class. Every semester.

CO 132 Interpersonal Communication/3

Application of communication concepts to interpersonal relationships in the family, small group, and work setting. Emphasis on developing skills in listening, perception, and forming clear messages. Spring semester, even-numbered years.

CO 200-G Theater Appreciation/2

This course provides a broad overview of the nature and fundamentals of theater and enhances the playgoer's ability to experience and respond to live theater performances. Fall or Spring semester.

CO 201-G Intercultural Communication/3

The ability to effectively give and receive messages in different cultures is heightened by developing sensitivities about world views, cultural patterns, and appropriate communication behaviors. (Same as SO 201-G) Fall and Spring semesters.

CO 203-G Introduction to Theater/3

This course serves as a broad overview of the nature and fundamentals of theater, the history and development of theater, and the production aspects of theater. Fall or Spring semester.

CO 223 Mass Media Writing I/3

A basic course in journalism, dealing with the principles of news writing and reporting practices and providing an introduction to the ethics and challenges of the journalistic enterprise. Prerequisite: EN 101-G or concurrent. (Same as EN 223) Fall semester.

CO 225/425 Journalism Participation: Newspaper/0-1

Participation on Tabor View staff. Prerequisite: CO/EN 223 or consent of instructor. (Same as EN 225/425) Every semester.

CO 226/426 Journalism Participation: Yearbook/0-1

Participation on Tabor *Bluejay* staff. (Same as EN 226/426) Every semester.

CO 230 Acting I/3

Instruction in the basic principles and techniques of acting with an emphasis on analysis and characterization. Scenes will be prepared and performed. Offered on demand.

CO 234/334 Participation in Drama/0-1

Techniques and principles of acting, makeup, costumes, stage design, and management by means of actual participation in drama productions. Every semester.

CO 270 Oral Interpretation/3

Instruction in the analysis of prose, poetry, and dramatic literature with practice in communicating orally both the intellectual and emotional meanings. Storytelling, reader's theater, and Scripture reading included. Offered on demand.

CO 301 Theories of Communication/3

This class will examine various contemporary theories of communication, including social constructivist, psychological, phenomenological, socio-cultural and critical perspectives. Students will write a position paper and give an oral report on selected theoretical reading, provide outlines of assigned theories on certain topics, and write about their own perspective on communication theory. Prerequisite: CO 102. Fall semester, even-numbered years.

CO 305 History of Theater/3

A survey of the development of theater and dramatic literature from Greek theater to mid-19th century theater. Reading and discussion of major dramatic works will be included. Offered on demand.

CO 310 Mass Media Writing II/3

Focuses on refining reporting and journalistic writing skills beyond basic news writing. The journalist will work at conceptualizing and writing articles for a contemporary audience. Styles of writing include features, profiles, specialized reporting, editorial writing, and sports writing. Prerequisite: CO/EN 223. (Same as EN 310). Spring semester, even-numbered years.

CO 312 Editing/3

Covers the principles and practice of proofreading, copy-editing, rewriting, and headline writing for print. Areas of instruction also focus on the packaging of news and information for an intended audience and the inter-relationships of writing and photography, news and feature writing, and layout and design principles. Prerequisite: CO/EN 223. Spring semester, odd-numbered years.

CO 315 Topics in Communication/3

Selected topics of interest in communication. Possible subjects could include the study of gender and communication, children's theater, writing for the Web, sports writing, ethnic media, or advanced public speaking. Spring semester, even-numbered years.

CO 323 Communication Law and Ethics/3

Designed to acquaint students with moral and legal issues involving the practice of journalism and other communication professions. Topics such as freedom of expression, slander, libel, privacy, commercial speech, intellectual property, and the public's right to know will be taught. (Same as EN 323) Fall semester, odd-numbered years.

CO 350 Worship as a Dramatic Act/3

An introductory course which includes biblical study and models of worship. Students will explore the relationship among effective communication, art, and dramatic elements in worship. (Same as RS 350) Offered on demand.

CO 360 Group Communication and Decision Making/3

Theory and practice of work groups and teams in corporate and nonprofit settings. Decision-making processes and problems are analyzed. Emphasis on communication skills for leading and participating in groups. Spring semester, odd-numbered years.

CO 380 Dramatic Literature/3

A study of major plays and playwrights from representative periods and genres. Prerequisite: EN 211-G. Offered on demand.

CO 385 Play Production and Direction/3

Theory and practical experience in choosing a play, casting, blocking, rehearsing, and other aspects of production such as lighting, costume, and makeup. Directing a one-act play or extended scenes for the classroom is required. Prerequisite: CO 203-G or consent of instructor. Offered on demand.

CO 395 Principles of Public Relations/3

Introduction to public relations contexts, issues, and practices, including research, planning, communicating, and evaluating. Application to both profit and nonprofit settings. (Same as BA 395) Fall semester, odd-numbered years.

CO 412 Senior Seminar/3

A special interest course for upper-level students. Students will be expected to do independent research on a project approved by the instructor, read and defend papers, and participate in group discussions. Prerequisite: CO 301 or approval of department. Spring semester.

CO 440 Communication Internship/1-4

Supervised field experience in a corporate or nonprofit organization. Students gain hands-on work experience and knowledge of a particular setting, as well as develop reflective thinking skills. Students meet regularly with the faculty supervisor and other interns. May be repeated for additional credit. Prerequisite: Consent of instructor. Fall, Interterm, and Spring semesters.

ECONOMICS

EC 223-G Macroeconomics/3

Develops an understanding of economics with respect to unemployment, inflation, GNP and the price level, money and the banking system, the role of economics in relation to government policy (fiscal policy and monetary policy), international trade, and the international monetary system. Prerequisite: Sophomore standing.

EC 224 Microeconomics/3

Introduces the student to the basic concepts underlying all of economics. These concepts include supply and demand relationships, prices, scarcity, elasticity, the concept of opportunity cost, market efficiency, economic decision making, questions of monopoly, profit and the government's role in the economic market. Prerequisite: BA 223-G or consent of instructor.

EC 240-G Political and Economic Ideologies/4

A study will be made of the major political and economic ideologies of the world. Emphasis will be placed on the variations and historical development of authoritarianism, democracy, totalitarianism, Communism, Fascism, socialism, capitalism, and the welfare state. (Same as PS 240-G) Spring semester, alternate years.

EC 329 Principles of Marketing/4

Marketing problems and practices from the managerial point of view: the market, the product, retailing, wholesaling, distribution, selling, and pricing. Prerequisite: Sophomore standing, or consent of instructor. (Same as BA 329)

EC 335 Agri-Business Economics/4

A study of the economic principles of agriculture and related business enterprises. Economic problems of farm and agri-business operation. (Same as BA 335)

EC 340-G Political and Economic Ideologies/4

A study will be made of the major political and economic ideologies of the world. Emphasis will be placed on the variations and historical development of authoritarianism, democracy, totalitarianism, Communism, Fascism, socialism, capitalism, and the welfare state. (Same as PS 340-G) Spring semester, alternate years.

EC 360 Investments/4

Introduction to investments in stocks, bonds, mutual funds, options, commodities, real estate, precious metals, etc. Field trips to various stock exchanges may be included. Prerequisite: Sophomore standing. (Same as BA 360) Interterm, even-numbered years.

EC 410 Financial Management/3

The study of financial concepts organized around the management objective of maximizing the value of the firm for its shareholders. This course requires an understanding of certain foundational concepts (cash flows, financial markets, financial performance evaluation, net present value, risk/return, securities valuation, and capital budgeting) and their application to specific management decisions that directly impact the value of the firm. Prerequisite: BA 222. (Same as BA 410)

EC 415 Banking and Financial Markets/3

The course is a study of the financial system, its technology; the role of government in the system; banking and the banking industry; insurance; pension plans and mutual funds; understanding equity markets; understanding government securities markets; understanding the mortgage market; understanding the bond market; and understanding derivatives markets; understanding. Prerequisites: EC 223-G & EC 224. Spring semester, even-numbered years.

EDUCATION

All programs leading to licensure are approved by the Kansas State Board of Education, and the unit is accredited with the National Council for Accreditation of Colleges of Teacher Education (NCATE). Program completers qualify for initial teacher licensure through Association of Christian Schools International (ACSI).

The College holds membership in American Association of Colleges of Teacher Education, the Kansas Association of Colleges of Teacher Education (KACTE) and Kansas Association of Private Colleges of Teacher Education (KAPCOTE).

ELEMENTS OF THE CONCEPTUAL FRAMEWORK FOR THE TABOR COLLEGE TEACHER EDUCATION PROGRAM

The Vision for the Tabor College Teacher Education Program

The vision of the Teacher Education Program at Tabor College is to prepare exemplary educators who are committed to Christian values, competent instruction, compassionate service, and collaborative leadership.

This vision embraces the mission of Tabor College which is “Preparing people of a life of learning, work and service for Christ and his kingdom.”

Goals and Objectives of the Tabor College Teacher Education Program

Goal I: Commitment

The Teacher Education Program at Tabor College is designed for committed candidates who have a passion for teaching and a love for students. They are life-long learners who have a strong desire to continue their professional development.

Evidence of this commitment will be shown by the candidates who meet the following objectives:

1. Involvement with children and youth within or outside education.
2. Integrate research into instructional strategies.

Goal II: Christian Values

The Teacher Education Program at Tabor College is designed for exemplary educators who are committed to Christian values. These values are characterized in Luke 2:52: “And Jesus grew in wisdom and stature, and in favor with God and men.” This assumes a holistic view which incorporates the intellectual, physical, spiritual, and social dimensions of educating the child.

This commitment to Christian values will be shown by the candidates who meet the following objectives:

1. Intellectual: Integrity and academic mastery.
2. Physical: Live a balanced and disciplined life.
3. Spiritual: Embrace a Christian worldview.
4. Social: Lovingly and humbly serve all human beings.

Goal III: Competent in Content and Pedagogy

Upon the foundation of a strong general (liberal arts) education, the Teacher Education Program is designed for exemplary educators who are committed to competent instruction. This requires demonstrated excellence in content knowledge and pedagogical skills, resulting in a positive impact on the learning of all students. It assumes that the educator is knowledgeable regarding the national, state, and local standards in both Core Curriculum and those related to specific content areas.

This commitment to competent instruction will be seen in the candidates who meet the following objectives:

1. Possess a thorough knowledge of the content to be taught.
2. Exhibit scholarship in professional education.
3. Effectively communicate both orally and in writing.
4. Show an understanding of child and adolescent development.
5. Participate successfully in a wide range of successful clinical experiences.
6. Manage a safe and stimulating classroom environment.
7. Incorporate learning strategies appropriate for varied learning styles.
8. Relate to students of varied cultural, racial, socio, and economic backgrounds.
9. Can adapt instruction to meet the needs of students with special needs.
10. Creatively motivate students by planning interesting lessons with varied teaching strategies.
11. Skillfully utilize technology to enhance learning.
12. Design curriculum that integrates material from several disciplines and teaches reading across the curriculum.
13. Utilize problem-solving and effective questioning strategies to assist students in developing critical thinking.
14. Use assessment results to plan instruction.

Goal IV: Compassionate Service

The Teacher Education Program at Tabor College is designed to provide opportunities for educators to demonstrate their commitment to compassionate service. These opportunities are built through an emphasis upon self-acceptance and personal growth, a loving and respectful attitude toward others, regardless of gender, ethnic/cultural, racial, and religious differences.

This commitment to compassionate service will be observed in the candidates who meet the following objectives:

1. Lovingly and humbly serve all.
2. Model before their students a caring spirit toward those who have special needs.

Goal V: Collaborative Leadership

The Teacher Education Program at Tabor College is designed to develop and enhance skills for those candidates committed to collaborative leadership. The basis for collaboration is the extended community of learners involved in the education of the child: parents, extended family, religious and civic leaders, business owners, law enforcement, health providers, and general citizenry.

This commitment to collaborative leadership will be validated in the candidates who meet the following objectives:

1. Serve as a team member.
2. Interact with Special Education teachers.
3. Support all school personnel.

EDUCATION PROGRAMS

Programs available at Tabor College that have been approved by the State of Kansas for teacher licensure are:

Business (6-12)

Elementary (K-6)

English Language Arts (6-12)

Health (PreK-12)

History and Government (6-12)

Mathematics (6-12)

Music (PreK-12)

Vocal Music (PreK-12)

Instrumental Music (PreK-12)

Physical Education (PreK-12)

Biology (6-12)

Chemistry (6-12)

Special Education (ACCK) - See advisor for most current information.

Grade Levels K-6

Grade Levels 6-12

Programs are detailed alphabetically in the section called Programs of Study.

Program Completers

For the academic year 2008-2009, Tabor College did not have sufficient candidates take any of the tests required for state licensure to be able to compare our program completers' scores to national and state averages.

PHASES

The Education Program has four phases that are designed to prepare students to become professional teachers. Students move through each phase sequentially, completing requirements and meeting major outcomes along the way.

PHASE 1: Foundation Phase (Freshman or Sophomore Year)

Students planning to enroll in the Teacher Education Program must meet the following Preliminary Requirements:

1. Complete and submit the Phase Student Response Form by October 31 prior to Interterm. Forms are available in LOHR 19.
2. Students interested in either elementary or secondary education are advised to enroll in ED 100 during their freshman year.
3. Students on "academic probation" are not advised to enroll in ED 100.
4. Students with a sophomore or higher classification need a cumulative GPA of 2.50 or higher to enroll in ED 100.
5. Name Tags. Tabor students and faculty are required to wear approved name tags whenever they are in elementary or secondary schools, i.e. all field and clinical experiences. These name tags provide immediate identification for school personnel and families that the individual has a purpose for being in the school. Name tags may be ordered in the Tabor College Bookstore. Lost name tags should be replaced immediately.
6. Tabor students must provide verification of a negative Tuberculosis test within the last year. This verification is required by local school districts for the safety of their students.

PHASE 2: Professional Courses Sequence (Junior and Senior years)

The following admission criteria to this phase should be met by no later than the end of the sophomore year so that students are eligible to enroll in 300- or 400-level education courses beginning their junior year. Juniors and seniors seeking admission to the program may not be admitted provisionally.

1. A grade of “C” or above in ED 100.
2. Completion of two early Field Experience Practica (ED 110, ED 120, etc.) with satisfactory references from supervising teachers. Students who receive unsatisfactory references from either of their two field-experiences may be required to repeat one or both of them prior to applying to full acceptance in Phase 2.
3. Completion of a PHASE 2 Application to the Teacher Education Program
4. A grade of “C” or above in SE 210.
5. A cumulative college grade point average (GPA) of 2.5 or higher.
6. Basic Skills testing requirements:
Students must verify basic skills through one of the following:
 - a. Demonstrate competency in reading, writing, and mathematics with the following minimums:
 - Work Keys Reading for Information Level 5
 - Tabor Writing Competence C.U.N.Y. Level 4
 - Meet Tabor’s Mathematics Competency requirement
 - b. Pass all three sections of the PPST in reading, writing, and mathematics with the following minimums:
 - Reading - 173
 - Writing - 172
 - Mathematics - 174
 - c. Provide certifiable scores of test comparable to the PPST or other nationally normed test from other states or institutions, subject to approval by the Teacher Education Committee.

Test dates and Registration Bulletins are available in the Education offices (LOHR 19).

Original scores must be sent directly to the Education Department from the test administrators.

PHASE 3: Student Teaching

This phase should normally be completed by the end of spring semester of the junior year or one semester prior to student teaching.

Students will:

1. Complete a Phase 3 Student Teaching Application form by December 15 of the year prior to student teaching. Applications are available in LOHR 19. The application must include a one page essay: Experiences that have prepared me to be a teacher.
2. Submit the name of their advisor or department chair for a departmental recommendation for student teaching. The Department Chair and the Candidate’s Academic Advisor should complete reference forms.
3. Submit a name for Faculty Reference from one additional faculty member (half time or more) outside their major department.
4. Have a cumulative college grade point average (GPA) of 2.5 or higher. (History/Government must have a Cumulative GPA of 3.0 or higher in the major content area)

5. Secure advisor's assurance that the student will have completed all Professional Education Core Courses (with the exception of ED 448) prior to the beginning of the student teaching semester.
6. Prior to an interview by the Teacher Education Committee, all candidates for student teaching must be in good standing in all facets of Tabor College life.
7. Be interviewed by the Teacher Education Committee prior to assignment of student teaching. Candidates will only be eligible for an interview after all references have been submitted, and they have met all other criteria.

