On September 13, 1772 his Royal Majesty of Prussia took possession of so-called Polish Prussia as its inheritance and from this date Marienburg had to pay homage to and came under the jurisdiction of the royal Prussian government and this area became known as West Prussia. As a result of the high orders of a royal West Prussian war ministry and Domain-Camer in Marienwerdeer, we began on November 11 to record the marriages, births, deaths, and communicants of our church. The great God, who holds the hearts of kings and lords in his Hand, grant that we under the wise government as Israel did in the time of Solomon, may live in peace, each under his fig tree and vine without fear, and live out our faith in quietness and respectability according to our conscience and witness. Yes, that the names of all those unworthy servants here recorded may be written by God in heaven in the Book of Life.
