TABOR COLLEGE
Tabor Fund

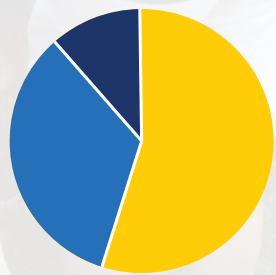

What is the Tabor Fund?

The Tabor Fund provides support to students through scholarships and textbooks, as well as support for operational expenses.

The Tabor Fund goal this year is \$1.1 million by June 30th. The dollars raised will assist our students and the College in the following ways:

■	Scholarships	\$600,000.00 (55%)
■	Textbooks	\$365,000.00 (33%)
■	Operations	\$135,000.00 (12%)

Scholarships

The Tabor Fund provides scholarships to assist students with their tuition costs. Donors increase these valuable scholarships by contributing gifts to the Tabor Fund. These contributions are important to the continuing education and success of our students.

100% of our students receive institutional scholarships in the form of academic, performing arts and athletic aid. Last year Tabor awarded \$9.4 million in financial aid. *When you give to the Tabor Fund, it impacts the lives of students.*

Textbooks

In recent years Tabor has observed more students struggling with textbook pricing and some choosing to opt out. Unfortunately, this national trend also impacts students' academic performance and persistence in college.

Because of these concerns, Tabor is buying textbooks for all students to assure everyone on campus can be prepared for and as successful as possible in their classes. Your gifts to the Tabor Fund will cover this essential cost for our Hillsboro undergraduate students. This provision will help students pursue academic excellence.

Operations

Annual funds are needed to help cover the cost of running the College beyond what Tabor collects in tuition revenue.

Tabor knows how to stretch a dollar, but sometimes that elasticity reaches a limit. Routine and unexpected expenses occur and *your gifts to the Tabor Fund, help assure the essential operations and services of the College continue to benefit our students, faculty and staff.*
