**How to download Microsoft Office Products for free (Microsoft Word, PowerPoint, etc.)**
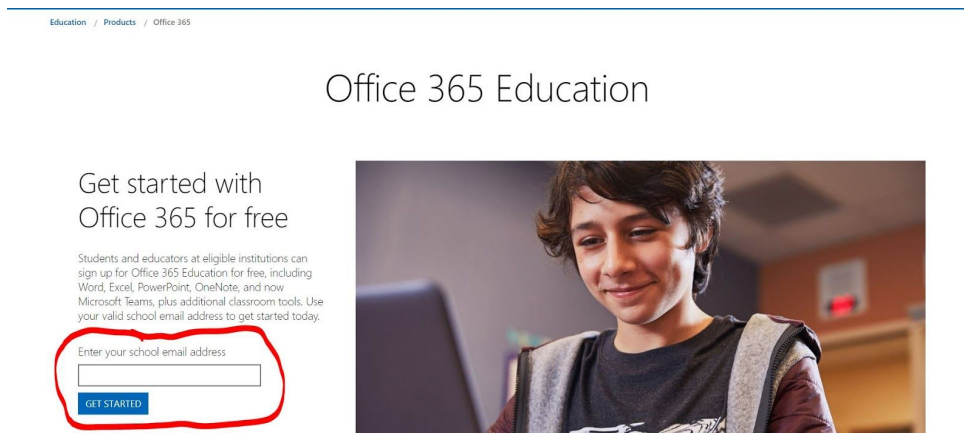

1. Go to office.com

2. Click on "Buy Office 365"

3. On the left-hand side of the page click on "Office for students & educators"

4. Enter your Tabor email address

5. Select "student"

6. Create an account. A code will be sent to your Tabor email. You will need to enter this code during this process.

7. Once you create your account you will be brought to this page. Once you are here you can access the Microsoft products online or download them to your computer. To download to your computer click "Install Office" and follow the instructions. Once complete, the products will be on your computer and ready to use!