PHASE 4: Teacher Licensure

Qualifications for Teacher Licensure includes the following:

1. A bachelor's degree with a "C" or higher grade in all subject areas and professional education courses. Students must have a cumulative GPA of 2.5 on all college courses taken.
2. Professional Testing Requirements:

The Kansas State Board of Education requires that persons seeking a teaching license from a Kansas college complete professional testing requirements through the Principles of Learning and Teaching Test (PLT) with a score of 160 on one or more of the following tests:

- a. PLT Level K-6
- b. PLT Level -12

Students are required to take only one PLT test for Teacher Licensure and should choose the most appropriate test for the level of Teacher Licensure or level of specialization they are seeking. Registration Bulletins are available in the Education and Registrar's offices.

3. Licensure candidate must also pass one or more content tests.

Test No.	Test Name	Passing Score
0011 or 5011	Elementary	163
0041 or 5041	English Language Arts	165
0061 or 5061	Mathematics	137
0081 or 5081	History/Government	158
0091 or 5091	Physical Education	148
0101	Business	150
0113	Music	152
0235	Biology	150
0245	Chemistry	152
0542	Adaptive Special Education	155
0550 or 5550	Health	620

All education students are required to pass the PRAXIS II content and PLT exams in their major program areas as a program completion requirement. For Elementary Education majors, failure to pass the exams would result in receiving an Educational Studies major instead of a major in Elementary Education. For Secondary Education and PK-12 Education Majors, failure to pass the exams would result in receiving their content area major.

All education students must complete the Kansas Performance Teaching Portfolio with a score of 20 or higher as a program completion requirement. Candidates are asked to refer to the remediation policy in the student teaching handbook in case a passing score has not been obtained on the first attempt.

4. Completion and submission of Teacher Licensure Application and required fee (application is available in the Education Office).

5. Students wanting to teach in states other than Kansas should check their program of courses with requirements for Teacher Licensure in other states.
6. Candidates for licensure must submit their fingerprints to KSDE who will process them through the KBI and FBI.

Provisional status may be granted for one deficiency or lack of completion for any of the above that the Teacher Education Committee feels is temporary or can be remediated. Students must be removed from provisional status by the end of the spring semester prior to fall student-teaching term and are not eligible to take ED 455, ED 446, and the secondary methods classes while on provisional status. Juniors and seniors cannot be admitted on provisional status.

Transfer Students

The entire program of a transfer student will be reviewed by the Chair of the Education Department prior to enrollment to determine the equivalency of professional education courses and to plan the remainder of the program at Tabor. Upper-division courses numbered 300- or 400-level in Professional Education are required to be taken at an approved teacher education college. Students who transfer from community colleges are encouraged to take Core Curriculum courses there and complete their professional education courses at Tabor College. Students who transfer to Tabor College who have had Introduction to Education at a previous institution must take ED 101 in their first semester at Tabor College.

COURSE DESCRIPTIONS

ED 100 Introduction to Education/2

The entry-level course for students entering the teacher education program. It is designed to create awareness of current education trends and assist students in career decisions about the teaching profession. Prerequisite: See Teacher Education Handbook for GPA requirements. Concurrent enrollment in ED 110 and one other field experience. Interterm.

ED 101 Tabor College Education Program/0-1

Designed for transfer students. Provides introduction to education program requirements and conceptual framework. **Must** be taken during the first semester at Tabor College.

ED 110 Culturally Diverse Field Experience/1

This course requires 30 clock hours of observation and participation in a culturally and ethnically diverse school setting and is usually taken concurrently with ED 100 during Interterm; also offered fall and spring. Student is responsible for transportation costs to and from school site. Graded CR/NC. Fall, Interterm, and Spring.

ED 120 Early Field Experience/1

This course requires 30 clock hours of observation and participation in a school setting and is usually taken concurrently with ED 100 during Interterm; also offered fall and spring. Student is responsible for transportation costs to and from school site. Graded CR/NC. Fall, Interterm and Spring.

ED 204 Child and Adolescent Development/3

An introduction to the psychological and developmental study of children and adolescents including their behavior and motivation. The course will emphasize techniques for observing and studying children and adolescents and the description of their behavior, identifying individuals at different age levels and their cognitive, moral, socio-emotional, and psychomotor developmental patterns. Prerequisite: PY 111-G. (Same as PY 204) Spring semester.

ED 210 (changed to SE 210; see Special Education section)**ED 215 Planning for Instruction/2**

Provides preparation in methods for teaching in 6-12 classrooms and serves as a prerequisite to all upper level secondary methods courses. Students will plan, create and evaluate lessons which integrate state standards into lesson goals and objectives. Students will be introduced to Bloom's Taxonomy of Educational Objectives as well as learning modalities and the theory of multiple intelligences. A fifteen hour practicum in a nearby school is attached. Fall semester.

ED 216 Methods in the Arts/3

Students will develop an understanding of the goals and objectives of art, music, dance, and drama in the elementary classroom. Emphasis will be placed on techniques and strategies to integrate these arts into other content areas of the elementary classroom. Fall semester.

ED 220 Children's Literature/3

The reading, discussing, and evaluation of stories, poems, and factual material for children. Students explore a variety of authors, books, and sources of material for children. Includes field experience. Spring semester.

ED 224 Technology in the PreK-12 Classroom/2

A study of current and emerging technologies for teaching and learning in a digital environment. Students will learn how to select, effectively deploy, and assess a variety of devices, applications, and resources for enhancing instruction. Fall or Spring Semesters.

ED 304 Philosophy of Christian Education/2

An introduction to the philosophy of Christian school education, including the history and development of Christian schools. Arranged each fall semester by attendance at Association of Christian Schools International (ACSI) conference and/or independent study packet. This course is approved by ACSI to meet the Philosophy requirement for ACSI teaching credentials. Offered on demand.

ED 317 Adaptive Physical Education/2

Course deals with planning, organizing, and conducting physical education for the disadvantaged student. (Same as PE 317) Fall semester, even-numbered years.

ED 318 Classroom Management in the Elementary School/2

Techniques for preventing and resolving behavioral issues of children and youth in the classroom and school. Includes resources for working with challenging students. It provides a foundation for discipline policies in middle and high schools. Prerequisite: Admission to Teacher Education Program. Spring semester.

ED 319 Classroom Management in the Middle and Secondary School/2

Building upon the foundation established in the elementary school, the course provides techniques for preventing and resolving behavioral issues of children and youth in the classroom and school. Includes resources for working with challenging students. Prerequisite: Admission to Teacher Education Program. Fall semester.

ED 329 Human Sexuality/2

A study of biological, psychological, behavioral, and cultural dimensions of human sexuality. How human sexuality affects people in their relationships to others in terms of development is explained. Includes the study of acquired immune deficiency syndrome and sexually transmitted diseases. Prerequisite: Junior standing or consent of instructor. (Same as PE/PY 329) Spring semester.

ED 345 Methods of Teaching Reading/3

Provides preparation in methods and materials of teaching reading in the elementary classroom. Students will explore, evaluate, and plan units of instruction based on state and national recommendations for reading curriculum and relate instruction to local, state, and national assessments. Prerequisite: Admission to Teacher Education Program. Concurrent enrollment in ED 365. Fall semester.

ED 347 Elementary School Language Arts/3

Provides preparation in methods and materials of teaching language arts in the elementary classroom in the integrated approach of reading, listening, speaking, and writing. Students will explore, evaluate, and plan units of instruction based upon state and national recommendations for language arts curriculum and relate instruction to local, state, and national assessments. Prerequisites: ED 345 and Admission to Teacher Education Program. Concurrent enrollment in ED 365. Spring semester.

ED 357 Methods of Teaching Mathematics I/3

Provides preparation in methods and materials and professional guidelines for teaching mathematics in elementary school classrooms. Candidates will explore the major concepts, procedures and reasoning processes of mathematics; developmentally appropriate instructional strategies; national, state and local standards; and assessment strategies. Candidates will explore, evaluate and design units of instruction culminating in a micro-teaching exercise. Prerequisite or concurrent enrollment in MA 204G and ED 365, and admission to Teacher Education Program. Fall semester.

ED 358 Methods of Teaching Mathematics II/3

Provides preparation in methods and materials for teaching mathematics in elementary school classrooms. Candidates will explore the major concepts, procedures, and reasoning processes of mathematics; developmentally appropriate instructional strategies; national, state and local standards; and assessment strategies. Candidates will plan units of instruction and micro-teach. Prerequisite MA 204-G. Concurrent enrollment in MA 205 and ED 365; Admission to Teacher Education Program. Spring semester.

ED 365 Elementary Field Experience I/1

This field experience requires five weeks of observation, participation, and teaching of reading, science, and mathematics in an approved elementary school. Taken concurrently with elementary methods courses during the fall semester or with consent of department chair. Student is responsible for transportation costs to and from school site. Fall semester.

ED 367 Instructional Strategies for Adaptive Learning Needs/2

This course will focus on planning and participation in adaptive teaching strategies designed by a collaborative, interdisciplinary team and will focus on strategies for individualizing outcomes in the instruction and assessment of exceptional students in the regular classroom. Prerequisite: SE 210; Concurrent enrollment in ED 365. Spring semester.

ED 368 Elementary Field Experience II/1

This field experience requires four weeks of observation, participation, and teaching of reading, language arts, science, adaptive learning strategies, and mathematics in an approved elementary school. Emphasis is on adapting instruction to meet the needs of special learners. Taken concurrently with elementary methods courses during the spring semester or with consent of department chair. Student is responsible for transportation costs to and from school site. Spring semester.

ED 374 Elementary School Health and Physical Education/3

A study of appropriate health, sexuality, and physical education instruction for the elementary teacher. Selection of activities for appropriate developmental level of students is stressed. This course includes exposure to a wide variety of health and physical education methods, materials, and resources. Spring semester.

ED 385 Elementary School Science/2

Provides preparation in methods and materials of teaching science in elementary school classrooms. Students will explore, evaluate and plan units of instruction based upon state and national recommendations for science curriculum, and relate instruction to local, state, and national assessments. Prerequisite: Admission to Teacher Education Program. Concurrent enrollment in ED 365.

ED 395 Elementary School Social Studies/2

Provides preparation in methods and materials of teaching social studies in elementary school classrooms. Students will explore, evaluate, and plan units of instruction based upon state and national recommendations for social studies curriculum, and relate instruction to local, state, and national assessments. Prerequisite: Admission to Teacher Education Program. Concurrent enrollment in ED 365.

ED 414 Classroom Assessment/2

Develop classroom assessment skills common to classrooms at any level. Includes working with local, state, and national standards as well as the accreditation process. Prerequisite: Admission to Teacher Education Program. Spring semester.

ED 415 Methods for Teaching English Language Arts in the Secondary School/3

Designed to assist student teachers in becoming confident, effective professional educators in secondary level English (Grades 6-12). Students will become familiar with a variety of specific methods to use in teaching literature, composition, and language. Among topics to be considered will be: current trends in English curriculum development, the six-trait writing process, inclusionary practices, classroom organization, assessment, classroom application of various forms of technology, and professional organizations. Each student will develop a unit of instruction suitable for a secondary level classroom. Prerequisite: ED 215 and acceptance into the Teacher Education Program. Spring semester.

ED 416 Methods for Teaching Speech and Theater in the Secondary School/3

Requires students to apply speech and drama content to the techniques needed for effective secondary level (Grades 6-12) classroom teaching. Opportunities are provided for students to exercise their teaching skills in the areas of unit plans, daily lesson plans, teaching strategies, evaluation, assessment, classroom management, inclusion, and different learning styles. Discussions of resource allocation, safety, classroom application of various forms of technology, and professional organizations are also included. Each student is encouraged to develop his/her personal philosophy of education and incorporate it in relation to integrity/ethics in the classroom and personal evaluation to maintain a sense of balance and growth. Prerequisite: ED 446. Spring semester.

ED 419 Opening School Clinical Experience/1

This one-credit hour clinical experience requires a minimum of five days in a school under the direction of a cooperating teacher. Required experiences include: 1) preparing the classroom for opening school; 2) attending staff meetings, 3) the first day of school for students; and 4) two more days during the first week of school for students. Prerequisite: Full acceptance for student teaching or the department chair. August only.

ED 421 Elementary School Clinical Experience/4, 10-12

Practical application of professional education preparation. Includes lesson planning and participation in school activities. Candidates will be assigned to an elementary classroom and cooperating teacher, with gradual assumption of full responsibility for instruction. Includes attendance at clinical and professional seminars. Prerequisite: Approval for clinical experience and completion of major and professional education coursework. Fall and spring semester.

ED 423 K-12 Clinical Experience/10-12

Practical application of professional education preparation. Includes lesson planning and participation in school activities. Clinical experience for music and physical education. Candidates will be assigned to both an elementary and secondary classroom and cooperating teacher, with gradual assumption of full responsibility for instruction. Includes attendance at clinical and professional seminars. Prerequisite: Approval for clinical experience and completion of major and professional education course work. Fall and Spring semester.

ED 424 Secondary School Clinical Experience/4, 10-12

Practical application of professional education preparation. Includes lesson planning and participation in school activities. Candidates will be assigned to a secondary classroom and cooperating teacher, with gradual assumption of full responsibility for instruction. Includes attendance at clinical and professional seminars. Prerequisite: Approval for clinical experience and completion of major and professional education coursework. Fall and spring semester.

ED 425 Methods for Teaching Business in the Secondary School/3

Designed to provide the prospective secondary-level (Grades 6-12) Business teacher techniques for effective classroom teaching, including such issues as inclusionary practices, assessment, classroom application of various forms of technology, and professional organizations. It pulls together business and education concepts and theories just prior to one's student teaching experience and covers methods and materials for teaching business courses such as accounting, general business, keyboarding, and office practice. (Shorthand is covered on demand.) Prerequisite: ED 215 and acceptance into the Teacher Education Program. Spring semester.

ED 430 Methods for Teaching Mathematics in the Secondary School/3

Designed to provide the prospective secondary-level (Grades 6-12) mathematics teacher the methods of teaching contemporary mathematics content. Topics include methods of presentation, awareness of national mathematics organizations, the writing of unit/daily lesson plans, micro-teaching of a mathematics lesson, selecting materials, inclusionary practices, classroom application of various forms of technology, and techniques of assessment. Prerequisite: ED 215 and acceptance into the Teacher Education Program. Spring semester.

ED 435 Methods for Teaching Natural Science in the Secondary School/3

Designed to provide the prospective teacher with knowledge and skills for teaching the natural sciences at the secondary level (Grades 6-12). Content includes curriculum selection and design, safe laboratory management and operation, integration of curriculum, inclusionary practices, methods and modalities of teaching, assessment, classroom application of various forms of technology, and professional organizations. Micro-teaching, classroom observation and group and self-evaluation are included. Prerequisite: ED 215 and acceptance into the Teacher Education Program.. Spring semester.

ED 440 Methods for Teaching Social and Behavioral Science in the Secondary School/3

Designed to prepare students for successful teaching at the secondary level (Grades 6-12) in both the social and behavioral sciences. Emphasis is placed on different approaches and practices of instruction planning and classroom management, selection and classroom application of various forms of technology, evaluation and questioning techniques, state assessments, research methods, professional organizations, and the inclusive classroom. Prerequisite: Admission to Teacher Education Program. Prerequisite: ED 215 and acceptance into the Teacher Education Program. .Spring semester.

ED 446 Reading/Strategies for Secondary Teaching/2

Develop teaching skills common to various content areas in secondary education. Includes instruction in reading and study skills improvement, writing objectives, lesson planning, evaluation of learning and videotaping of teaching. Includes field experience. Prerequisite: ED 215 and acceptance into the Teacher Education Program.

ED 447 Reading in the Content Area for K-12 Classroom/1

Designed for candidates seeking K-12 licensure, this course focuses on improving student reading competencies in specific content areas. Attention is given to improving study skills, selecting appropriate supplementary resources, and learning alternative teaching strategies to meet the needs of students with low reading achievement. Prerequisite: Full acceptance into the Teacher Education Program.

ED 448 Philosophy in Education/2

Capstone course for students completing Teacher Licensure requirements. Includes international education as well as historical, philosophical, scientific, and structural multicultural foundations of education in the United States. Prerequisite: Admission to Teacher Education Program or consent of department chair. Fall and Spring semesters.

ED 455 Reading Diagnosis/1

An advanced seminar designed for learning diagnostic methods of assessing students' needs in reading, with an emphasis on developmental approaches to teaching reading. Prerequisites: ED 345 and ED 346. Concurrent enrollment in ED 416? or consent of department chair. August only.

ENGLISH

EN 010 Writing Skills I/0-2

For students who need help learning basic English skills such as sentence boundaries, punctuation, and proofreading. Graded CR/NC.

