Citizenship

The U.S. Department of Education matches the data reported on the FAFSA to other federal databases to verify items such as citizenship and social security information. This process is called a federal edit. The Department's federal processor has notified the Tabor College Wichita Financial Aid Office that you have not passed the federal edit for social security, citizenship, or both of these items.

Because there are a variety of reasons why you may have failed one or more of the federal edits, we are providing this form to assist you in submitting the documents that Tabor College Wichita must collect to correct or verify your data. This form is to be used to document your citizenship with the Tabor College Wichita Financial Aid Office. The form you are required to submit is printed on page one of this form and an explanation is included below.

U.S. Citizenship Confirmation

The federal edit for U.S. Citizenship also compares your information, as described in the Citizenship section above, to the Social Security Administration's database for citizenship matches. If you are a naturalized citizen, but never notified the Social Security Administration of your change in citizenship status, you will be flagged to provide your citizenship documents to your school.

You should visit your local Social Security Administration branch office and update your citizenship to avoid this edit in future. If you have always been a citizen, but the name you are using has changed over the years and was never updated with the Social Security Administration, you may also have failed the social security number edit and have to provide your social security card, as well as citizenship documentation.

For more information and to find copies of publications, visit the Social Security Administration website at www.socialsecurity.gov or call toll-free, 1-800-772-1213 (for the deaf or hard of hearing, call our TTY number, 1-800-325-0778). All calls confidential. The office answers specific questions from 7 a.m. to 7 p.m., Monday through Friday. Generally, you'll have a shorter wait time if you call during the week after Tuesday. They provide information by automated phone service 24 hours a day.
