

## **Facilities Trades Specialist – HVAC and Electrician**

Tabor College seeks an experienced Trades Specialist to perform HVAC and Electrical Maintenance and Repair. This individual is to be supportive of Tabor College's mission, vision and core values, and a desire to serve God and people with one's life work. This is a full-time position with the ability to work overtime.

### **Requirements:**

Candidates with the ability to perform routine and significant HVAC and electrical maintenance and repair, troubleshoot HVAC and electrical systems, maintain inventory, promote and practice safety standards, and collaborate with other trades are encouraged to apply.

### **Qualifications:**

Experienced in residential and commercial HVAC, and electrical trade.

EPA refrigerant handling certification.

Experience in plumbing and refrigeration preferred but not required.

Physical ability to lift up to approximately 70 lbs., work at heights, walk up steps and ladders, and operate equipment.

To apply or receive a full job description: Please send Cover Letter and Resume to Alex Wiens, Tabor College, 400 S. Jefferson St., Hillsboro, KS 67063 or [tchumrec@tabor.edu](mailto:tchumrec@tabor.edu)

Tabor College is an Equal Opportunity Employer operating under the auspices of the Mennonite Brethren Churches of the United States. It complies with all applicable non-discrimination laws. Women and Minority candidates are strongly encouraged to apply.