EN 020 Writing Skills II/0-2

For students with basic English competency but who need help with higher-level skills such as organization, development, and editing. Graded CR/NC.

EN 100 Basic Writing/3

A preparatory course for EN 101-G. Students in the course will develop writing competency with emphasis on sentence structure, paragraphs, and brief essays. Students who have an ACT English score less than 19, an SAT Critical Reading score less than 470 or have not received credit for EN 101-G are required to take EN 100 during their first semester of attendance.

EN 101-G English Composition/3

A study of various types of writing, including descriptive, argumentative, and expository (including the research paper), and a brief introduction into literary types and forms. Prerequisite: A grade of C- or higher in EN 100, or a score of 19 on the ACT English exam, or a score of 470 on the SAT Critical Reading exam.

EN 211-G English Composition and Literature/3

An introduction to literary genres: fiction, drama, poetry, and film. Emphasis is on continued development of writing and close reading skills as students study each genre, discern themes and concepts, and write essays (including the research essay) in response to the readings. Prerequisite: EN 101-G.

EN 223 Mass Media Writing I/3

A basic course in journalism, dealing with the principles of news writing and reporting practices and providing an introduction to the ethics and challenges of the journalistic enterprise. Prerequisite: EN 101-G or concurrent. (Same as CO 223) Fall semester.

EN 225/425 Journalism Participation: Newspaper/0-1

Participation on Tabor View staff. Prerequisite: EN 223 or consent of instructor. (Same as CO 225/425)

EN 226/426 Journalism Participation: Yearbook/0-1

Participation on Tabor *Bluejay* staff. (Same as CO 226/426)

EN 301 Study of Language/3

A brief history of written English; analysis and imitation of various prose styles. Prerequisite: EN 101-G and consent of instructor. Offered on demand.

EN 302 Advanced Grammar/3

An intensive study of the principles of grammar. Prerequisite: EN 101-G. Fall semester.

EN 303 Creative Writing/3

Emphasis on poetry, drama, and/or fiction. Prerequisite: EN 211-G. Fall semester, even-numbered years.

EN 304-G Advanced Writing: Expository/3

A rhetoric-with-readings course to help students master the essay writing process as well as research techniques. Prerequisite: EN 101-G and junior standing.

EN 305-G Advanced Writing: Business/3

A course designed to help students master career-related writing including a research-based report. Priority given to business majors. Prerequisite: EN 101-G and junior standing. Spring semester.

EN 306 Studies in Rhetoric/3

A study of the principles of classical rhetoric, including stylistic analysis and imitation. Prerequisite: EN 101-G. Spring semester.

EN 310 Mass Media Writing II/3

Focuses on refining reporting and journalistic writing skills beyond basic news writing. The journalist will work at conceptualizing and writing articles for a contemporary audience. Styles of writing include features, profiles, specialized reporting, editorial writing, and sports writing. Prerequisite: EN/CO 223. (Same as CO 310) Alternate years.

EN 311-G American Literature I/3

A study of major writers and genres from the colonial era to Emily Dickinson. Prerequisite: EN 211-G. Fall semester, even-numbered years.

EN 314-G Ethnic and Minority Literature/3

Will include an examination of the contributions and impact of the work of authors and poets of African, Asian, Hispanic, Native American, and European ethnic heritage on literature in the United States. The course may be structured to intensively examine the literature of one or two groups, or may examine a broader spectrum of the literature of a number of groups. The course will include works by ethnic and minority writers of the past and of the present. Prerequisite: EN 211-G. Spring semester, even-numbered years.

EN 316-G World Literature/3

A study of world views, authors, and genres in literature from ancient Hebrew, Greek, and Roman to modern Spanish, Russian, and French cultures. Prerequisite: EN 211-G. Fall semester, odd-numbered years.

EN 320 Literary Criticism/2

A study of classical and contemporary literary analysis. Prerequisite: EN 211-G. Fall semester, even-numbered years.

EN 321-G American Literature II/3

A study of major writers and genres from Mark Twain to the present. Prerequisite: EN 211-G. Spring semester, odd-numbered years.

EN 323 Communication Law and Ethics/3

Designed to acquaint students with moral and legal issues involving the practice of journalism and other communication professions. Topics such as freedom of expression, slander, libel, privacy, commercial speech, intellectual property, and the public's right to know will be taught. (Same as CO 323) Alternate years.

EN 324 Young Adult Literature/2

An analysis and evaluation of literature read by young adults. Spring semester.

EN 350-G Topics in Language and Literature/3

Selected topics of interest in language and literature. Possible topics could include the study of major authors, literary movements, genres, or critical theories. Prerequisite: EN 211-G.

EN 410 Film as Literature/3

Students will study the impact of film interpretations of written source texts, and will learn how to analyze the argument film makers present via film to a mass audience. Students will study six contemporary films and compare them to source texts. Students will study the structure of film from literary (the narrative), dramatic (the costumes, acting, props), and cinematic (camera angles, lighting) aspects. Prerequisite: EN 211-G. Spring semester, odd-numbered years.

EN 411-G British Literature I/3

A study of major writers and genres from Beowulf to the late eighteenth century. Prerequisite: EN 211-G. Fall semester, odd-numbered years.

EN 412-G Shakespeare/3

A study of the major plays and sonnets. Prerequisite: EN 211-G. Fall semester, even-numbered years.

EN 414 English Seminar/2

A study of a selected topic(s) such as the influence of the Bible in various works of literature, an in-depth study of an author and his works, or an analysis of the scope and influence of regional or religious fiction, etc. Prerequisite: EN 211-G and departmental permission. Fall semester, odd-numbered years.

EN 421-G British Literature II/3

A study of major writers and genres from the Romantic Period to the present. Prerequisite: EN 211-G. Spring semester, even-numbered years.

EN 430 Practicum in Tutoring Writing/0-3

The practicum offers theoretical bases and practical techniques of tutoring writing. Students will read about tutoring and make weekly reports to the class, as well as gain practical experience throughout the semester. Prerequisite: Consent of the instructor.

FOREIGN LANGUAGES**FL 101-G German I/4**

Introduces the essentials of German grammar and the development of the four basic skills: listening, speaking, reading, and writing. German cultural aspects are an integral part of the course. Fall semester.

FL 102-G German II/4

Continued study of the essentials of German grammar and the development of the four basic skills: listening, speaking, reading, and writing. German cultural aspects are an integral part of the course. Prerequisite: FL 101-G or its equivalent completed within two calendar years prior with earned grade of C or higher, or introductory German examination administered by the Tabor Language Department. Spring semester.

FL 106 Elementary Hebrew I/4

An introduction to Classical Hebrew, emphasizing vocabulary, grammar, and syntax. (Same as RS 106) Cannot be used toward IAE credit. Offered on demand.

FL 108 Elementary Greek I/4

An introduction to New Testament Greek emphasizing vocabulary, grammar, and syntax. (Same as RS 108) Cannot be used toward IAE credit. Offered on demand.

FL 131-G Spanish I/4

Introduces the essentials of Spanish grammar and the development of the four basic skills: listening, speaking, reading, and writing. Latin American and Spanish cultural aspects are an integral part of the course. Fall semester.

FL 132-G Spanish II/4

Continued study of the essentials of Spanish grammar and the development of the four basic skills: listening, speaking, reading, and writing. Latin American and Spanish cultural aspects are an integral part of the course. Prerequisite: FL 131-G or its equivalent completed within two calendar years prior with earned grade of C or higher, or introductory Spanish examination administered by the Tabor Language Department. Spring semester.

FL 307-GC Elementary Hebrew II/4

A continuation of Elementary Hebrew I. Reading and exegetical skills are developed through a study of selected Old Testament texts. Prerequisite: FL 106. (Same as RS 307) Cannot be used toward IAE credit. Offered on demand.

FL 309-GC Elementary Greek II/4

A continuation of Elementary Greek I. Reading and exegetical skills are developed through a study of selected New Testament texts. Prerequisite: FL 108. (Same as RS 309) Cannot be used toward IAE credit. Offered on demand.

GEOGRAPHY**GEO 160-G World Geography/3**

A study will be made of the major regions of the world. In addition to learning basic geographic locations, focus will be on the major cultural, environmental, political, and historical features of each region of the planet. Alternate years. Spring semester, even-numbered years.

HISTORY

Areas of strength in the History Department include western history with an emphasis in religious history, modern America, the Reformation era, British Empire, Greek and Roman history, and the American frontier. The program has a reputation for strong teaching, and faculty have published numerous books and articles. Graduates are prepared for teaching, international relations, law school, or graduate school.

COURSE DESCRIPTIONS**HI 121-G United States History I/3**

A survey of United States history from the early native Americans to the end of the Reconstruction era. Emphasis on the major social, economic, and political movements. Fall or Spring semester.

HI 122-G United States History II/3

A survey of United States history from the end of the Reconstruction era to the present. Emphasis on the major social, economic, and political movements. Fall or Spring semester.

HI 130-G American Social History/4

A survey of the creative achievements of the American people from the colonial period to the present. Emphasis will be placed on issues of gender, race, and on the development of American literature, art, sports, and religion.

HI 160-G World Civilizations I/4

A survey of world civilizations from their inceptions in the ancient world until the seventeenth century. The course will focus on the major political, economical, social, and intellectual developments of the ancient and medieval worlds and during the transition to the modern world. Fall or Spring semester.

HI 161-G World Civilizations II/4

A survey of world civilizations from the seventeenth century to the present. The course will focus on the major political, economical, social, and intellectual developments of the early modern and modern worlds. Fall or Spring semester.

HI 220/420 History Seminar/2-4

Possible subjects include Minority History, African History, Far Eastern History, Latin American History, Russian History, Intellectual History, Social History, and other topical studies.

HI 239 Fringe Religions: Occult and Cultic Movements/3

A brief survey will be made of the major aspects of the occult and cults. Emphasis will be placed on the historical development and present status of witchcraft, Satanism, divination, spiritualism, parapsychology, and the prominent cultic groups. (Same as RS 239-G) Alternate years.

HI 290-G/390-G History of Christianity/4

A survey of the major events, institutions, ideas, movements, theological systems, missionary activities, and people that have made Christianity what it is today. The time span of the course is from the first century until the present. (Same as RS 290-G/390-G) Alternate years.

HI 300 Kansas History/2

This course will offer an overview of the culture and society of Kansas from prehistory to the present. Special emphasis will be placed on Native American culture, Euro-American conquest and settlement, the Civil War period, and the changes in Kansas since the Dust Bowl. The final third of the class will concentrate on the structure and operation of the state constitution and government.

HI 310 U.S. History: Revolutionary and Confederation Eras, 1763-1789/2

Survey of United States history from the end of the French and Indian War through the Revolutionary War and Confederation period to the ratification of the Constitution.

Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 313 Mennonite History/3-4

The origin, development, teachings, emphases, and lifestyles of persons of Anabaptist-Mennonite persuasion will be studied from a historical, theological, and sociological perspective. (Same as RS 313-G) Alternate years.

HI 315 U.S. History: Early National America, 1789-1861/2

Study of United States history from Washington to the eve of the Civil War. Emphasis on Jeffersonian republicanism, Jacksonian democracy, sectional strife, and their related political, social, and economic issues. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 318-G American Religious History/4

A survey of religions in America from their European roots to the present day. Emphasis will be placed on the major movements, denominations, sects, theological trends, and forces of change within American religions. (Same as RS 318-G) Alternate years.

HI 320 U.S. History: Gilded Age and Reform Era, 1877-1920/2

United States history from the end of the Reconstruction through the Gilded Age and Progressive era to 1920. Emphasis on the major social, economic, and political movements.

Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 325 American West/3

Survey of the history of Western migration. Special emphasis will be placed on the Trans-Mississippi West, ethnic conflict in the West, and the image of the West.

HI 330 U.S. History I: The Twentieth Century, 1920-1945/2

Survey of United States history from the Republican ascendancy in 1920 through the Roosevelt era. Emphasis on the social, economic, and political issues. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 335 U.S. History II: The Twentieth Century, 1945 to Present/2

Survey of United States history from the end of World War II to the present. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 340 Ancient History/4

Survey of ancient civilization from prehistoric times to the fall of Rome. Emphasis on the cultural, religious, economic, intellectual, and military developments of Egypt, Mesopotamia, Israel, Greece, and Rome. Offered on demand.

HI 350 The Middle Ages, 300-1050/2

Medieval history from the late Roman times to the High Middle Ages. Emphasis on Medieval religion, social structure, and institutional development. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 351 The Middle Ages, 1050-1350/2

Medieval history from the High Middle Ages to the Renaissance. Emphasis on Medieval religion, social structure, and institutional development. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 361 The Reformation Era/4

European cultural, religious, intellectual, social, and political history from 1350 to 1600. Emphasis on the Italian Renaissance and the Protestant Reformation. (Same as RS 361) Offered on demand.

HI 370 Early Modern Europe, 1600-1715/2

Survey of the major events, ideas, institutions, and movements of Europe from 1600 to 1715. Particular emphasis on the development of strong governments, the decline of the ancient regime, the Enlightenment, the French Revolution, and Napoleon. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 371 Early Modern Europe, 1715-1815/2

Survey of the major events, ideas, institutions, and movements of Europe from 1715 to 1815. Particular emphasis on the development of strong governments, the decline of the ancient regime, the Enlightenment, the French Revolution, and Napoleon. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 380 Modern Europe, 1815-1914/2

Survey of the major events, ideas, institutions, and movements of Europe from 1815-1914. Particular emphasis on the isms, the wars, ideas, and movements that bear a marked effect on our lives. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 381 Modern Europe, 1914 to Present/2

Survey of the major events, ideas, institutions, and movements of Europe from 1914 to the present. Particular emphasis on the isms, the wars, ideas, and movements that bear a marked effect on our lives. Prerequisite: Early registration or consent of instructor. Offered on demand.

HI 400 Historiography/2

Readings and research project will focus on the philosophy of history and methods of historical research. Prerequisite: Consent of Instructor. Fall and Spring semesters.

HUMANITIES**HU 100-G Introduction to Fine Arts/3**

An introduction to music, visual arts, dance, and theater as integrated art forms. The course is designed to expand understanding of art forms through studying stylistic periods, major figures, style traits and societal issues. Students will experience galleries, museums, theaters, concerts, and/or performances as they explore fine arts. Fall semester, even-numbered years.

MATHEMATICS

The Mathematical Sciences curriculum prepares students for employment in business, industry, and education. Challenging courses and a strong pre-engineering program also prepare students for success in graduate school. The program is strengthened by its excellent faculty as well as its participation in the cooperative mathematical sciences program with Bethel College.

COURSE DESCRIPTIONS

A general prerequisite for all mathematical sciences courses (except MA 103) is that each student has satisfactorily met the Tabor College mathematics competency requirement. The Cooperative Department of Mathematical Sciences requires a student to have achieved at least a C grade in any prerequisite before going on to the next course.

MA 103 Basic Mathematics/3

Subject matter includes elementary algebra and flow charts. The student acquires some technical competence in computer use to aid in solving elementary practical problems. Does not meet Core Curriculum requirement. Spring semester.

MA 104 Intermediate Algebra/3

Emphasis on using simple mathematical operations to explore polynomials, linear equations and inequalities, quadratic equations, exponential and logarithmic functions, and graphs of each. Prepares students to take MA 105-G, MA 106-G, MA 221-G, and MA 222-G. This course does not meet the Core Curriculum deductive reasoning requirement. Fall semester.

MA 105-G College Algebra/3

A study of elementary concepts of sets, logic, linear and nonlinear relations, algebraic functions and their graphical representations, matrices and determinants, and mathematical induction. Prerequisite: ACT Math score of 21, COMPASS Algebra score of 50 or C- or higher in Basic Math. Fall semester.

MA 106-G Precalculus/5

A detailed study and analysis of algebraic and transcendental functions. Includes their properties, related analytic geometry, limits, continuity, propositional logic, sets, relations, and functions. Prerequisite: Algebra II in high school or MA 104. Fall semester.

MA 114-G Calculus I/4

Logic, sets, relations and functions. An introduction to limits, the derivative, and the Riemann integral for algebraic and elementary transcendental functions. Prerequisite: Four years of high school mathematics, MA 106-G, or consent of instructor. Fall semester.

MA 203-G Discrete Mathematics/3

Covers topics in mathematics which are especially useful in computer science: logic, functions and relations, combinatorics, trees, analysis of algorithms, and elementary modern algebra. Prerequisite: MA 106-G. Interterm.

MA 204-G Nature of Mathematics/4

A course designed to acquaint the students with the nature, philosophy, methodology, significance, and use of mathematics from ancient times to the present and in various cultural contexts. The concept of a mathematical system is emphasized. The following topics are included: inductive/deductive reasoning, logic, set theory, concepts, and relations in number theory, numeration systems, probability, and statistics. This course is required of all prospective teachers preparing for licensure in the state of Kansas. Prerequisite: Successful completion of mathematics competency requirements. Fall semester.

MA 205 Mathematics for Elementary Teachers/4

This is a continuation of MA 204-G and is required of those preparing to teach kindergarten through sixth grade. The course will include topics from algebra, geometric figures and their properties, transformational geometry, analytic geometry, contrast of Euclidean and non-Euclidean geometries, measurement, representations of algebraic and geometric situations/solutions. Students will be encouraged to recognize patterns, and form and test conjectures. Prerequisite: MA 204-G. Spring semester.

MA 206 Linear Algebra/3

This course comprises an in-depth study of vectors, matrices and vector spaces, including systems of equations, vector methods, eigenvectors and eigenvalues, linear independence, dimension and linear transformations. Prerequisite: MA 114-G. Interterm.

MA 214 Calculus II/4

A continuation of MA 114-G, includes methods and applications of integration, indeterminate forms, parametric and polar equations, and sequences and series. Prerequisite: MA 114-G or MA 203-G. (If Calculus I was not taken at Tabor College, the student must take MA 203-G before enrolling in MA 214.) Spring semester.

MA 221-G Elementary Statistics/4

This course includes both discrete and inferential statistics, probability, binomial, normal and chi-squared distributions, tests of hypotheses, confidence intervals, regression, and correlation. A statistical package is used throughout the course. Recommended for students in biology, environmental studies, pre-nursing, economics, business, psychology, and sociology. Prerequisite: One of the following two courses: Plane Geometry or Algebra II, and Mathematics ACT score of 19, Mathematics SAT score of 460, or consent of instructor. Spring semester.

MA 222-G Finite Mathematics and Calculus/4

Combinatorial analysis. Matrices and applications. Linear programming. Derivatives and integrals with applications. With MA 221-G this course provides the mathematics recommended for students in the social and biological sciences. Prerequisite: Algebra II in high school or MA 104.

MA 225 Statistical Reasoning/1

A course for students whose transfer of statistics does not meet deductive reasoning standards, this course will cover topics in basic logic, basic set theory, probability (including Bayes' Theorem) and the Central Limit Theorem. Spring and fall semesters.

MA 301 Multivariable Mathematics/4

A continuation of MA 214-G, this course is a generalization of Calculus concepts to multidimensional spaces. Topics include multidimensional limits, continuity, differentiation, and integration, also includes discussion of the grad, div, curl, and Laplace operators with the goal of reaching Green's and Stokes' theorems by the end of the semester. Prerequisite: MA 214-G. Fall semester.

MA 311 Advanced Analysis/4

Fundamental concepts of analysis, functions of bounded variation, integration, sequences of functions. Fourier series and functions of a complex variable. Prerequisite: MA 301. Fall semester, odd-numbered years.

MA 312 Topics in Advanced Analysis/1-3

A continuation of MA 311, demanding independent work by the students. Spring semester, even-numbered years.

MA 321 Applied Mathematics for the Physical Sciences/4

A continuation of MA 301. Differential equations, Laplace transforms, and Fourier series. Prerequisite: MA 301. Spring semester.

MA 341 Modern Geometry/4

A survey course which includes selected topics in Euclidean geometry, projective geometry, non-Euclidean geometry, foundations of geometry, and convex figures. Prerequisite: MA 301. Interterm, odd-numbered years.

MA 371 Operations Research/3

Mathematical techniques used in systems analysis including linear programming, dynamic programming, probability models, game theory, optimization, and statistical techniques. Prerequisite: MA 214 or MA 222-G. Spring semester, odd-numbered years.

MA 411 Modern Algebra/4

Groups, rings, polynomial rings, fields, vector spaces, and modules. Prerequisite: MA 301. Fall semester, even-numbered years.

MA 412 Topics in Modern Algebra/1-3

A continuation of MA 411, demanding more independent work by the student. Topics include field extensions and canonical forms. Spring semester, odd-numbered years.

MA 420 Readings/Research/1-3

The writing of a major paper based on a program of assigned readings. Students preparing for a career in secondary education will trace the historical development of a mathematical topic. Fall and Spring semesters.

MA 441 Combinatorics and Graph Theory/3

Directed graphs, trees, circuits, paths, network flows, basic combinatorics, generating functions, and difference equations. Emphasis on applications and use of computer in problem solving. Prerequisite: MA 214. Interterm, even-numbered years.

MA 462 Mathematical Theory of Statistics/4

Significance tests, the theory of estimation, theory of hypothesis testing, and elements of sequential analysis. Prerequisite: MA 301. Spring semester, even-numbered years.

MEDICAL TECHNOLOGY

These clinical courses are offered at affiliated Schools of Medical Technology.

MT 435 Clinical Immunology

Includes immunohematology, the study of fundamentals of antigen-antibody reactions, blood groups and types, crossmatches, blood components, laboratory methods used in immunohematology studies, and serology, the theory of immunologic responses and procedures used in determination of serological studies.

MT 440 Clinical Immuno-Hematology

Study of fundamentals of antigen-antibody reactions, blood groups and types, crossmatches, blood components and the laboratory methods used in immunohematology studies, and theory of immunologic responses and procedures used in determination of serological studies.

MT 450 Topics in Medical Technology

Includes basic principles and practices of the medical laboratory, techniques, and special projects.

MUSIC

The Music program is accredited by the National Association of Schools of Music (NASM), 11250 Roger Bacon Drive, Suite 21, Reston, VA 20190, (703) 437-0700. The music program's objectives support the goals of Tabor College. These objectives are:

1. To train students to be servants of our Lord in the church and community in the ministry of music
2. To train students to be music teachers in the classroom, the studio, and the church
3. To provide opportunities for students to develop their performance capabilities
4. To stimulate an appreciation for music through study of music literature and theory and through the performance of the best in music literature
5. To inspire students to continue learning and performing both formally and informally
6. To provide opportunities for the Tabor College and Hillsboro communities to attend and participate in concerts and recitals

The Church Music Major is designed to prepare students for music ministry, specifically to train leaders for church music programs. Students in this program may substitute a semester in the Contemporary Music Program with the Council of Christian Colleges and Universities for one semester of study. A junior performance recital or equivalent capstone project is required for this degree.

COURSE DESCRIPTIONS

MU 016 Concert Music/0

Attendance at professional, school, and church concerts. Meets weekly for student recitals. Required of all music majors, minors, and music concentrations.

MU 050 Fundamentals of Music/0-1

A study of the rudiments of music, including meter, rhythm, note names, and keyboard exposure. Fall semester. Offered on demand.

MU 080 Piano Seminar/0

Weekly repertoire and technique sessions for performance and discussion of topics related to piano playing. Required for piano majors and minors.

MU 102, 302 Voice/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 103 Voice Class/0-1

An introductory course for all music majors (and open to non-majors), designed to familiarize and equip the student with the basic fundamentals of singing, to offer the student a variety of singing experiences, and to expose the student to an aesthetic appreciation of vocal performance. Offered on demand.

MU 106, 306 Piano/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 107 Piano Class/0-1

Elementary instruction in piano for non-music majors. Offered on demand.

MU 110, 310 Organ/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 112, 312 Brass Instrument/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 116, 316 Woodwind Instrument/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 117, 317 Guitar/1

Study and drill in the techniques of solo performance using appropriate pedagogical materials and music literature. This course is private instruction with students receiving one 30-minute lesson per week. Credit normally includes a short public performance and/or a juried examination. Lesson fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 120, 320 String Instrument/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 124, 324 Percussion Instrument/1

Lesson Fee. Prerequisites: Students need to register at the 100 level for four semesters of the same applied lesson before registering at the 300 level; consent of instructor.

MU 125/126/225/226 Piano Proficiency I, II, III, IV/1

Instruction in keyboard skills in preparation for proficiency exams. See instructor for placement.

MU 128, 328 Concert Choir/Chorale/0-1

Enrollment by audition for both fall and spring semesters. Prerequisite: Students need to register at the 100 level for four semesters of the same ensemble (band, choir, or chorale) before registering at the 300 level.

MU 132, 332 Concert Band/0-1

Enrollment by audition for both fall and spring semesters. Prerequisite: Students need to register at the 100 level for four semesters of the same ensemble (band, choir, or chorale) before registering at the 300 level.

MU 133, 333 Tabor College Community Chorale/0-.5

The Tabor College Community Chorale offers college and community singers an opportunity to join together in performing choral literature. This non-auditioned choir may join the Tabor College Concert Choir in the winter and spring oratorios, as well as perform two yearly concerts of their own. Rehearses once per week for 12 weeks each semester.

MU 138, 338 Vocal Ensemble/0-1

Enrollment by audition for both fall and spring semesters. Prerequisite: Students need to register at the 100 level for four semesters of the same ensemble before registering at the 300 level.

MU139,339 Handbell Choir-0-1

Enrollment by audition for both fall and spring semesters by demonstrating basic musical knowledge. Previous handbell experience is not required. Prerequisite: Students need to register at the 100 level for four semesters before registering at the 300 level

MU 140, 340 Instrumental Ensemble/0-1

Enrollment by audition for both fall and spring semesters. Prerequisite: Students need to register at the 100 level for four semesters of the same ensemble before registering at the 300 level. Enrollment in Brass Ensemble and Jazz Band requires concurrent enrollment in MU 132 Concert Band.

MU 141-G Music Theory I/3

An integrated course in the theory of music, sight singing and ear training, including the fundamentals of music, introduction to style periods, and elementary four-part harmonization and analysis.

MU 142 Music Theory II/3

An integrated course in the theory of music, including the fundamentals of music, introduction to style periods, and elementary four-part harmonization and analysis. Prerequisite: MU 141-G. Concurrent with MU143 Sight Singing /Ear Training I/1. Spring semester.

MU 143-G Sight Singing and Ear Training I/1

Provides experiences and practice designed to develop the abilities and focus on the skills in reading and hearing necessary to become fluent in transforming written melody, harmony, and rhythm notation to performance. Taught as a companion course to MU 142 Music Theory II. Spring semester.

MU 144-G Sight Singing and Ear Training II/1

Continues to provide experiences and practice designed to develop the abilities and focus on the skills in reading and hearing necessary to become fluent in transforming written melody, harmony, and rhythm notation to performance. Taught as a companion course to MU 241 Music Theory III. Fall semester.

MU 241 Theory III/3

Completion of the study of basic diatonic materials as well as extensive study of the chromatic materials of music and an introduction to the compositional techniques of the 20th century. Included are studies in form and analysis and assignments in composition. Prerequisite: MU 142. Concurrent with MU 144 Sight Singing and Ear Training II. Fall semester.

MU 243 Sight Singing and Ear Training III/1

Continues to provide experiences and practice designed to develop the abilities and focus on the skills in reading and hearing necessary to become fluent in transforming written melody, harmony and rhythm notation to performance. Taught as a companion course to MU241. Offered every fall semester. Prerequisite: MU144.

MU 272 Conducting Techniques/1

An introduction to the technique and fundamentals of conducting, including proper beat patterns, cueing, expression, and musical terms. Meets first 5 weeks of semester. Meets concurrently with MU 372. Fall semester, odd-numbered years.

MU 280 Piano Pedagogy I/2

An introductory study of the philosophy, business procedures, methods, and materials for the independent music teacher. Primary focus will be on the elementary level of all ages of piano students. Fall semester, even-numbered years.

MU 281/481 Preparatory School Practicum/1

Supervised practice teaching taken by all students doing teaching in the Music Preparatory School (or other approved music school). May be repeated every semester. Prerequisite: MU 280 for MU 281, and four semesters of MU 281 for MU 481.

MU 314 Brass/Woodwind Methods and Materials/1

Instruction in pedagogy, technique, and care of brass and woodwind instruments, including appropriate teaching materials to meet the wide range of individual differences in students. Spring semester, odd-numbered years.

MU 315 Elementary School Music/2

Materials and procedures for teaching music for grades K-6. Fundamentals of music and development of music appreciation by use of song, reading materials, and rhythmic, including games, rhythm and melody instruments, listening and creative activities. For non-music majors. Prerequisite: Admission to Teacher Education Program or consent of Education Department chairperson. Fall semester.

MU 326 String/Percussion Methods and Materials/2

Instruction in pedagogy, technique, and care of string and percussion instruments, including appropriate teaching materials to meet the wide range of individual differences in students. Instruction in violin, viola, cello, bass, and percussion instruments. Fall semester, even-numbered years.

MU 334 Music Technology Seminar/2

This course has three components: the integration of the use of public address equipment in a performance setting; the use of electronic keyboard and computers including the integration into recording, performing, scoring and sequencing; the use of computers in generating worship materials for the contemporary church. Prerequisite: junior level standing. Taken in conjunction with MU 385. Internship in Church Music.

MU 342 Music Arranging/3

Completion of the study of basic diatonic materials as well as introduction to the study of the chromatic materials of music and compositional techniques of the 20th century. Score study, study of orchestral instruments, including range, clef and transposition study, tonal colors and arranging for instruments in various combinations with singing groups and voices. Prerequisite: MU 241 or permission. Spring semester.

MU 353 Vocal Pedagogy and Diction/3

The study of the art of teaching voice. Topics include vocal technique and development, physiology of the voice, and teaching philosophies and strategies. Rules for pronunciation of Italian, German, French, and English are included, utilizing the International Phonetic Alphabet. The course will include a practicum in private teaching. Spring semester, even-numbered years.

MU 361 Music History and Literature I/3

A study of the history and literature of music from the pre-Christian era through the Baroque period. Fall semester, even-numbered years.

MU 362 Music History and Literature II/3

A study of the history and literature of music from the classical period until the present time. Spring semester, odd-numbered years.

MU 365 Music in Christian Worship: Foundations and Forms/2

Reading and discussion regarding biblical definitions, directives, and the nature of Christian worship. Includes the study and formation of various worship practices, ranging from traditional Protestant to contemporary and blended forms of corporate worship. (Same as RS 365) Spring semester, even-numbered years, first half of semester.

MU 366 Music in Christian Worship: Planning and Leading/2

Exposure to the repertoire and resources of music for Christian worship, and methods of organizing and leading corporate worship in a variety of formats, ranging from traditional Protestant to contemporary and blended forms of corporate worship. (Same as RS 366) Spring semester, even-numbered years, second half of semester.

MU 372 Choral Conducting and Literature/3

An introduction to the technique of conducting choral ensembles, including proper beat patterns, cueing, expression, and score preparation. The music styles of the five major compositional periods will also be discussed, particularly in regard to their application in conducting. Teaching methods and materials appropriate for 7-12 will be included and a practicum in conjunction with the Teacher Education Department will provide students the opportunity for hands-on conducting and micro teaching in a classroom setting. Fall semester, odd-numbered years.

MU 380 Piano Pedagogy II/2

A continuation of Piano Pedagogy I. This course focuses on the intermediate level for private and group settings. Assessment and grading of teaching literature and research into pedagogical categories will be included. Prerequisite: MU 280. Spring semester, odd-numbered years.

MU 385 Internship in Church Music/1-4

Supervised field experience in a church. Students gain hands-on experience and knowledge in a local church setting, as well as develop reflective thinking skills. Students must meet regularly with the faculty supervisor. May be repeated for additional credit. Prerequisite: Consent of the department.

MU 423 K-12 Clinical Experience/10

Student teaching in public schools.

MU 445 Senior Project/1

A recital is presented as a culmination of the student's educational experience in the field of music.

MU 446 Capstone Project/1

A senior level project culminating the student's experience in the area of church music studies, demonstrating a synthesis of skills and knowledge developed through the coursework in church music. Students will be expected to do independent research on a project approved by the music faculty, read and defend church music processes, participate in group discussions and make a formal presentation of findings to church music majors and minors and the music faculty. Prerequisite: senior standing. Offered senior year. Spring semester.

MU 452 Methods and Materials for Teaching Vocal Music/4

Materials and procedures for teaching vocal music in grades PreK-12. Emphasis placed upon techniques for teaching music reading and performance skills, utilizing Kodaly methods for elementary school music, and focusing upon voice production, ensemble techniques, literature for solo and ensembles, and administration for secondary schools.

MU 454 Instrumental Materials and Methods 4-12/3

Materials and procedures for teaching instrumental music in grades 4-12. Emphasis is placed on beginning instrumental ensembles and lesson procedures, advanced band-orchestra techniques, marching band, related materials, and instrumental administration. Prerequisite: MU 472. Interterm.

MU 460 Church Music Administration Seminar/1

Principles of structuring and developing a church music program, including graded choirs, music filing, recruiting, working with pastors and music education in the church. Field observations required. Prerequisite: Open to students completing a major or minor in music with an emphasis in church music or by permission. Taken in conjunction with MU 385 Internship in Church Music.

MU 472 Instrumental Conducting and Orchestration/3

An in-depth examination of conducting technique and score study in preparation for conducting instrumental ensembles, including proper beat patterns, cueing, expression, and score preparation. The music styles of the five major compositional periods will also be discussed, particularly in regard to their application in conducting. Teaching methods and materials appropriate for 7-12 classrooms will be included. A study of the uses of instrumentation and instrumental textures as identified by the use of instruments in a variety of combinations is included. A practicum in conjunction with the Teacher Education Department will provide students the opportunity for hands-on conducting and micro teaching in a classroom setting. Prerequisite: MU 372. Spring semester.

MU 480 Pedagogy Capstone/2

A senior-level course synthesizing skills and principles outlined and used in the pedagogy courses and practicums. Students will be expected to do a research project/presentation on an approved pedagogical topic, teach group piano lessons in the Music Preparatory School, as well as complete a literature review of piano repertoire. Prerequisite: MU 380, senior standing. Offered on demand.

NATURAL SCIENCES

COURSE DESCRIPTIONS

NS 311 History of Mathematics/Science Survey/1

This course comprises an in-depth study of the history of topic in mathematics and or science and culminates in comprehensive research report. Prerequisite: MA203-G Junior Standing. Concurrent with enrollment in NS 319. Fall semester.

NS 319 Research Methods /0-1

Introduces the scientific process and methodology of scientific research/exploration for the development and participation in an independent laboratory research project. There will also be discussions about faith/science issues and ethics. Prerequisites: BI 110-G, and CH 112 and junior standing. half hour (.5) credit, Fall; half hour (.5) credit, Spring semester.

NS 420 Research Project

The biology project is a laboratory research experience designed for junior or senior majors in biology. Also requires oral and written presentations.

NS 440 Natural Sciences Internship /1-3

A supervised field experience in the areas of mathematics and the sciences. Students are involved in a practical professional experience in an approved setting. They will work and/or observe under the supervision of professionals in their field of interest. Students will be required to complete related academic assignments that could include provided readings, journaling, reports, and presentations. Pre-requisite: Declared Natural Sciences Division major (Biology, Biochemistry, Chemistry, Mathematics)

PHYSICAL EDUCATION

The Health & Physical Education Department offers programs designed to prepare students for teaching physical education and health in elementary and/or secondary schools. It also prepares students for graduate work in physical education and provides several options in areas related to physical education. These areas include camping, coaching, sports studies, sport management, and strength and conditioning. The Strength and Conditioning concentration is a National Strength and Conditioning Association recognized program. Additionally, an Athletic Training major is an option.

COURSE DESCRIPTIONS

PE 100-G Wellness Concepts/2

A course designed to provide the individual with the basic understanding of the various components of wellness, including physical fitness, lifetime exercise, nutrition, diet control, and stress management. The focus will be on developing a sound attitude toward a positive wellness lifestyle. Fall, Interterm, and Spring.

PE 104-G Aerobic Activities/1

A course designed to develop physical fitness through a variety of aerobic activities. Fall and Spring semesters.

PE 108-G Outdoor Adventure/1

Instruction in outdoor activities including orienteering, rock climbing, initiatives, canoeing, and personal camping skills. Lab fee for off-campus activities.

PE 109-G Fitness Walking/1

A course designed to develop cardiovascular endurance through an individualized walking program. Spring semester.

PE 111-G Jogging/1

A course designed to develop cardiovascular endurance through an individualized jogging program. Fall semester.

PE 112-G Tennis/1

Instructions in rules, skills, and strategy. Not open to students earning varsity tennis credit. Fall and Spring semesters.

PE 113-Tumbling/1

Instruction in basic tumbling skills with an emphasis on technique progression. Seven week course. Spring semester.

PE 114-G Beginning Weight Training/1

Coeducational. This course is designed for the beginner. Emphasis is placed on proper use of equipment, lifting technique, safety precautions, and establishing a recreational program for non weight lifters. Fall semester.

PE 115 Rhythmic Activities/1

Coeducational. A course designed to acquaint students with games, dances, customs, and traditions of various countries. Seven week course. Interterm, even-numbered years.

PE 116-G Advanced Weight Training/1

Coeducational. This course is designed for the experienced weight lifter. Emphasis is on establishing a knowledge of lifting, fitness, and body development, and developing a program for a specific muscle group or activity. Includes teaching methodology. Prerequisite: PE 105-G or consent of instructor. Spring semester.

PE 117 Intermediate Swimming/2

Designed to analyze and develop the back crawl, side stroke, front crawl, and breast stroke. Interterm, odd-numbered years.

PE 118-G Physical Conditioning/1

A course designed to integrate cardiovascular endurance and strength training for a lifetime of fitness. Every semester.

PE 120 First Aid/Responding to Emergencies/1

Instruction in the recognition, prevention, and care of accidents and injuries according to the American Red Cross procedures. The Responding to Emergencies certification includes first aid, and adult, child, and infant CPR. Provision is made for laboratory and field experience. Lab fee: \$5. Seven week course. Fall semester and Interterm.

PE 125 Practical Introduction to Athletic Training/2

Orientation to the athletic training education process, profession and facilities. A series of basic skills will be presented, practiced and evaluated for safe application. Students will complete 30 hours of observation of Tabor College Certified Athletic Trainers as assigned. Prerequisites: PE 120, PE 220 or concurrent. Spring semester.

PE 131 Field Experience/1

A laboratory experience assisting with on campus athletic events, an individual sport program, or related activities. Prerequisite: Consent of instructor. May be repeated one time. Graded CR/NR.

PE 150 Varsity Baseball/0-1*

One season of continuous participation in varsity baseball. Fall and Spring semesters.

PE 152 Varsity Basketball/0-1*

One season of continuous participation in varsity basketball. Fall and Spring semesters.

PE 154 Varsity Cross-Country/0-1*

One season of continuous participation in varsity cross-country. Fall semester.

PE 156 Varsity Football/0-1*

One season of continuous participation in varsity football. Fall semester.

PE 160 Varsity Soccer/0-1*

One season of continuous participation in varsity soccer. Fall semester.

PE 162 Varsity Softball/0-1*

One season of continuous participation in varsity softball. Spring semester.

PE 164 Varsity Tennis/0-1*

One season of continuous participation in varsity tennis. Fall and Spring semesters.

PE 166 Varsity Track and Field/0-1*

One season of continuous participation in varsity track and field. Spring semester.

PE 168 Varsity Volleyball/0-1*

One season of continuous participation in varsity volleyball. Fall semester.

**Note: Prerequisite for varsity sports: Must be eligible according to NAIA standards and be listed on the NAIA Participation Sheet. A maximum of four hours may be earned.*

PE185 Anatomy and Physiology Survey/3

An introductory survey of the structure and function of the systems of the human body with an emphasis on the skeletal and musculature systems. This course does not meet the lab science requirement. Spring semester.

PE 200 Individual and Dual Sports/1

A study of the rules, strategy, and techniques of selected individual and dual sports usually found in school physical education programs. Spring semester, even-numbered years.

PE 201 Team Sports/2

A study of rules, strategy, and techniques of selected team sports usually included in school physical education programs. Spring semester, odd-numbered years.

PE 205 Introduction to Coaching/3

This is an introductory course for students interested in coaching at the middle or high school level. Focus is on qualities and roles of an assistant and head coach; coaching styles; off-season, preseason, and season planning; winning and losing; motivation; coaching relationships; dealing parents; risk management, and coaching ethics.

PE 211-G Human Physiology and Anatomy/5

Structure and functions of the various systems of the human body. Not recommended for biology majors. Two laboratory hours per week. (Same as BI 211-G) Fall semester.

PE 216-G Introduction to Health and Wellness/3

An introduction to health and wellness, including the major health content areas, including mental and emotional health, family living, nutrition, personal health, physical activity, alcohol, tobacco, drugs, communicable and chronic disease, consumer health and environmental health. Application will focus on personal and community responsibility. Prerequisite: sophomore standing. Fall semester.

PE 217 Advanced Swimming and Lifesaving/2

Methods of teaching water safety and developing skills necessary for Senior Lifesaving certification. Lab fee. Interterm, odd-numbered years.

PE 220 Care and Prevention of Athletic Injuries/3

A basic overview of athletic training. Emphasis on the history of athletic training, general principles of sports medicine, and care and prevention of athletic injuries. Prerequisite: PE 120. Spring semester.

PE 241 Introduction to Clinical Experience/2

This course is the first in a series of experiences designed to reinforce information learned in the classroom setting. Students will review previous risk management, injury prevention, and acute care competencies, and apply the knowledge to practical simulations of common athletic training situations. Mastery of applicable athletic training clinical proficiencies is expected as well as completion of a minimum of 120 field experience hours with Tabor College Certified Athletic Trainers as assigned. Prerequisites: PE 120, PE 220, and admission in the ATEP. Fall semester.

PE 242 Clinical Experience I/2

This course is the second in a series of experiences designed to reinforce information learned in the classroom setting. Students will review previous anatomy and injury evaluation competencies and apply the knowledge to practical simulations of common athletic training situations. Mastery of applicable athletic training proficiencies is expected in the course as well as completion of a minimum of 120 field experience hours with Tabor College Certified Athletic Trainers as assigned. Prerequisites: AT 351, BI 211-G; Prerequisite or concurrent: PE 322 and admission in the ATEP. Spring semester.

PE 245 Nutrition for Performance/2

A study of essential nutrients and the principles of nutrition with an emphasis on the effects on athletic performance and the overall wellness of the individual. Prerequisite: Sophomore standing or consent of instructor. Spring semester, odd-numbered years.

PE 301 Field Experience/1-4

A laboratory experience in a health, physical education, wellness, or athletic program which includes student assistantships in teaching, intramurals, wellness, and varsity athletics. Prerequisite: Physical Education major or consent of instructor. Graded CR/NC. Physical Education majors are exempt from ED 370.

PE 306 Psychology of Sport/3

A study of psychological theories and principles applied to sport. Focus is on performance enhancement and topics include the role of stress, goal setting, motivation, group dynamics, and personality. Prerequisites: PY 111-G and junior standing or consent of instructor. Spring semester, odd-numbered years.

PE 312 Elementary School Physical Education/3

A study of directed play and physical activities for the physical education teacher. Selection of activities for appropriate developmental level of students is stressed. Focuses on methods of assessing the cognitive, psychomotor, and affective domains. Includes micro teaching and a practicum. Spring semester, odd-numbered years.

PE 314 Strategies for Teaching Secondary Physical Education/3

A study of physical education activities for the secondary level with emphasis on curriculum planning, progressive selection of materials for middle and high school, community and school involvement, and methods of presentation and strategies for diverse populations. Focuses on methods of assessing the cognitive, psychomotor, and affective domains. Includes micro teaching. Prerequisite: PE 200 or PE 201. Fall semester, odd-numbered years.

PE 316 Advanced Health Concepts/3

Advanced principles and concepts of the health content areas and adolescent risk behaviors. Application will focus on public health and collaboration with community resources. Prerequisite: PE 216-G. Spring semester, even-numbered years.

PE 317 Adaptive Physical Education/2

Course deals with planning, organizing, and conducting physical education for the disadvantaged student. (Same as ED 317) Fall semester, even-numbered years.

PE 318 Event and Facility Management/3

A study of the management of sporting events and sport facilities. Event management focus is on finance, sponsorship, public relations, site preparation, tournament operations, and risk management. Facility management focus is on principles and standards for planning, constructing, using, and maintaining sport venues. Prerequisite: Junior standing or consent of instructor. Fall semester, odd-numbered years.

PE 321 Leadership in Recreation/Camping/2-3

An introduction to the field of recreation and camping. Implications and potentials of leisure activities are emphasized with opportunities provided for developing leadership skills. Students enrolled for 3 hours will participate in an approved camping experience for which there may be a lab fee. Prerequisite: Physical Education major or consent of instructor. Offered on demand.

PE 322 Kinesiology/3

A study of the anatomical and mechanical principles involved in human movement. Integrates and applies principles of motor learning. Prerequisite: BI 211-G, PE 185 or consent of instructor. Fall semester.

PE 323 Outdoor Pursuits/3

This course discusses planning, organizing, leading, and managing outdoor pursuit activities. Risk management will also be discussed. Emphasis is divided between achieving cognitive and physical experience in selected outdoor pursuits. Interterm. Offered on demand.

PE 324 Physiology of Exercise/3

A study of the specific effects of exercise on the human body, including an emphasis on training regimens. Prerequisite: BI 211-G, PE 185 or consent of instructor. Interterm.

PE 326 Strategies for Teaching Health/3

A study of health education in grades K-12. Emphasis is on examining and evaluating appropriate health education content information, establishing community and school involvement, selecting methods of presentation, and developing strategies for diverse populations. Prerequisite: PE 320. Fall semester, even-numbered years.

PE 327 Principles of Personal Training/3

A study of the principles of aerobic conditioning. Stresses the integration of health-related fitness components with exercise testing and prescription and the design and implementation of individual training programs. Prerequisite: PE 324. Spring semester, even-numbered years.

PE 329 Human Sexuality/3

A study of biological, psychological, behavioral, and cultural dimensions of human sexuality. How human sexuality affects people in their relationships to others in terms of development, sex role socialization, gender identity, sexually transmitted diseases, sexual dysfunction, and acquired immune deficiency are examined. Includes teaching strategies and methods. Prerequisite: Junior standing or consent of instructor. (Same as ED/PY 329) Spring semester.

PE 330 Coaching Theory/3

Designed for students who intend to enter the coaching profession. Theory, philosophy, administration, and the socio-psychological dimensions of physical activity and sports are included, along with a study of successful coaching styles employed by modern-day coaches. Prerequisite: Junior standing. Fall semester, odd-numbered years.

PE 331 Coaching of Football/2

Offensive and defensive philosophies, organization, and scouting are included along with a study of the skills and training necessary for different positions. Prerequisite: Sophomore standing. Fall semester, even-numbered years.

PE 332 Coaching of Basketball/2

Theory, strategy, fundamentals, and coaching techniques are included along with a study of offensive and defensive play. Prerequisite: Sophomore standing. Spring semester, even-numbered years.

PE 334 Coaching of Volleyball/2

Offensive and defensive strategies, skill fundamentals and team organization are included. Prerequisite: Sophomore standing. Offered on demand.

PE 335 Coaching of Soccer/2

Strategies and fundamentals are included along with a study of successful modern offensive and defensive play. Prerequisite: Sophomore standing. Fall semester, even-numbered years.

PE 336 Coaching of Track, Field, and Cross Country/2

Meet preparation and management are included along with a study of the skills and training necessary for individual events. Prerequisite: Sophomore standing. Offered on demand.

PE 337 Coaching of Tennis/2

Match preparation and management are included along with a study of skills and strategies. Prerequisite: Sophomore standing. Offered on demand.

PE 339 Coaching of Baseball/Softball/2

Fundamentals in hitting, pitching, and fielding are included along with a study of offensive and defensive strategies. Prerequisite: Sophomore standing. Fall semester, even-numbered years.

PE 342 Sport Promotion and Marketing/3

A study of marketing concepts applied to sport. Focus is on sport consumer behavior, pricing, distribution, promotion of sporting goods and services, and sponsorship. Prerequisites: BA 329 and junior standing or consent of instructor. Fall semester, even-numbered years.

PE 343 Clinical Experience II/2

This course is the third in a series of experiences designed to reinforce information learned in the classroom setting. Students will review previous injury evaluation and therapeutic modality competencies and apply the knowledge to practical simulations of common athletic training situations. Mastery of applicable athletic training proficiencies is expected in the course as well as completion of a minimum of 135 field experience hours in a Physical Therapy setting and with Tabor College Certified Athletic Trainers as assigned. Prerequisites: AT 352, AT 430, and admission in the ATEP. Fall semester.

PE 344 Clinical Experience III/2

This course is the fourth in a series of experiences designed to reinforce information learned in the classroom setting. Students will review previous therapeutic exercise competencies and apply the knowledge to practical simulations of common athletic training situations. Mastery of applicable athletic training proficiencies is expected in the course as well as completion of a minimum of 120 field experience hours in an Orthopedic Office setting and with Tabor College Certified Athletic Trainers as assigned. Prerequisites: AT 315, PE 324 or concurrent, and admission in the ATEP. Spring semester.

PE 350 Current Topics: Sports Medicine/1

Designed to keep students abreast of new developments in the field of sports medicine. Guest speakers from various medical professions will present topics that are of particular interest to students in the areas of Athletic Training and Pre-Physical Therapy. Prerequisites: Senior standing or consent of instructor. Spring semester.

PE 402 Sport in American Culture/3

A study of the institution of sport and its cultural role in society. Focus is on socialization, stratification, gender relations, race and ethnicity, and social change. Prerequisite: Junior standing or consent of instructor. Spring semester, even-numbered years.

PE 412 Wilderness Seminar/3

A wilderness experience which encourages students to develop leadership skills and outdoor living competencies. Opportunities for personal growth are encountered in physical challenges, small group dynamics, and personal reflection. Prerequisite: Physical Education major with a camping or recreation concentration or consent of instructor. Summer. Offered on demand.

PE 413 History, Philosophy, and Principles of Physical Education and Sport /3

A study of the forces which have influenced the development of physical education and sport, with a critical analysis of accepted principles and trends. Includes a research project. Fall semester.

PE 415 Principles of Sport Management/3

A study of management procedures for sport programs. Emphasis is on organization, finance, accounting, marketing, human resources, facilities, contest management, and travel. Prerequisite: Junior standing or consent of instructor. Fall semester, odd-numbered years.

PE 424 Sports Management Internship/1-10

A course designed to give the student an in-depth practical work experience with an approved business (sporting goods, sport manufacturer, fitness center, or recreation center). The student will work under the direct supervision of a full-time professional in this area. Prerequisite: Physical Education or Business Administration major with senior status. (Same as BA 424)

PE 426 Camping Internship/1-10

A course designed to give the student an in-depth practical work experience with an approved camp. The student will work under the direct supervision of a full-time camping professional. Prerequisite: Physical Education major with senior status.

PE 428 Strength and Conditioning Internship/1-10

A course designed to give the student an in-depth practical work experience in strength training in an approved sport or agency setting. The student will work under the direct supervision of a qualified strength training specialist. Prerequisite: Physical Education major with senior status.

PE 429 Sports Studies Internship/1-10

A course designed to give the student an in-depth practical work experience in an approved sport setting. The student will work under the direct supervision of a full-time professional. Prerequisite: Physical Education major with senior status.

PE 445 Clinical Experience IV/2

This course is the fifth in a series of experiences designed to reinforce information learned in the classroom setting. Students will review previous general medical and nutrition competencies and apply the knowledge to practical simulations of common athletic training situations. Mastery of applicable athletic training proficiencies is expected in the course as well as completion of a minimum of 120 field experience hours in a General Medical Physician's office and with Tabor College Certified Athletic Trainers as assigned. Prerequisites: AT 440, PE 322, PE 245, and admission in the ATEP. Fall semester.

PE 446 Clinical Experience V/2

This course is the sixth in a series of experiences designed to reinforce information learned in the classroom setting. Students will review previous health care administration and professional development competencies and apply the knowledge to practical simulations of common athletic training situations. Mastery of applicable athletic training proficiencies is expected as well as completion of a minimum of 120 field experience hours observing orthopedic surgery and with Tabor College Certified Athletic Trainers as assigned. Prerequisites: AT 435 and admission in the ATEP. Spring semester.

PHYSICS

PH 101-G Physical Science/4

A Core Curriculum course designed to expose the student to various aspects of the physical world. Chemistry and physics are emphasized. Two laboratory hours per week. Offered on demand.

PH 105-G Earth Science/4

An introductory study of the fundamental concepts of earth science, emphasizing the descriptive aspects of geology, astronomy, and meteorology. Laboratory projects included. A Core Curriculum course. Interterm.

PH 110-G Astronomy/4

An introductory course in astronomy that includes history, descriptions of solar system, sun-moon system, beyond the solar system, cosmology, light, and telescopes. Two laboratory hours per week. Also will include night-time observations and a possible field trip. Recommended for non-science majors. Offered fall, odd-numbered years.

PH 203-G Introductory Physics/4

Introductory Physics is a one semester course that will study the motion of objects (mechanics) as well as a brief examination of electricity and magnetism. This course is not meant as a preparation for the MCAT exam but rather as a brief discussion on many topics in Physics. Math background requires algebra and trigonometry. This course will be offered on an as needed basis. This course includes 3 hours of lecture per week and a 3 hour lab per week.

PH 233-G General Physics I/4

Physics course covering the topics generally classified as classical mechanics. The class will meet 3 lecture hours per week with a 3 hour lab each week. This course is designed for students in the medical profession or physical science fields of study. All students are expected to have some knowledge of calculus from high school or MA 114-G. Fall semester.

PH 234 General Physics II/4

Physics course covering the topics of electricity, magnetism, light, and selected topics from modern physics. The class will meet 3 lecture hours per week with a 3 hour lab each week. This course is designed for students in the medical profession or physical science fields of study. Prerequisite PH 233-G. Spring semester.

PHILOSOPHY

PL 170-G Introduction to Philosophy: Faithful Reason in Contemporary Culture/3

This course addresses such issues as the existence and nature of God, the nature of persons, approaches to morality, and the relation of faith and reason. Readings and examples from a variety of disciplines will be utilized. Every semester.

****PL 210-G Aesthetics/2**

An introduction to the philosophy of art. Includes a comparative study of visual arts, dance, theater, and music as aesthetic expression. Student will experience galleries, museums, theaters, concerts, and/or performances as they explore the fine arts.

Prerequisite: Consent of instructor. Interterm, even-numbered years.

PL 250-G/450-G Topical Philosophical Seminars/2-4

Topics could include: Violence and War, Medical Ethics, Business Ethics, Philosophical Anthropology, and others.

PL 263-G Ethics/3

An introductory study of the elements of ethics, including metaethics, normative principles, moral character, moral development, and case studies. The development of the Christian tradition in ethics will be emphasized. (Same as RS 263-G) Spring semester, even-numbered years.

*****PL 271-G Introduction to Logic/3**

An introduction to informal inductive and deductive logic. An emphasis is placed on syllogistic logic and informal logical fallacies. Recommended for humanities, social science, and applied arts majors. Interterm, odd-numbered years.

PL 370-G Ancient and Medieval Philosophy/3

A study of the history of philosophy from the pre-Socratics to William of Ockham. Fall semester, odd-numbered years.

PL 371-G Modern and Contemporary Philosophy/3

A study of the history of philosophy from Descartes to the twentieth century. Fall semester, even-numbered years.

PL 378-G Philosophy of Religion/3

A study of philosophical objections to and defenses of religion in general and Christianity in particular. Topics include, but are not limited to, arguments for God's existence; the problem of evil and other arguments against God's existence; issues regarding the nature of God; and issues regarding the nature of revelation. (Same as RS 351-G) Spring semester, odd-numbered years.

***Not acceptable for Core Curriculum credit in Bible, Religion, and Philosophy, but is an option for Core Curriculum fine arts requirement.*

****Not acceptable for Core Curriculum credit in Bible, Religion, and Philosophy, but is an option for Core Curriculum deductive reasoning requirement.*

POLITICAL SCIENCE

PS 112-G American Government/4

An introductory course devoted to the organization and actual working of the federal government. Spring semester, odd-numbered years.

PS 240-G Political and Economic Ideologies/4

A study will be made of the major political and economic ideologies of the world. Emphasis will be placed on the variations and historical development of authoritarianism, democracy, totalitarianism, Communism, Fascism, socialism, capitalism, and the welfare state. (Same as EC 240-G) Spring semester, alternate years.

PS 318 American Political Parties/4

An analysis of party politics in the function of American Government; the part various pressure groups and ideology play in molding party concerns; the use of propaganda, platforms and the communications media in winning elections; the election process itself; and the viability of the present party structure and its alternatives in performing the decision-making function in a democratic society. Offered on demand.

PS 340-G Political and Economic Ideologies/4

A study will be made of the major political and economic ideologies of the world. Emphasis will be placed on the variations and historical development of authoritarianism, democracy, totalitarianism, Communism, Fascism, socialism, capitalism, and the welfare state. (Same as EC 340-G) Spring semester, alternate years.

PS 345 Comparative Politics/4

A comparison of major governments of Europe non-western nations with that of the United States. Offered on demand.

PS 350 International Relations/4

Basic factors of world politics; theories of international relations, the nation-state system, nationalism, the sources of conflict among nations, the means of adjustment of conflict, war diplomacy, and international law agencies of control. Spring semester, even-numbered years.

PS 360 Politics and the Developing World/4

A study will be made of the major political institutions and ideologies that prevail in the developing world. The focus will be on select countries in various parts of the developing world. Offered on demand.

PS 375 History of Political Thought/4

A study will be made of political thought in the western tradition from the ancient Greeks to the modern day. Emphasis will be placed on the major ideas of prominent individuals and movements. Offered on demand.

PSYCHOLOGY

The mission of Tabor College Department of Psychology is to prepare students for a lifetime of integrative faith, critical thought, and open inquiry in the broad field of psychology science, equipping them to serve Christ as they serve others.

PY 111-G General Psychology/3

A comprehensive survey of the basic areas of psychology with emphasis on the scientific study of human behavior. A technical and critical evaluation of motivation, learning, perception, thinking, emotions, personality, and abnormal behavior. This course is a prerequisite for other psychology courses. Fall and Spring semesters.

PY 204 Child and Adolescent Development/3

An introduction to the psychological and developmental study of children and adolescents including their behavior and motivation. The course will emphasize techniques for observing and studying children and adolescents and the description of their behavior, identifying individuals at different age levels and their cognitive, moral, socio-emotional, and psychomotor developmental patterns. Prerequisite: PY 111-G. (Same as ED 204) Spring semester.

PY 205 Helping Relationships/3

Intentional interviewing knowledge and skills are presented as a means of equipping persons to become more effective helpers. A microskills hierarchy is used as the guide for the sequence of skills taught. Application of these skills occurs through an ongoing individual relationship with another class member and systematic group practice. The objective of this course is to develop beginning helping skills applicable to community service work, summer camp work, or other “helping” situations. Prerequisite: PY 111-G or SO 113-G, or consent of instructor. Every semester.

PY 215 Human Development/3

A study of theory and research related to human growth and development through each of the life cycle stages—prenatal through old age. The influence of adverse societal conditions on the “normal” developmental process will be explored. Attention will be given to intercultural aspects of child rearing, family practices, and adult/old age role expectations. Prerequisite: PY 111-G or consent of instructor. Alternate years.

PY 302 Tests and Measurements/3

An overview of the basic concepts of psychological and educational testing, including construction and validation. The course surveys the application and limitations of testing and a variety of tests, including individual and group tests of abilities, interests, personality, and achievement for clinical, educational, and guidance purposes. Prerequisite: PY 111-G or consent of instructor. Spring semester odd-numbered years.

PY 305 Counseling/3

An analysis of the theoretical foundations and technical applications of the major approaches to counseling. The course emphasizes the role of the counselor’s values and provides opportunity for students to practice various techniques. Prerequisites: PY 111-G, PY 205, or consent of instructor. Spring semester, even-numbered years.

PY 311 Marriage and Family Life/3

This course addresses the problems and potential of family living, particularly for those who are married or thinking about marriage. Theoretical information about development, relationships, sociocultural influences on the family, and a biblical perspective will be gained through various readings of current authors. A discussion format will be used to apply these principles to students' lives as they attempt to gather, separate, mature, argue, and communicate in today's society. Prerequisites: PY 111-G or SO 113-G or consent of instructor. (Same as SO 311) Interterm, odd-numbered years.

PY 313 Abnormal Psychology/3

An analysis of mental, emotional, and behavioral disorders. Emphasis is on etiology, symptomatology, classification, and methods of treatment. Prerequisite: PY 111-G or consent of instructor. Fall, even-numbered years.

PY 315 Social Psychology/3

An analysis of how people think about, influence, and relate to one another. Attention is given to such topics as persuasion, conformity, group dynamics, stereotyping, prejudice, altruism, and aggression. Prerequisite: PY 111-G or SO 113-G or consent of instructor. (Same as SO 315) Fall semester.

PY 317 Systems and Theories of Psychology/3

Designed to give the student of psychology a firm foundation of the movement in philosophy and science that has formed its foundation. It will also provide the student with ways of understanding personality and behavior. This foundation also provides a glimpse of future directions for the field. The content will include theory formation, ancient historical influences, associationism, structuralism, psychoanalysis, behaviorism, humanism, and many others. Prerequisite: PY 111-G or consent of instructor. Offered on demand.

PY 321 Research Methods/3

An introduction to methods of research in the social and behavioral sciences. Emphasis is on the structure of scientific theory, the logic of explanation and inquiry, experimental design, sources or variation and internal and external validity, and reliability. (Same as SO 321) Prerequisite: MA221-G or consent of instructor. Spring semester.

PY 326 Behavior Modification I/2

From the base of a Christian worldview, this course considers the behavioral philosophy of human development and change. The methodology of behavioral change and modification used in counseling and educational settings will be emphasized. Prerequisite: PY 111-G. Fall semester, odd-numbered years.

PY 327 Behavior Modification II/2

This course is directly linked to PY 326 Behavior modification I. Emphasis is placed upon research and intervention methods from the behavioral approach. Prerequisite: PY 111-G and PY326. Spring semester, even-numbered years.

PY 329 Human Sexuality/3

A study of biological, psychological, behavioral, and cultural dimensions of human sexuality. How human sexuality affects people in their relationships to others in terms of development, sex role socialization, gender identity, sexually transmitted diseases, sexual dysfunction, and acquired immune deficiency are examined. Includes teaching strategies and methods. Prerequisite: Junior standing or consent of instructor. (Same as ED/PE 329) Spring semester.

PY 330 Animal Behavior/4

Study of the known behavior of the various animal phyla including humans. Audiovisuals, laboratory work, and special problems. Prerequisite: BI 107-G or equivalent. (Same as BI 330) Fall semester, even-numbered years.

PY 335 Psychology of Learning/3

This course provides a comprehensive overview of research and theory related to learning. Topics may include; theories of learning, problem solving, motivation, testing and evaluation, and the nature of intelligence. Prerequisite: PY 111-G or consent of instructor. Spring semester, even-numbered years.

PY 360 Psychology of Personality/3

An analysis of the theoretical foundations and clinical applications of the major theorists who have contributed to the development of the psychology of personality. The course will cover the basic theoretical perspectives such as psychoanalytic, trait, cognitive, humanistic/existential, and social-behavioristic approaches to understanding personality. Prerequisites: PY 111-G or consent of instructor. Spring semester, even-numbered years.

PY 410 Physiological Psychology/3

This course is designed to survey the workings of the brain. It will include neuroanatomy, research methodology, sensation, movement, consciousness, emotion, motivation, learning, and memory. Practical applications will include the effects of drugs on the brain, the biology of behavior disorders and aggression. The student will gain an overview of the current work in the field, from which a particular specialty could be studied. Prerequisite: PY 111-G or consent of instructor. Spring semester even-numbered years.

PY 420 Psychology Seminar/2-4

A repeatable course for advanced students. Seminar topics vary from year to year depending on interest and needs of students. Topics included are group dynamics, health psychology, psychology of religion, contemporary problems, therapeutic issues, etc. Prerequisite: PY 111-G or consent of instructor. Offered on demand.

PY 428 Field Instruction/3-10

The student will be placed in an agency setting under the supervision of an agency field instructor. Ten hours of field instruction is required for students double-majoring in psychology and social work. Spring semester.

PY 451 Research Seminar I/1

Provides an opportunity to advance students' research knowledge and develop skills. Students are required to produce a research proposal—including a literature review and the research design for a project. (Same as SO 451) Offered on demand.

PY 452 Research Seminar II/1

Provides an opportunity for students to conduct the research project designed during SW 451. Students are required to conduct their research and write a research report. Prerequisite: PY 451. (Same as SO 452) Offered on demand.

RELIGIOUS STUDIES

The Department of Bible, Religion, and Philosophy offers bachelor's degrees in Biblical/Religious Studies, Christian Ministry (Leadership, Youth, and Mission concentrations), and Philosophy. Courses are designed to introduce students to vital contemporary issues of faith and reason, and to equip them for Christian service. In addition to classroom work, Tabor College works closely with regional churches to provide students with mentored ministry opportunities. The three majors and the spectrum of courses allow students to tailor their study to meet specific vocational and educational goals. For example, some students may wish to prepare for youth work or music ministry, others for mission or Christian education, and yet others for graduate study or seminary. The course requirements for the Biblical/Religious Studies major (30 credits) overlap with the Core Curriculum, while those of the Philosophy major (24 credits) are relatively low. Students majoring in either of these are encouraged to pursue a second, complementary major. All majors require sixteen hours of upper-level credit.

COURSE DESCRIPTIONS

**NOTE: Courses marked with a GC meet the Core Curriculum Bible content requirement.*

RS 106 Elementary Hebrew I/4

An introduction to Classical Hebrew, emphasizing vocabulary, grammar, and syntax. (Same as FL 106) Offered on demand. Cannot be used toward IAE credit.

RS 108 Elementary Greek I /4

An introduction to New Testament Greek emphasizing vocabulary, grammar and syntax. (Same as FL 108) Offered on demand. Cannot be used toward IAE credit.

RS 110-G The Bible, Community and Culture/3

An introduction to biblical studies with an inductive approach. God's strategy of abundant life, human community, relationship with God, and salvation are central themes. This Tabor distinctive course is required of all students. All new full-time freshmen are strongly encouraged to take it during the first semester of matriculation. Prerequisite: A grade of C- or higher in EN100 (or equivalent course), or a score of 19 on the ACT English exam, or a score of 470 on the SAT Critical Reading Exam. Fall and Spring semesters.

RS 202-GC Life and Teachings of Jesus/3*

A study of the life and teachings of Jesus as presented in the gospels of Matthew, Mark, and Luke. The centrality of Jesus for contemporary discipleship will be emphasized, and the Sermon on the Mount will receive special attention. Prerequisite: RS 110-G. Fall semester, even-numbered years; interterm, odd-numbered years.

RS 203-GC Prophets and Kings/3*

An introduction to Old Testament history, with focus on the period represented by the books of Joshua, Judges, Samuel, and Kings. The study will evaluate recent research on the history and archaeology of Israel. Prerequisite: RS 110-G. Spring semester, even-numbered years.

RS 204-GC The Gospel of John/3*

A careful study of the Fourth Gospel. An accent is placed on a narrative analysis of the Gospel, with concern for its historical context and contemporary significance. The Christological emphasis of the Gospel will receive special attention. Prerequisite: RS 110-G. Interterm, even-numbered years.

RS 210-G The Church and Its Mission/3

An introduction to the nature of the church and to Christian ministry. The course includes biblical study, models of the church and of ministry, the life of the ministering person, and various practical ministry issues. Fall semester, even-numbered years.

RS 212-GC Life and Teachings of Paul/3*

A study of the apostle Paul and his ministry, with particular emphasis on the book of Romans. Themes such as the faithfulness of God, the power of sin, righteousness, and the law will be studied. Prerequisite: RS 110-G. Fall semester, odd-numbered years.

RS 213-GC Poets and Sages/3*

The first part of the course is a study of the Psalms, with concern for contemporary worship and for an understanding of God. The second part is a study of Proverbs, Job, and Ecclesiastes. The distinctive contribution of wisdom to the teachings of Scripture will be investigated. Prerequisite: RS 110-G. Spring semester, odd-numbered years.

RS 217-G Life and Writings of C.S. Lewis/3

An introduction to the writings of C. S. Lewis and to aspects of his life. The focus will include his fictional/imaginative works, theological/philosophical writings, and others as time permits. The heart of the course will be reading the material and discussing it together in class. Spring semester, even-numbered years.

RS 223/323-GC Topics in Old Testament Literature/3*

Selected topics of interest in Old Testament studies. Possible examples include war and peace, the Dead Sea Scrolls, law and covenant, apocalyptic literature, and Old Testament theology. Prerequisites: RS 110-G (for RS 223) and any 200-level Bible content course (for RS 323).

RS 224/324-GC Topics in New Testament Literature/3*

Selected topics of interest in New Testament studies. Possible examples include the Jesus of history and Christ of faith, the Sermon on the Mount, Pauline theology, Johannine literature, and Christian apocalyptic literature (including the Book of Revelation). Prerequisites: RS 110-G (for RS 224) and any 200-level Bible content course (for RS 324).

RS 239-G Fringe Religions: Occult and Cultic Movements/3

A brief survey will be made of the major aspects of the occult and cults. Emphasis will be placed on the historical development and present status of witchcraft, Satanism, divination, spiritualism, parapsychology, and the prominent cultic groups. (Same as HI 239) Alternate years.

RS 245 Youth Ministries I/3

A study of the philosophy and methodology of youth ministry in the light of adolescent development and the larger mission of the church. Prerequisite: RS 210-G or consent of instructor. Fall semester, odd-numbered years.

RS 250-G/450-G Topical Religious Seminars/3-4

Topics offered in the past have included ethical issues in the medical profession, women in religion and society, post-biblical Judaism, and spiritual warfare.

RS 260-G Spiritual Formation/3

An introduction to the classic personal and corporate disciplines of the spiritual life, examined biblically, historically, and experientially. The course also addresses mentoring/discipling and cell groups within the church. Spring semester, odd-numbered years.

RS 263-G Christian Ethics/3

An introductory study of the elements of ethics, including metaethics, normative principles, moral character, moral development, and case studies. The development of the Christian tradition in ethics will be emphasized. (Same as PL 263-G) Spring semester, even-numbered years.

RS 264 Ministry Discernment Seminar/.5

Provides a setting for processing and integration of personal, spiritual, academic, and ministry development. Focuses on the identity and calling of the ministering person, particularly in relationship with the congregation. May be repeated up to four times. Prerequisite: Consent of instructor. Every semester.

RS 290-G/390-G History of Christianity/4

A survey of the major events, institutions, ideas, movements, theological systems, missionary activities, and people that have made Christianity what it is today. The time span of the course is from the first century until the present. (Same as HI 290-G/390-G) Alternate years.

RS 301-GC The Pentateuch/3*

A study of the first five books of the Old Testament, with concern for problems of interpretation and for contemporary relevance. The course will identify various forms of literature found in these texts, with an evaluation of proposed sources. Prerequisite: Any 200-level Bible content course. Fall semester, odd-numbered years.

RS 307-GC Elementary Hebrew II/4*

A continuation of Elementary Hebrew I. Reading and exegetical skills are developed through a study of selected Old Testament texts. Prerequisite: RS 106. (Same as FL 307) Offered on demand.

RS 309-GC Elementary Greek II/4*

A continuation of Elementary Greek I. Reading and exegetical skills are developed through a study of selected New Testament texts. Prerequisite: RS 108. (Same as FL 309) Offered on demand.

RS 313-G Mennonite History/3

The origin, development, teachings, emphases and lifestyles of persons of Anabaptist-Mennonite persuasion will be studied from a historical, theological, and sociological perspective. (Same as HI 313) Alternate years.

RS 317-GC Lovers, Rebels and Heroes/3*

A study of love, war, vengeance, and reconciliation in the Old Testament. Students will be introduced to principles of biblical ethics and theology. They will test the thesis that the Old Testament – in its poetry, law, prophecy, wisdom, and narratives – presents several perspectives on these issues that are in some tension with each other. The relevance of these materials for contemporary discipleship will be explored. Prerequisite: Any 200-level Bible content course. Fall semester, even-numbered years.

RS 318-G American Religious History/4

A survey of religions in America from their European roots to the present day. Emphasis will be placed on the major movements, denominations, sects, theological trends, and forces of change within American religions. (Same as HI 318-G) Alternate years.

RS 320-GC Prison Epistles/3*

The intention of this course is to thoughtfully engage Paul's four prison epistles (Ephesians, Philippians, Colossians and Philemon), with concern for both the original context (exegesis) and relevant application to contemporary life. Though all four letters will be studied, an extended consideration will be given to Philippians. The course will include special emphases on the importance of understanding Paul in light of the letter's occasion and the careful use of syntactical and grammatical analysis of Paul's language. Several important theological concepts addressed in these letters will also be discussed in light of the full Pauline corpus. Prerequisite: Any 200-level Bible content course. Spring semester, even-numbered years.

RS 322-GC Revelation and Apocalyptic Literature/3*

This course seeks to help the student become familiar with the specific genre of biblical apocalyptic literature, especially the book of Revelation as its prime canonical representative. The main focus will be an exegesis of Revelation that takes into account the literary, historical, and theological context of the book. The course will also place an emphasis on the hermeneutical methods used to interpret apocalyptic literature. Other apocalyptic texts will also be read in order to better understand the roots, the standard images and language, and the worldview of apocalyptic communities. Attention will also be given to the implications the book has for eschatology. Prerequisite: Any 200-level Bible content course. Spring semester, odd-numbered years.

RS 330-G Religions of the World/3

A study of several major world religions including Islam, Buddhism, and Hinduism. Other religions may also be addressed. Fall semester, odd-numbered years.

RS 337 Advanced Hebrew Readings/1-3

Supervised readings in the Old Testament. Offered on demand.

RS 339 Advanced Greek Readings/1-3

Supervised readings in the New Testament. Offered on demand.

RS 343-G Discipleship and Evangelism/3

A study of the church's mandate to go and make disciples. In addition to biblical study, the course includes models of mission and outreach both within and outside the native culture, and the relationship between verbal witness and social concern. Interterm, odd-numbered years.

RS 345 Youth Ministries II/3

A further study of and training in ministry to youth. Special attention will be given to models of worship and the role of music in ministry. Prerequisite: RS 245 or consent of instructor. Spring semester, even-numbered years.

RS 348-G Christian Missiology/3

Historical, philosophical, biblical, and methodological aspects of the relationships of Christians to non-Christians and fellow Christians in various parts of the world will be studied. Specific "case studies" will be pursued, focusing on evangelizing, church planting, fraternal relationships, interchurch ventures, and development assistance programs. Spring semester, odd-numbered years.

RS 350 Worship as a Dramatic Act/3

An introductory course which includes biblical study and models of worship. Students will explore the relationship among effective communication, art, and dramatic elements in worship. (Same as CO 350). Offered on demand.

RS 351-G Christian Apologetics/3

A study of philosophical objections to and defenses of religion in general and Christianity in particular. Topics include, but are not limited to, arguments for God's existence; the problem of evil and other arguments against God's existence; issues regarding the nature of God; and issues regarding the nature of revelation. (Same as PL 378-G) Spring semester, odd-numbered years.

RS 352-G Conflict and Reconciliation/3

A study of biblical and contemporary thought on conflict and its resolution. Old Testament study will provide the background for an investigation of Jesus as model, and the Church's responsibility in conflict and mediation. The course will focus on personal, congregational, community, and international settings. Interterm, even-numbered years.

RS 353 Communication in the Church/3

A biblical, theoretical, and practical study of preaching and other forms of Christian communication. Contemporary issues and proposals are studied, and skills developed toward clear and creative presentations of the Christian faith. The course includes instruction and practice in conducting a variety of congregational services. Prerequisite: CO 131-G or consent of instructor. Spring semester, even-numbered years.

RS 361 The Reformation Era/4

European cultural, religious, intellectual, social, and political history from 1350 to 1600. Emphasis on the Italian Renaissance and the Protestant Reformation. (Same as HI 361) Offered on demand.

RS 365 Music in Christian Worship: Foundations and Forms/2

Reading and discussion regarding biblical definitions, directives, and the nature of Christian worship. Includes the study and formation of various worship practices, ranging from traditional Protestant to contemporary and blended forms of corporate worship. (Same as MU 365) Spring semester, even-numbered years, first half of semester.

RS 366 Music in Christian Worship: Planning and Leading/2

Exposure to the repertoire and resources of music for Christian worship, and methods of organizing and leading corporate worship in a variety of formats, ranging from traditional Protestant to contemporary and blended forms of corporate worship. (Same as MU 366) Spring semester, even-numbered years, second half of semester.

RS 400-G Christian Faith in Contemporary Culture/3

This course addresses the basic elements of Christian faith within the context of modern thought, technology, and pluralism. Attention will be given to the place of the Bible, history, and theology as well as to representative literature from contemporary society. Prerequisites: senior standing or consent of instructor; additional requirement for spring semester only: graduation enrollment. Fall and Spring semesters.

RS 440 Field Work/1-8

A supervised field experience of Christian ministry. Possible involvements include youth ministry, counseling, Christian education of adults and children, preaching, and worship leading. Fall and Spring semesters.

RS 442 Youth Ministry Practicum/1-6

Supervised orientation to youth ministry. Forty hours of experience per unit is required. Fall and Spring semesters.

RS 443 Christian Leadership Practicum/1-6

Supervised orientation to ministry in a church setting. Forty hours of experience per unit is required. Fall and Spring semesters.

RS 444 Mission Practicum/1-6

Supervised orientation to ministry in a mission or church setting. Forty hours of experience per unit is required. Fall and Spring semesters.

SOCIOLOGY

The Social Science Department offers concentrations in History, Political Science, Psychology, Sociology, and Social Work. The curriculum allows students to tailor degree plans to meet specific needs and career goals. The Social Science Department strives to be consistent with Tabor College's commitment as a Christ-centered liberal arts college, and to minister to the needs of all people.

COURSE DESCRIPTIONS**SO 113-G Introduction to Sociology/3**

Study of social organization, family, religion, education, government, and economy, interaction of environmental and social challenges, social forces, social problems, and majority and minority groups; the child in society; role of geographic factors in past and present interrelationships of developed and developing nations in the context of the global village. Fall semester.

SO 115-G Cultural Anthropology/3

Study of traditional and contemporary cultures; critical examination of human sexual expression and gender issues across cultures, of foundations of anthropological and sociological thought, role of anthropology as science in exegesis and hermeneutics; assesses current global and local issues and conflicts from cultural perspective. Interterm, odd-numbered years.

SO 201-G Intercultural Communication/3

The ability to effectively give and receive messages in different cultures is heightened by developing sensitivities about worldviews, cultural patterns, and appropriate communication behaviors. (Same as CO 201-G).

SO 212 Family Life Across Cultures/3

Overview of the family as basic social institution from ancient times to present; role of ancient Hebrew, Greek, and Roman cultures in shaping Western family and gender values; similarities and differences between family life in Western and non-Western cultures; polyandry, polygyny, communalism as adaptations to certain environmental and social forces; acculturation factors in changing family and kinship systems in the non-Western world; influence of Native American, African, and Asian cultures on EuroAmerican family life and values. Offered on demand.

SO 216 Social Problems/3

This course is an introduction to the study of social problems. It will present views from numerous perspectives within sociology, with special emphasis of the social psychological aspects of the individual, family, and society. Topics include inequality, crime and violence, substance abuse, deviance, and family problems.

SO 311 Marriage and Family Life/3

This course addresses the problems and potential of family living, particularly for those who are married or thinking about marriage. Theoretical information about development, relationships, sociocultural influences on the family, and a biblical perspective will be gained through various readings of current authors. A discussion format will be used to apply these principles to students' lives as they attempt to gather, separate, mature, argue, and communicate in today's society. Prerequisites: PY 111-G or SO 113-G, or consent of instructor. (Same as PY 311) Interterm, odd-numbered years.

SO 312 Folklore of Family and Culture/3

Uses family as focus to explore heritage of customs, oral traditions, beliefs, and values of a people, and to develop written narrative of family folklore; develops research skills and methods through oral interviews and archives of Center for Mennonite Brethren Studies and other local, national, and international sources to study impact of social change and historical events on family structure and family and cultural identity. Spring semester, even-numbered years.

SO 315 Social Psychology/4

An analysis of how people think about, influence, and relate to one another. Attention is given to such topics as persuasion, conformity, group dynamics, stereotyping, prejudice, altruism, and aggression. Prerequisite: PY 111-G or SO 113-G. (Same as PY 315) Fall semester.

SO 321 Research Methods/3

An introduction to methods of research in the social and behavioral sciences. Emphasis is on the structure of scientific theory, the logic of explanation and inquiry, experimental design, sources of variation, and internal and external validity and reliability. (Same as PY 321).

SO 327 Criminology and Deviance/3

Examines the history and theories of crime and deviance, including the rise of relativism in defining crime and deviance; explores the victim's rights and restorative justice movements, theories of the state in social control, and how ethnic stereotypes and prejudices influence law enforcement and the court system. Offered on demand.

SO 340 Social Change and Development/3

Examines social change via globalization, rise of independence movements by indigenous peoples, and impact of natural disasters and impact of local and regional warfare on societies and cultures. A range of Christian responses is examined and compared to non-sectarian efforts in aiding indigenous peoples and traditional cultures. Offered on demand.

SO 352-G Cultural Diversity/3

A study of racial and ethnic minorities, especially in the United States. Historic and contemporary studies will focus on the nature of prejudice and discrimination, racial and ethnic intergroup conflict, accommodation, acculturation, and cultural pluralism. Fall and Spring semesters.

SO 406 History of Social Thought/3

Surveys development of social thought, emphasizing significant contributions from German, French, and British schools and their influence on the development of American sociology; overview of contemporary social thought including impact of Great Society concept of Sixties, influence of recent African and Asian social thought, and comparison of Christian and secular sociology. Prerequisite: SO 113-G or SO 115-G or consent of instructor. Offered on demand.

SO 420 Sociology Seminar/2-4

For advanced students. Topics depend on interest and need. Topics include sociology and Christian value, thanatology, and contemporary theoretical issues. Prerequisite: SO 251. Offered on demand.

SO 451 Research Seminar I/1

Provides an opportunity to advance students' research knowledge and develop skills. Students are required to produce a research proposal, including a literature review and the research design for a project. Prerequisite: SO 251. (Same as PY 451) Fall semester.

SO 452 Research Seminar II/1

Provides an opportunity for students to conduct the research project designed during SO 451. Students are required to conduct their research and write a research report.

Prerequisite: SO 451. (Same as PY 452) Spring semester.

SOCIAL WORK

The mission of the social work program is to give students a beginning generalist social work foundation to have tools to enter a helping profession. Students will integrate a Christian faith perspective that promotes social justice and dignity and worth of all persons. The program will also give students a foundation for graduate study in the helping profession. *Currently this program is not accredited by the Council on Social Work Education, but application has been made for CSW accreditation. Social Work students are eligible to be licensed at the Licensed Bachelor of Social Work level.*

COURSE DESCRIPTIONS**SW 200 Introduction to Social Work/ 3**

This course will introduce the student to the field of social work as a profession. The perspective of the course will be one of a generalist, entry-level social work practitioner. The emphasis will be on the empowering function of social work in modern American society. Critical thinking perspectives are also emphasized by identification of values and evaluation of serious issues. Every semester.

Note: SW 200 and Py 205 or consent of the Social Work Program Director is required prior to taking the following social work courses.

SW 215 Human Behavior and Social Environment/3

An introduction and survey of human growth and development over the life span including biological, psychological, social, cultural, and spiritual aspects of development. Multi-dimensional influences on growth and development. The micro, mezzo, and macro levels of social work, social justice, and the tenets of social work ethics and values are infused throughout this course. Prerequisites: SW 200, or consent of the instructor. Spring semester.

SW 325 Child Welfare and Families/3

This is an upper level elective course that builds on basic understandings related to the child welfare system in social work or other disciplines. It will cover a range of services and issues in the child welfare field (i.e., abuse and neglect, mental illness in children, foster care, the juvenile court system, etc.). A wide variety of approaches will be used in the class: lecture, guest speakers, films, discussion, and individual and group projects. Prerequisites: SW 200 or PY 111-G or consent of instructor. Fall semester or interterm.

SW 335 Social Work in Today's World/2

An elective which covers issues such as substance abuse identification and implications for individuals and families, HIV, health care, crisis intervention, international social work to keep students current on the field of social work. Fall semester or interterm.

SW 345 Practice Social Work I / 3

A study and application of models, theories, strategies, and techniques of social work practice with individuals and families. Emphasis is placed on the integration and synthesis of valuing, thinking, and behaving in the social work practice process. Prerequisites: SW 200 or consent of instructor. Must be admitted to the social work program. Fall semester.

SW 350 Social Welfare Policy/ 3

The course examines policies and programs that have been developed to meet human needs in American society. The student will analyze current and past social welfare programs and reforms, policy responses to social issues, and strategies for shaping and influencing policy. This course establishes a connection between social welfare policy and social work practice. Spring semester.

SW 355 Social Work Practice II/3

Study and application of models, theories, strategies and techniques of social work practice with groups, organizations and communities. Emphasis is placed on the integration and synthesis of valuing, thinking, and behaving in the social practice process. A process model considers practicing three phases: beginning (engagement and assessment), middles (action/intervention), and endings (evaluating and concluding). Prerequisites: SW 200 or consent of instructor. Must be admitted to the social work program. Spring semester.

SW 428 Field Instruction for Social Work/10

The student will be placed in an agency setting under the supervision of an agency field instructor. The student will be exposed to a variety of professional roles and activities to achieve beginning-level social work practice skill. Ten hours of field instruction is required during the spring semester unless otherwise approved by the Social Work Director. To be taken concurrently with SW 442. Prerequisite: all social work courses. Spring semester.

SW 442 Senior Seminar/ 2

The course is a synthesizing experience whereby students bring together the various components of the social work practice generalist model through ethical case studies and presentations. Prerequisite: all social work courses, to be taken concurrently with SW 428. Spring semester.

SPECIAL EDUCATION

Tabor College offers licensure in Special Education through programs at the Associated Colleges of Central Kansas (ACCK).

COURSE DESCRIPTIONS**SE 210 Exceptional Learners/3**

A survey of federal and state mandates for special education, including an overview of categorical exceptionalities delineated in the laws, service delivery systems, advocacy groups, the concept of natural environments and least restrictive alternatives, and the purpose and function of the IFSP and IEP. The class, which is required for all students seeking endorsement in education, is designed to introduce all preservice teachers to mild and moderate disabilities. A field experience is included that consists of 12 clock hours of observation and participation at an approved school working with special needs students. The course also serves as a foundation for additional special education coursework and is a prerequisite for SE 325, SE 330, and SE 338. Fall and Spring semesters.

SE 220 Field Experience in Services for Students with Special Needs/1

An early field placement for directed observation of special education teachers working with elementary- or secondary-level students with mild/moderate disabilities. Fall, Interterm, Spring, and Summer semesters.

SE 310 Foundations for Special Education Services

This course addresses historical perspectives and current practices (Module A), laws, regulations, and policies governing practice (Module B), and effects of individual differences, language, and culture on educational performance (Module C). The course includes a supervised field experience (Module D). Concurrent: Modules A-D.

SE 315 General Methods for Special Education Services

This course addresses assessments used for eligibility, placement and curricular decisions (Module A), the special education process from pre-identification through individual program implementation (Module B), and effective collaboration and communication skills with diverse learners, families, colleagues, and community stakeholders (Module C). The course includes a supervised field experience (Module D). Concurrent: Modules A-D. Prerequisite: SPED 310.

SE 320 Beginning American Sign Language/2

Provides a beginning study of ASL structure and teaches ASL, a visual-gestural language, using second language teaching techniques and learning strategies. American Sign Language is the sign language of the deaf community in the United States. No prerequisites. Intended as an elective education course and is a prerequisite to SE 322. Fall and Spring semesters.

SE 321 Grades K-6 Methods for Special Needs/4

This course addresses IEP implementation using evidence-based practices. Emphasis is on collaborative teaching models. Topics of study include lesson planning, basic skill and content area instruction, adapting methods and materials, positive behavior supports, and progress monitoring. Must be taken concurrently with SE 331. Prerequisites: SE 310 and SE 315.

SE 322 Intermediate American Sign Language/2

Provides an intermediate study of ASL structure and teaches ASL, a visual-gestural language, using second language teaching techniques and learning strategies. American Sign Language is the sign language of the deaf community in the United States. Intended as an elective education course. Students may enroll for full credit only. Prerequisite: SE 320. Fall and Spring semesters.

SE 331 Grades K-6 Field Experience/1

This course is a supervised field experience with children in grades K-6 who have an identified disability. The course will emphasize evidence-based practices and techniques presented in SE 321. Students will participate in IPE development, lesson planning, and instruction. Must be taken concurrently with SE 321. Prerequisites: SE 310 and SE 315.

SE 345 Behavior Management/2

This course addresses culturally sensitive methods for preventing and intervening with problem behavior. Topics include school-wide discipline systems classroom management, social skills instruction, student support meetings (Module A) and functional analysis, non-aversive intervention, and behavior intervention plans (Module B).

SE 359 Methods for Facilitating Child Development/2

This class deals with methods for facilitating the development of infants, toddlers, children, or youth with at-risk conditions or disabilities. It is intended for upper-level undergraduates or practicing professionals in a child-related field.

SE 361 Grades 6-12 Methods for Special Needs/4

This course addresses IEP implementation, including transition components. Emphasis is on self-determination, self-advocacy, career awareness, and post-school options in specific outcome areas. Topics of study include curriculum standards, lesson planning, basic skills instruction, learning strategies, adapting methods, materials and assessments, positive behavior supports, and progress monitoring. Must be taken concurrently with SE 371. Prerequisites: SE 310 and SE 315.

SE 371 Grades 6-12 Field Experience/1

This course is a supervised field experience with children in grades 5-12 who have an identified disability. The course will emphasize evidence-based practices and techniques presented in SE 361. Students will participate in IEP development, lesson planning, and instruction. Must be taken concurrently with SE 361. Prerequisites: SE 310 and SE 315.

SE 380 Topics in Special Education (variable secondary title)/1

This course will focus on bringing the students up to date on current methods, changes in the field of special education, and new information related to the characteristics of children and youth with special needs. Prerequisite: consent of advisor.

SE 381 Grades K-12 Functional Resources/4

This course focuses on building an understanding of how to plan and implement effective instruction for students with functional learning needs. Topics of study include service delivery options, personal profile assessments, community-based instruction, principle of partial participation, student instruction matrix, complex health, physical and emotional needs, related service providers, and social networks. This course includes a supervised field experience.

SE 431 Grades K-6 Clinical Experience/5-6

This course is a supervised teaching experience with a special educator who provides services for elementary-level students with adaptive learning needs. The pre-service teacher will work collaboratively with the cooperating special educator, families, and school team members to apply research-based knowledge of assessment, instruction aligned to IEP goals, and positive behavioral supports. Emphasis is on reflective, culturally sensitive practice. Prerequisites: SE 210, 310, 315, 345, 321 and 331. Concurrent or subsequent semester: SE 499.

SE 433: Grades K-6 Internship/4-6

This course is a supervised teaching experience with an on-site mentor who provides or supervises services for elementary-level students with adaptive learning needs. Emphasis is on application of research-based content knowledge and pedagogy and reflective, culturally sensitive practice. This internship is designed for practicing teachers adding grades K-6 adaptive endorsement or for students who have completed a special education clinical experience. Prerequisites: SE 210, 310, 315, 345, 321 and 331. Concurrent or subsequent semester: SE 499.

SE 453 Grades 5-8 Internship/4-6

This course is a supervised teaching experience with an on-site mentor who provides or supervises services for middle-level students with adaptive learning needs. Emphasis is on application of research-based content knowledge and pedagogy and reflective, culturally sensitive practice. This internship is designed for practicing teachers adding grades 5-8 adaptive endorsement or for students who have completed a special education clinical experience. Prerequisites: SE 210, 310, 315, 345, 321, 331, 361 and 371. Concurrent or subsequent semester: SE 499.

SE 471 Grades 6-12 Clinical Experience/5-6

This course is a supervised teaching experience with a special educator who provides services for secondary-level students with adaptive learning needs. The pre-service teacher will work collaboratively with the cooperating special educator, families, and school team members to apply research-based knowledge of assessment, instruction aligned to IEP goals, and positive behavioral supports. Emphasis is on reflective, culturally sensitive practice. Prerequisites: SE 210, 310, 315, 345, 361 and 371. Concurrent or subsequent semester: SE 499.

SE 473 Grades 6-12 Internship/4-6

This course is a supervised teaching experience with an on-site mentor who provides or supervises services for secondary-level students with adaptive learning needs. Emphasis is on application of research-based content knowledge and pedagogy and reflective, culturally sensitive practice. This internship is designed for practicing teachers adding grades 6-12 adaptive endorsement or for students who have completed a special education clinical experience. Prerequisites: SE 210, 310, 315, 361 and 371. Concurrent or subsequent semester: SE 499.

SE 499 Capstone Issues/1

This course is designed to provide students with an opportunity to reflect on their clinical experience or internship and profession role with peers, ACCK faculty, and special educators. Topics of discussion include professionalism, ethical issues, advocacy, diversity, and resources. Prerequisites: SE 210, 310, 315, 345, 321 and 331 or 361 and 371. Concurrent or previous semester: SE 431 or SE 471.

SE 550 Topics in Special Education: Topic G:Current Issues in Special Education/1 graduate

This course is designed to be taken by the practicing teacher returning for endorsement in special education or adding an adaptive endorsement to an existing endorsement in special education. It will be taken in lieu of SE 310 for those that meet the qualification of three years of teaching children or youth with special needs, a letter documenting satisfactory performance, and a copy of teaching license and transcripts. This course will focus on bringing the candidates up to date on current laws, changes in the field of special education, and new information related to the characteristics of children and youth with special needs.

TABOR COLLEGE INTRODUCTORY AND INTERDISCIPLINARY COURSES

TC 100 Chapel/0

Chapels provide the community a shared opportunity to integrate faith, learning, and living through speakers, drama, music, and videos. Each chapel focuses on specific issues and ideas important to the college community ranging from issues related solely to our campus to broad world issues. One of the objectives is to provide the Tabor College community an opportunity to meet together for the purpose of developing a spirit of unity. Chapels are held every Monday and Wednesday mornings and occasionally on evenings and weekends. Enrollment in chapel is required for all full-time Tabor students each semester of attendance.

TC 101-G Introduction to the Tabor Experience/1

An experience-based course designed to help first-time freshmen make a positive adjustment to and assimilation into the Tabor College experience by providing a social context for reflection and interaction on issues pertaining to the transition to college. This will be accomplished through small and large group sessions, readings, journaling and out-of-class activities. Required of first-time freshmen. Graded CR/NC. Fall semester.

TC 102 College Skills Seminar/1

This course seeks to help students acquire and develop specific skills for success in college through instruction and practice of skills such as time management, reading techniques, note taking, exam strategies, memory strategies, relating with professors, library usage, computer usage, writing papers, critical thinking, and study groups. Students will also be given the opportunity to consider motivational issues related to their success in college. Graded CR/NC. Offered as a first or second seven week course each semester. Students on Academic Probation are required to enroll in the first seven week term.

TC 103 Career Planning Seminar/1

This course seeks to help students discover and develop their own life purposes (even if tentative) and determine ways to carry out their life purposes by choosing a career and planning a path into that career. This will be accomplished through (1) discovering and articulating personal values, temperament, experiences, interests, beliefs, abilities, talents, and gifts as related to career choice; (2) guided exercises in seeking the will of God; (3) understanding the world of work and exploring possible careers; and (4) learning specific job search skills. Graded CR/NC. Second seven weeks of Fall semester; second seven weeks of Spring semester.

TC 310-G College, Christianity and Culture/1

The Christian liberal arts tradition will be explored and students will be encouraged to see their college experience and subsequent vocation in the context of God's redeeming work in the world. This course is required for all new transfer students (during their first semester) and is intended to aid students in their transition to Tabor College. Fall and Spring semesters.

Presidential Leadership Scholarship Program: Leadership Laboratory Mosaic

The Presidential Leadership Scholarship program is a Leadership Laboratory Mosaic is a four year, eight semester program. There are eight different courses that the students will enroll in during the four years:

TC 201 Leadership Basics/0-1

TC 202 Leadership Persona/0-1

TC 203 Self Leadership/0-1

TC 204 Leadership Semiotics/0-1

TC 401 Leading Change/0-1

TC 402 Leading Others/0-1

TC 403 Leadership Hindrances/0-1

TC 404 Leadership Legacy/0-1

Each of the courses receiving one credit hour are for those students that are considered "leadership scholars" and have received the Presidential Leadership Scholarship. Students who are leadership scholars need to enroll for 1 credit hour. Each course is designed around a leadership development mentoring question that will be discussed and explored. Class activities and assignments will provide insight to the questions. The course will meet once a month for a four hour block, engage in online asynchronous activities, and participate in excursions. The students will learn to lead and lead well. Emphasis will be placed on leading from the inside out, leadership as semiotics, the study of leaders, and the leadership encounter, with a focus on personal leadership development. Each Scholar will receive an iPad which will be used in all their course work.

SPECIAL COURSES

Seminars 220/420.

Seminars provide groups of students the opportunity to do research under supervision. They may be offered on demand in any discipline.

Topics 250/450/550.

Topics courses are those not offered on a regular basis and not listed in the catalog.

Travel and Study Experiences 295/495-G, 296/496-G.

Various departments sponsor learning and service experiences off campus that fulfill the Intercultural Awareness requirement (see Intercultural Awareness in the Academic Programs section of this catalog). The department sponsoring the trip is responsible for obtaining the approval of other departments when course prefixes from those departments are used. Course sub-titles are used on the schedule to indicate the location of the experience, e.g., "Travel and Study Experience: Mexico." International trips are numbered 295/495-G; domestic trips are numbered 296/496-G.
